RITUALS of BLOOD

CONSEQUENCES OF
SLAVERY IN TWO AMERICAN

Rituals Of Blood Consequences Of Slavery In Two American Centuries

Richard J. Mouw, Douglas A. Sweeney

Rituals Of Blood Consequences Of Slavery In Two American Centuries:

Rituals Of Blood Orlando Patterson, 1999-12-10 In the first essay Patterson analyzes the very latest survey data to delineate the different attitudes behaviors and circumstances of Afro American men and women dissecting both the external and internal causes for the great disparities he finds In the second essay Patterson focuses on the lynching of Afro American boys and men during the decades after Reconstruction particularly on the substantial number of cases that constituted apparent ritual human sacrifice As no one has done before Patterson reveals how the complex interplay between Christian sacrificial symbolism and the deep recesses of post bellum Southern culture resulted in some of the most shameful barbaric events in American history The third essay brings us into the late twentieth century with an investigation of the various images of Afro American men portrayed by the media From the demigod Michael Jordan to the demon Colin Ferguson to the demigod turned demon O J Simpson and the crossers of racial and gender boundaries Michael Jackson and Dennis Rodman all contribute to the cultural complications of our contemporary society Rituals of Blood advances Patterson s new model of ethnic relations that opens American society to a new and freer dialogue

Black Masculinity and Sexual Politics Anthony J. Lemelle, Jr., 2010-04-26 African American males occupy a historically unique social position whether in school life on the job or within the context of dating marriage and family Often their normal role expectations require that they perform feminized and hypermasculine roles simultaneously This book focuses on how African American males experience masculinity politics and how U S sexism and racial ranking influences relationships between black and white males as well as relationships with black and white women By considering the African American male experience as a form of sexism Lemelle proposes that the only way for the social order to successfully accommodate African American males is to fundamentally eliminate all sexism particularly as it relates to the organization of families

Bound in Wedlock Tera W. Hunter, 2017-05-08 Tera W Hunter offers the first comprehensive history of African American marriage in the nineteenth century and into the Jim Crow era She reveals the practical ways couples adopted adapted or rejected white Christian ideas of marriage creatively setting their own standards for conjugal relationships under conditions of uncertainty and cruelty

Anarchy and Legal Order Gary Chartier, 2013 This book elaborates and defends law without the state It explains why the state is illegitimate dangerous and unnecessary

Slaves and Religions in Graeco-Roman Antiquity and Modern Brazil Dick Geary, Stephen Hodkinson, 2012-03-15 Slaves have never been mere passive victims of slavery Typically they have responded with ingenuity to their violent separation from their native societies using a variety of strategies to create new social networks and cultures Religion has been a major arena for such slave cultural strategies Through participation in religious and ritual activities slaves have generated important elements of identity shared humanity and even resistance within their lives This volume presents papers from a conference of the University of Nottingham s Institute for the Study of Slavery the only UK centre studying its history from antiquity to the present It breaks new ground by juxtaposing slave strategies within the diverse

religious cultures of Graeco Roman antiquity and modern Brazil After a wide ranging historiographical survey eleven experts examine how in both societies slave religious activities involved both constraints and opportunities shedding particular new light on the neglected religious strategies of Graeco Roman slaves *W. E. B. Du Bois, American Prophet* Edward J. Blum, 2007-06-26 Biography of civil rights activist W E B Du Bois which argues that despite his often being labeled an atheist his religious and spiritual insights are actually central to understanding his political and intellectual work Neglected Social Theorists of Color Corey Tillman, David R. Dickens, C.C. Herbison, 2022-10-12 Neglected Social Theorists of Color Deconstructing the Margins provides a novel contribution to the ongoing debates concerning the canon in contemporary sociological theory In particular the editors argue that many scholars whose work may hold significant potential for contributions to contemporary debates in social theory go unrecognized Still others while not completely ignored have fallen victim to a cultural and political climate not receptive to their work Feminist scholars have been in the forefront of these debates arguing that many insightful social theorists have been marginalized because of their gender More recently studies of individual theorists of color have appeared but these have been limited to African American scholars such as W E B Du Bois In the present text the editors extend this approach to include a broad diversity of theorists of color including those of African American Afro Caribbean Latinx Asian Asian American and Native American backgrounds In addition the editors also include the work of authors who come from academic fields outside of sociology and others who are journalists activists or independent writers The work has a unique format where the authors of each chapter provide a theoretical analysis of their subject and a discussion of the contemporary significance of their work lending to a rich discussion of underappreciated sociological scholars *The Suffering and Victorious Christ* Richard J. Mouw, Douglas A. Sweeney, 2013-10-15 American theologians tend to focus on the great hope Christians have through Christ s resurrection emphasizing Christ s victory while minimizing or ignoring his suffering Through their engagements with Japanese Christians and African American Christians on the topic of Christology Richard Mouw and Douglas Sweeney have come to recognize and underscore that Christ offers hope not only through his resurrection but also through his incarnation The authors articulate a more compassionate and orthodox Christology that answers the experience of the global church offering a corrective to what passes for American Christology today The book includes an afterword by Willie James Jennings of Duke Divinity School Inhuman Bondage David Brion Davis, 2008-06-05 Davis begins with the dramatic Amistad case and then looks at slavery in the American South and the abolitionists who defeated one of human history s greatest evils **The Past as Present in the Drama of August Wilson** Harry Justin Elam, 2009-05-21 Pulitzer prizewinning playwright August Wilson author of *Fences* *Ma Rainey s Black Bottom* and *The Piano Lesson* among other dramatic works is one of the most well respected American playwrights on the contemporary stage The founder of the Black Horizon Theater Company his self defined dramatic project is to review twentieth century African American history by creating a play for each decade Theater scholar and critic Harry J Elam

examines Wilson's published plays within the context of contemporary African American literature and in relation to concepts of memory and history, culture and resistance, race and representation. Elam finds that each of Wilson's plays recaptures narratives lost, ignored or avoided to create a new experience of the past that questions the historical categories of race and the meanings of blackness. Harry J. Elam Jr. is Professor of Drama at Stanford University and author of *Taking It to the Streets: The Social Protest Theater of Luis Valdez and Amiri Baraka*. The University of Michigan Press.
