Robert Finch And His Works:

Robert Finch and His Works Susan Gingell,1991 These studies of Canadian authors fulfill a real need in the study of Canadian literature Each monograph is a separately bound study of about 55 pages Each contains a biography of the author a description of the tradition and milieu that influenced the author a survey of the criticism on the author a comprehensive essay on all the author's key works and a detailed bibliography of primary and secondary works *Aestheticism and the Canadian Modernists* Brian Trehearne,1989 Using a wide range of scholarly evidence to support his argument that most poets of the first Canadian Modernist generation were strongly influenced by the ideas and practice of literary Aestheticism Brian Trehearne provides new readings of Canadian poets such as Robert Finch John Glassco W W E Ross A J M Smith and F R Scott **The Georgic Mode in Twentieth-Century American Literature** Ethan Mannon,2024-02-02 The Georgic Mode in Twentieth Century American Literature The Satisfactions of Soil and Sweat explores environmental writing that foregrounds labor Ethan Mannon argues that Virgil's Georgics as well as the georgic mode in general exerted considerable influence upon some of America's best known writers including Robert Frost Willa Cather and Wendell Berry and that these and others worked to revise the mode to better fit their own contexts This book also outlines the contemporary value of the georgic literary tradition two thousand years of writing that begins with the premise that humans must use the world in order to survive and search for a balance between human needs and nature's productive capacity In the georgic mode authors found an adaptable discourse that enabled them to advocate for the protection and responsible use of productive lands present rural places and people in all of their complexity explore human relationships with laboring animals and advertise the sensory pleasures of rooted work LIFE ,1970-06-19 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use *Writing the Land* Daniel G. Payne,2009-05-05 At the time of his death in 1921 John Burroughs 1837 1921 was America's most beloved nature writer a best selling author whose friends and admirers included Walt Whitman Theodore Roosevelt John Muir Henry Ford and Thomas Edison Burroughs was second only to Emerson in fostering the nature study movement of the nineteenth century and the popularity of his work inspired Houghton Mifflin to publish or reissue the work of numerous other nature writers including that of Thoreau and Muir His first collection of essays *Wake Robin* was published in 1871 and over the next fifty years Burroughs wrote almost two dozen books and hundreds of essays not only on nature but on literature travel philosophy religion and science By the turn of the century Burroughs was America's most beloved nature writer whose friends and admirers included Walt Whitman Theodore Roosevelt John Muir Henry Ford and Thomas Edison Burroughs died in 1921 while on a train ride back to his New York from California His final words *Are we home yet* were a remarkably fitting coda to the career of a writer so closely identified with his native Catskill

region of New York State In many of his essays Burroughs explores the woods and fields of home and in doing so like Henry Thoreau and his explorations of Concord Massachusetts he transcends the local and examines the universal theme of our relation with nature and our native landscape Burroughs s emphasis on place and the local now seems modern once again as the current interest in bioregionalism and climate change demonstrates it has become increasingly evident that thinking locally is thinking globally Since 1992 the SUNY College at Oneonta has hosted the biannual John Burroughs Nature Conference and Seminar Sharp Eyes which honors the influence of Burroughs on American nature writing Distinguished keynote speakers who have addressed the conference include John Elder John Tallmadge Joy Harjo Robin Wall Kimmerer Edward Kanze James Perrin Warren and Edward J Rinehan Jr The scope of the conference is not limited solely to Burroughs however as each year the writers and scholars in attendance direct their attention toward a particular issue of significance to contemporary nature writers and scholars of environmental literature The theme of this collection Writing the Land John Burroughs and his Legacy was featured in the 2006 conference and includes essays on John Burroughs as well as essays on the work of other writers who like Burroughs are linked closely through their work to a particular landscape or region The third and final section of this book features invited essays by three distinguished scholars John Tallmadge Robert Beuka and Charlotte Zo Walker who consider the topic of what writing about the land and nature means from three different perspectives urban suburban and rural

Dante's British Public Nick Havely,2014-07-24 This is the first account of Dante s reception in English to address full chronological span of that process Individual authors and periods have been studied before but Dante s British Public takes a wider and longer view using a selection of vivid and detailed case studies to record and place in context some of the wider conversations about and appropriations of Dante that developed in Britain across more than six centuries as access to his work extended and diversified Much of the evidence is based on previously unpublished material in for example letters journals annotations and inventories and is drawn from archives in the UK and across the world from Milan to Mumbai and from Berlin to Cape Town Throughout the role of Anglo Italian cultural contacts and intermediaries in shaping the public understanding of Dante in Britain is given prominence from clerics and merchants around Chaucer s time through itinerant scholars collectors and tourists in the early modern period to the exiles and expatriates of the nineteenth and twentieth centuries The final chapter brings the story up to the present showing how the poet s work has been seen from the fourteenth century onwards as accessible to the many and demonstrating some of the means by which Dante has reached a yet wider British public over the past century particularly through translation illustration and various forms of performance

Landscape With Figures Kent C. Ryden,2009-05-07

Traveling across the invisible landscape in which we imaginatively dwell Kent Ryden himself a most careful listener and reader asks the following questions What categories of meaning do we read into our surroundings What forms of expression serve as the most reliable maps to understanding those meanings Our sense of any place he argues consists of a deeply ingrained experiential knowledge of its physical makeup an awareness of its communal and personal history a sense of our identity as being inextricably bound up with its events and ways of life and an emotional reaction positive or negative to its meanings and memories
