**World War II on Film** David Lührssen, 2020-11-09 *World War II on Film* examines the war through the lens of 12 films. The movies selected include productions made during World War II and in each succeeding decade providing a sense of how different generations perceive the war. *World War II on Film* provides a succinct yet well grounded appraisal of that war as seen through 12 representative films. The book separates fact from fiction showing where the movies were accurate and where they departed from reality and places them in the larger context of historical and social events. Each movie chosen represents a particular aspect of the conflict including the air war over Europe, the condition of prisoners of war, Nazi atrocities and the British evacuation at Dunkirk. Unlike most histories of Hollywood during World War II or the genre of war movies, *World War II on Film* examines in depth the relation between the depictions of events, beliefs, attitudes and ways of life as seen on film with reality as documented by historians or recorded by journalists or eyewitnesses to the war. The volume will appeal to high school and college readers as well as general interest readers and film buffs.

**Prisoners of the Home Front** Martin F. Auger, 2011-11-01 In the middle of the most destructive conflict in human history almost 40 000 Germans, civilians and prisoners of war were detained in internment and work camps across Canada. Five internment camps were located on the southern shores of the St. Lawrence River in the province of Quebec at Farnham, Grande Ligne, Leaux-Noix, Sherbrooke and Sorel. *Prisoners of the Home Front* details the organization and day to day affairs of these internment camps and reveals the experience of their inmates. Martin Auger shows how internment imposed psychological and physical strain in the form of restricted mobility, sexual deprivation, social alienation and lack of physical comfort. In response, Canadian authorities introduced labour projects and education programs to uphold morale, thwart internal turmoil and prevent escapes. These initiatives were also intended to expose prisoners to the values of a democratic society and prepare them for postwar reintegration. Auger concludes that Canada abided by the Geneva Convention; its treatment of German prisoners was humane. *Prisoners of the Home Front* sheds light on life behind barbed wire, filling an important void in our knowledge of the Canadian home front during the Second World War.
