

Rivers Of Gold

Pasquale De Marco

Rivers Of Gold:

Rivers of Gold Adam Dunn,2010-09-28 Detective Sixto Santiago goes after a criminal visionary and his network of drug dealers in the gritty New York City of 2013 during the Second Great Depression amidst race riots massive unemployment worthless currency and a broken government

Rivers of Gold Tracie Peterson,2002 Set in the Yukon frontier during the gold rush this historical saga finds one woman searching for her friends after a terrible accident

Rivers of Gold Hugh Thomas,2013-11-20 From one of the greatest historians of the Spanish world here is a fresh and fascinating account of Spain s early conquests in the Americas Hugh Thomas s magisterial narrative of Spain in the New World has all the characteristics of great historical literature amazing discoveries ambition greed religious fanaticism court intrigue and a battle for the soul of humankind Hugh Thomas shows Spain at the dawn of the sixteenth century as a world power on the brink of greatness Her monarchs Fernando and Isabel had retaken Granada from Islam thereby completing restoration of the entire Iberian peninsula to Catholic rule Flush with success they agreed to sponsor an obscure Genoese sailor s plan to sail west to the Indies where legend purported gold and spices flowed as if they were rivers For Spain and for the world this decision to send Christopher Columbus west was epochal the dividing line between the medieval and the modern Spain s colonial adventures began inauspiciously Columbus s meagerly funded expedition cost less than a Spanish princess s recent wedding In spite of its small scale it was a mission of astounding scope to claim for Spain all the wealth of the Indies The gold alone thought Columbus would fund a grand Crusade to reunite Christendom with its holy city Jerusalem The lofty aspirations of the first explorers died hard as the pursuit of wealth and glory competed with the pursuit of pious impulses The adventurers from Spain were also of course curious about geographical mysteries and they had a remarkable loyalty to their country But rather than bridging earth and heaven Spain s many conquests bore a bitter fruit In their search for gold Spaniards enslaved Indians from the Bahamas and the South American mainland The eloquent protests of Bartolom de las Casas here much discussed began almost immediately Columbus and other Spanish explorers Cort s Ponce de Le n and Magellan among them created an empire for Spain of unsurpassed size and scope But the door was soon open for other powers enemies of Spain to stake their claims Great men and women dominate these pages cardinals and bishops priors and sailors landowners and warriors princes and priests noblemen and their determined wives Rivers of Gold is a great story brilliantly told More significant it is an engrossing history with many profound often disturbing echoes in the present

Rivers of Gold and Tears Pasquale De Marco,2025-05-03 Rivers of Gold and Tears by Pasquale De Marco is a journey through the history of the orchard industry in the American West a story of hope hard work and resilience From the early days of homesteading to the challenges of the Great Depression and the war years the orchardists of the West persevered building a thriving industry that would shape the region for generations to come Rivers of Gold and Tears is also a story of the people who worked the orchards the men and women who planted the trees harvested the fruit and built the communities that grew up around the

industry Their stories are filled with both joy and sorrow triumph and heartbreak They are the stories of people who loved the land and the life they had built and who were willing to fight to preserve it More than just a history of the orchard industry Rivers of Gold and Tears is a celebration of the beauty of the American West a land of vast open spaces towering mountains and sparkling rivers The book captures the spirit of the pioneers who settled the West and the resilience of the people who continue to live and work there today In Rivers of Gold and Tears Pasquale De Marco weaves together the stories of the people and the land creating a rich tapestry that is both informative and inspiring The book is a must read for anyone who loves history the American West or simply a good story well told Rivers of Gold and Tears is divided into ten chapters each of which tells a different aspect of the story of the orchard industry in the American West The chapters cover a wide range of topics from the early days of homesteading to the challenges of the Great Depression and the war years The book also includes a chapter on the people who worked the orchards and a chapter on the environmental impact of the industry Rivers of Gold and Tears is a valuable resource for anyone who wants to learn more about the history of the orchard industry in the American West The book is also a beautiful and inspiring read and one that will stay with you long after you finish it If you like this book write a review on google books

