Robert De Niro And The Fireman:

Robert DeNiro and the Fireman Bill Cosgrove,1997 De Niro Shawn Levy,2015-10-27 REMARKABLE BIOGRAPHY OF AN ICON There s little debate that Robert De Niro is one of the greatest screen actors of his generation perhaps of all time if not in fact the greatest His work particularly in the first 20 years of his career is unparalleled Mean Streets the Godfather Part II Taxi Driver the Deer Hunter and Raging Bull all dazzled moviegoers and critics alike displaying a talent the likes of which had rarely if ever been seen De Niro became known for his deep involvement in his characters assuming that role completely into his own life resulting in extraordinary chameleonic performances Yet little is known about the off screen De Niro he is an intensely private man whose rare public appearances are often marked by inarticulateness and palpable awkwardness It can be almost painful to watch at times in powerful contrast to his confident movie personae In this elegant and compelling biography bestselling writer Shawn Levy writes of these many De Niros the characters and the man seeking to understand the evolution of an actor who once dove deeply into his roles as if to hide his inner nature and who now seemingly avoids acting challenges taking roles which make few apparent demands on his overwhelming talent Following De Niro s roots as the child of artists his father the abstract painter Robert De Niro Sr was widely celebrated who encouraged him from an early age to be independent of vision and spirit to his intense schooling as an actor the rise of his career his marriages his life as a father restaurateur and businessman and of course his current movie career Levy has written a biography that reads like a novel about a character whose inner turmoil takes him to heights of artistry His many friendships with the likes of Martin Scorsese Meryl Streep Harvey Keitel Shelley Winters Francis Ford Coppola among many others are woven into this extraordinary portrait of DeNiro the man and the artist also adding a depth of understanding not before seen Levy has had unprecedented access to De Niro s personal research and production materials creating a new impression of the effort that went into the actor s legendary performances The insights gained from DeNiro s intense working habits shed new perspective on DeNiro s thinking and portrayals and are wonderful to read Levy also spoke to De Niro s collaborators and friends to depict De Niro s transition from an ambitious young man to a transfixing and enigmatic artist and cultural figure Shawn Levy has written a truly engaging insightful and entertaining portrait of one of the most wonderful film artists of our time a book that is worthy of such a great talent The Films of Robert DeNiro Douglas Brode,2001 Film expert Douglas Brode offers a complete up to the minute examination of Robert De Niro s entire life and career including such memorable movies as Copland Cape Fear The Deer Hunter The Godfather Part II and Taxi Driver Color and b w illustrations

Untouchable: Robert De Niro Andy Dougan,2011-05-31 Andy Dougan draws on first hand interviews with some of De Niro s closest friends and colleagues The result is a revealing and sometimes startling account of an intensely private man While previous biographies of De Niro have only scraped the surface of his complex character this sensitive and perceptive portrayal lays bare the psychological and emotional scars that De Niro has sought to hide for so long **Chicago's**

Forgotten Tragedy Bill Cosgrove, 2010-09-22 Bill Cosgrove in his fourth and latest book graphically depicts the early history of the Chicago Fire Department with authoritative accuracy. He gives the reader an insight into how the Department was organized, how it functioned, the use of technology that was available at the time, and paints a vivid picture of the many great fires of the day. He also describes the tremendous physical stamina, dedication, and bravery of the firemen and the intrepid leadership of some of the officers. Bill provides the reader with a highly detailed story of the tragic stockyards fire of December 22, 1910, where 21 firemen lost their lives, including the Department's Chief of the Brigade, James Horan. This is such a fascinating account of the early history of the Chicago Fire Department that the reader will have great difficulty putting the book down until it is finished. A great read by a great story teller. Thoroughly enjoyable and fully factual. William C. Alletto, Deputy Fire Commissioner, Retired, Chicago Fire Department.

American Masculinity Under Clinton Brenton J. Malin, 2005 Whereas many of the men of Reagan's 80s seemed stereotypically hypermasculine, a host of 90s images suggest a new phase of more sensitive manhood. In the Clinton era, both academic and popular writers suggested that a crisis of masculinity had taken root, one that had men questioning traditional male ideas and seeking new identities. This book explores the conflicted ways in which this seemingly new climate of masculinity was negotiated. From Bill Clinton to The Promise Keepers and Titanic to Friends, a host of 90s heroes put this rhetoric of crisis to work to win elections, audience members, and ratings. *Serket's Movies* Cory Hamblin, 2009-11

The War on Terror Derek Paget, Stephen Lacey, 2015-05-22 This book explores the ways in which television has engaged directly and indirectly with the new realities of the post 9/11 world. It offers detailed analysis of a number of key programmes and series that engage with or are haunted by the aftermath of the events of September 11 in the USA and what is unavoidably through problematically and contentiously referred to as the resulting war on terror. The substantive part of the book is a series of independent chapters, each written on a different topic and considering different programmes. It includes series and single dramas representing the invasion of Iraq, The Mark of Cain, Occupation, and Generation Kill, comedic representations, Gary Tank, Commander, documentary, the BBC Panorama's coverage of 9/11, what if docudramas, Dirty War, 9/11 in popular series, CSI, NY, and representations of Tony Blair in drama and docudrama. The book concludes with an extended reflection on contemporary docudrama and an interview with filmmaker and docudramatist Peter Kosminsky.

Ron Howard Beverly Gray, 2023-08-22 Ron Howard, From Mayberry to the Moon and Beyond, the first full-length biography of Ron Howard, takes an in-depth look at the Oklahoma boy who gained national fame as a child star, then grew up to be one of Hollywood's most admired directors. Although many showbiz kids founder as they approach adulthood, Ron Howard had the advantage of brains, common sense, and two down-to-earth parents who kept him from having an inflated view of his own accomplishments. He also had a longstanding goal to trade the glare of the spotlight for a quieter but equally creative life behind the camera. This biography tracks his career from 1960, when he debuted as six-year-old Opie Taylor on The Andy Griffith Show, through 2002, when he

accepted his Academy Award as Best Director for A Beautiful Mind Author Beverly Gray an entertainment industry veteran has spoken to teachers friends and professional colleagues from all phases of Howard s career She has also combed the archives to gain further insight into this very private man whose accomplishments have brought pleasure to so many
