Wood, 2017-12-15 Excerpt from The Road to Prosperity A Treatise on Political Economy At the present time hundreds of thousands of families are suffering greatly through the want of employment which would not be the case if prosperity existed Many apparently intelligent persons seem to think that if we write and talk prosperity it is sure to follow The writer is persuaded that it requires cause to produce effect and believing the present depression is occasioned by removable causes undertakes to point out remedies which would bring about the return of prosperous times and permanently establish them
