J.-K. Huysmans Ruth Antosh, 2024-07-06 A critical biography of a major novelist and art critic from the late nineteenth century French decadent movement J K Huysmans 1848 1907 is often hailed as a forerunner of modernist letters While his novel *reOURS* Against Nature remains infamous for its reclusive protagonist retreating into a realm of artifice and dreams Huysmans's literary contributions are far reaching Ruth Antosh explores Huysmans's life and work illustrating how both reflect an uneasy era of profound social and artistic change In this context Huysmans's correspondence early fiction art criticism and surrealist novel *En rade* Stranded demand greater critical attention Antosh argues that Huysmans's life should be understood as an unwavering quest for spiritual and aesthetic fulfillment [Report on the Island of Porto Rico](#) Henry K. Japan's Postwar Michael Lucken, Anne Bayard-Sakai, Emmanuel Lozerand, 2013-03-01 Historical surveys of postwar Japan are usually established on the grounds that the era is already over interpreting postwar to be the years directly proceeding World War II However the contributors to this book take a unique approach to the concept of the postwar epoch and treat it as a network of historical time frames from the modern period and connect these time capsules to the war to which they are inextricably linked The book's strength is in its very interdisciplinary approach to examining postwar Japan and as such it includes chapters centred on subjects as diverse as politics poetry philosophy economics and art which serve to fill the blanks in the collective cultural memory that historical narratives leave behind Originally published in French this new translation offers the English speaking world important access to a major work on Japan which has been greatly enriched by the translator's great accuracy and knowledge of English French and Japanese language history and culture Japan's Postwar will appeal to students and scholars of Japanese Studies and Modern Japanese History as well as historians studying the world after 1945