Rivers of Gold, Lives of Bondage Sherwin K. Bryant, 2014-11-17 In this pioneering study of slavery in colonial Ecuador and southern Colombia Spain's Kingdom of Quito Sherwin Bryant argues that the most fundamental dimension of slavery was governance and the extension of imperial power Bryant shows that enslaved black captives were foundational to sixteenth century royal claims on the Americas and elemental to the process of Spanish colonization Following enslaved Africans from their arrival at the Caribbean port of Cartagena through their journey to Quito Bryant explores how they lived during their captivity formed kinships and communal affinities and pressed for justice within a slave based Catholic sovereign community In Cartagena officials branded African captives with the royal insignia and gave them a Catholic baptism marking slaves as projections of royal authority and majesty By licensing and governing Quito's slave trade the crown claimed sovereignty over slavery new territories natural resources and markets By adjudicating slavery royal authorities claimed to govern not only slaves but other colonial subjects as well Expanding the diaspora paradigm beyond the Atlantic Bryant's history of the Afro Andes in the early modern world suggests new answers to the question what is a slave

Rivers of Blood, Rivers of Gold Mark Cocker, 2001 The past five centuries have witnessed a shocking series of confrontations between European nations and millions of indigenous peoples and these cultural encounters still resonate strongly to this day Rivers of Blood Rivers of Gold is an essential book for understanding the true impact of imperialism Beautifully and passionately written it provides a judicious and exhaustively researched indictment of European exploitation Focusing on four collisions between Europeans and indigenous cultures the conquest of Mexico the British onslaught on the Tasmanian Aborigines the uprooting of the Apaches and the German campaign against the tribes of Southwest Africa Mark Cocker illuminates the fundamental experiences that underlay the colonial experience around the

globe Beyond making a persuasive and balanced case against colonialism Cocker also sustains a riveting often harrowing story Rivers of Blood Rivers of Gold is narrative history in its most impressive form engaging accessible and thought provoking Rivers of Gold Hugh Thomas,2003 A history of Spain s first thirty years in the Americas traces Columbus s famous pioneering voyage through Magellan s first circumnavigation of the earth in an account that offers insight into the period s political climate and profiles the era s monarchs and explorers 20 000 first printing **Streams of Gold, Rivers of Blood** Anthony Kaldellis,2017-06-07 A long overdue and thrillingly paced narrative of one of the most dramatic periods in Medieval history Streams of Gold Rivers of Blood provides an engaging chronicle of the various imperial upheavals from the conquests of Basil to the collapse of Constantinople concluding with the First Crusade *Mountains of Silver and Rivers of Gold* Ann Neville,2007-01-24 The traditional picture of the Phoenicians in Iberia is that of wily traders drawn there by the irresistible lure of the fabulous mineral wealth of the El Dorado of the ancient world However a remarkable series of archaeological discoveries starting in the 1960s have transformed our understanding of the Phoenicians and allow us to glimpse a picture of life in the Far West that is far richer and more complex than the traditional mercantile hypothesis Drawing on literary and archaeological sources this books offers an in depth analysis of the Phoenicians in Iberia their settlements material culture contacts with the local people and activities agricultural and cultural as well as commercial It concludes that the Phoenician presence in Iberia gave rise to a truly western form of Phoenician culture one that was enriched and drew from contacts with the local population forming a characteristic identity still visible on the arrival of the Romans in the Peninsula *River of Gold--Precolumbian Treasures from Sitio Conte* Pamela Hearne,University of Pennsylvania. University Museum,1992 In 1940 the Museum sponsored excavations at the necropolis of Sitio Conte on the Pacific coastal plain 100 miles southwest of Panama City The cemetery had been used by the local elite and their subordinates for over seven hundred years until its abandonment during the tenth to twelfth centuries A D The focus is on Burial 11 whose main occupant was buried with fantastic gold objects Included are essays on the excavations the goldworking techniques and the significance of the decorative motifs as well as a catalogue of the gold objects Illustrations include many color photographs along with archival photographs of the original excavations
