Romans de Waverley: La Collection Complète Walter Scott, 2023-12-03 La collection complète des Romans de Waverley de Walter Scott constitue un jalon majeur dans la littérature britannique du début du XIXe siècle Ces romans mêlant aventures piques et réflexions sur l'identité nationale écossaise sont écrits dans un style riche et vocateur caractéristique du romantisme naissant L'œuvre prend place dans un contexte littéraire où la nostalgie pour le passé médiéval et les luttes politiques de l'Écosse se revivent omniprésentes et Scott s'applique à lier fiction et histoire plongeant le lecteur dans une ambiance à la fois captivante et didactique Walter Scott souvent considéré comme le père du roman historique a été profondément

influencé par son attachement à la cosse et par une vie baignée dans les légendes et les histoires locales. Son parcours entre études de droit et engagements dans la vie publique l'a conduit à privilégier une vision romantique et idéaliste de son pays natal qu'il exprime à travers ses personnages et ses intrigues pluridimensionnelles. Il souhaitait ainsi veiller chez ses contemporains une sensibilité pour leur héritage culturel. Je recommande vivement cette collection non seulement pour la beauté de l'écriture de Scott mais aussi pour sa capacité d'offrir un miroir sur la France cossaise. Les lecteurs y trouveront un mélange fascinant d'intrigues palpitantes et de réflexions sur la culture et l'identité rendant cette œuvre incontournable pour quiconque s'intéresse à la littérature historique et au romantisme.

Imperial Tragedy Michael Kulikowski, 2019-10-03. For centuries Rome was one of the world's largest imperial powers its influence spread across Europe North Africa and the Middle East its military force successfully fighting off attacks by the Parthians Germans Persians and Goths. Then came the definitive split the Vandal sack of Rome and the crumbling of the West from Empire into kingdoms first nominally under Imperial rule and then one by one beyond it. *Imperial Tragedy* tells the story of Rome's gradual collapse. Full of palace intrigue religious conflicts and military history as well as details of the shifts in social religious and political structures *Imperial Tragedy* contests the idea that Rome fell due to external invasions. Instead it focuses on how the choices and conditions of those living within the empire led to its fall. For it was not a single catastrophic moment that broke the Empire but a creeping process by the time people understood that Rome had fallen the west of the Empire had long since broken the Imperial yoke.

Romans de Waverley (Collection Complète - 23 Romans Historiques) Walter Scott, 2023-12-10. Les *Romans de Waverley* de Walter Scott constituent une collection marquante de vingt-trois romans historiques qui plongent le lecteur dans les tumultes de la France du XVIII^e siècle. Scott, pionnier du roman historique, adopte un style narratif riche et vocateur maîtrisant habilement la fiction des événements et figures historiques. La prose de Scott, parfois lyrique, offre une immersion dans des paysages, des coutumes et des conflits sociaux rendant ainsi son œuvre non seulement divertissante mais également pédagogique dans la compréhension des mentalités cossaises. Le contexte littéraire de cette œuvre dominante coïncide avec le début du romantisme, un mouvement qui valorise la nature, l'histoire et le folklore traditionnellement sous-représentés dans la littérature britannique antérieure. Walter Scott, né en 1771 à Dundee, est souvent considéré comme le père du roman historique. Fort de ses origines cossaises et d'une profonde connaissance de l'histoire de son pays, il avait pour vocation d'explorer les thèmes de l'identité nationale et du passé perdu. Ses expériences personnelles, y compris ses voyages et sa formation en droit, alimentent sa capacité de peindre des personnages complexes et des intrigues captivantes alliant passion et raison. Scott, en tant qu'historien et écrivain, a contribué à revitaliser l'intérêt pour le passé cossais à travers cette collection. Je recommande vivement la lecture des *Romans de Waverley* non seulement pour leur richesse narrative mais également pour leur importance dans le développement du roman historique. Les récits de Scott offrent une perspective unique sur la France ancienne, les tensions politiques et les luttes culturelles faisant de chaque roman un miroir de la France cossaise. En plongeant dans ces récits, les lecteurs découvriront non seulement des histoires

fascinantes mais aussi un regard critique sur le passage du temps et l'évolution des sociétés Magazine littéraire, 2003

Near Eastern Royalty and Rome, 100-30 Bc Richard D. Sullivan, 1990-12-15 During the first century BC the Near and Middle East saw a great transition from the Seleucid and Ptolemaic Empires by way of the brief Pontic and Armenian Empires to the triumphant Parthian and Roman Empires. Richard D. Sullivan offers a guide to the central role of royalty during this period. He provides through narrative and citations a context for the frequent references to Eastern kings and queens by Caesar, Cicero, Strabo, Josephus, Tacitus, Appian, Dio and others. He also discusses related inscriptions, coins and papyri. Sullivan focuses on the personnel of the many dynasties which ruled the Near and Middle East from Thrace through Asia Minor and the Levant to Egypt, then eastward to Armenia, Mesopotamia and Parthia. He studies such famous figures as Mithradates, Eupator, Cleopatra and Herod the Great, as well as others now obscure. To locate them properly, he provides a narrative history of each dynasty and draws them together in a coherent account of Eastern royal governance and its accommodations with Rome and Parthia. *The Literary World*, 1853 The Antiquities of Hastings and the Battlefield

Gender in Solomon's Song of Songs

Alastair Ian Haines, 2016-12-14 The thesis shows that the Song of Songs can be read as a circular sequence of sub poems that follow logically from one another if they are understood as contributing to two main points made in a woman's voice. The woman urges men to take romantic initiative to be committed exclusively and for life and urges women three times to wait until they are approached by such men. If this reading is the best explanation of the text of the Song then the Song is a unified work centered on a woman singing about human romantic love from a woman's perspective.
