advance **On the True Meaning of the Word Shin** ,1849 *Acorns: Windows High-Tide Foghat* Joshua Morris,2013-01-23 *Acorns* delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around *Character in the Short Prose of Ivan Sergeevič Turgenev* Sander Brouwer,2023-07-10 In this book the problem of literary character is investigated in a series of detailed analyses of short stories by I S Turgenev *Bezhin Lea* *Mumu* *A Journey into Poles* *The Dog* and *Punin* and *Baburin* Up until roughly the 1920 s in Russia before Formalism the approach to character in literary criticism was based on the implicit assumption that literary character somehow reflected characters in real life who were thought to have a fixed inner essence psychological and or ideological In post formalist structuralist studies on the other hand character as it were dissolved into the textual fabric of the work In this book the basic viewpoint of structuralist theory of character namely its exclusively textual nature is retained But in that case how is the structure of character in texts of the pre modernist era to be described in which the belief in the existence of an inner essence in actual as well as in fictional characters had hardly yet been shaken In order to tackle this problem the author turns to Roman Jakobson s idea taken up and developed by W Schmid and A Hansen L ve that the meaning of a work of literature is generated by the interaction of paradigmatic and syntagmatic mechanisms The image of character in Turgenev s stories is the result of devices characteristic of narrative as well as of verbal art It is partly created with the help of leitmotifs that form sequences of equivalences and of intertextual references Thus social representation is supplemented by lyrical and philosophical overtones Comparable observations have been made by V M Markovic 1982 on Turgenev s novels as well as on those by Pu kin Gogol and Lermontov For the assessment of intra and intertextual equivalences it has been found of great importance to pay more attention than is usually done to folkloric connotations of details in Turgenev s fictional world Thus new layers of meaning can be uncovered in stories that have been considered well studied and a first ever interpretation is given of *The Dog* a story traditionally regarded as incomprehensible
