

Robert Rauschenberg: The Silkscreen Paintings 1962–64

Robert Rauschenberg The Silkscreen Paintings 1962 64

Carolyn Russo

Robert Rauschenberg The Silkscreen Paintings 1962 64:

Robert Rauschenberg Roni Feinstein,1990 **Robert Rauschenberg** Robert Rauschenberg,Roni Feinstein,1990

Robert Rauschenberg : the silkscreen paintings 1962-64 R. Feinstein,1990 **Robert Rauschenberg** Roni Feinstein,Whitney Museum of American Art,1990 **Robert Rauschenberg** Robert Rauschenberg,Craig F. Starr Associates,2006* **New York Magazine** ,1991-03-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Silkscreen Paintings 1962 - 64 [Catalogue was published at the Whitney Museum of American Art, New York 7.12.1990 - 17.3.1991]** Robert Rauschenberg,1990 Robert Rauschenberg and Surrealism Gavin Parkinson,2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959 69 In the face of Rauschenberg s avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist s oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg s key works on that basis By viewing Rauschenberg s art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist s work was turned towards political interpretation By analysing Rauschenberg s art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history **The Ascent of Rauschenberg** Carolyn Russo,2025-10-14 Take flight with postmodern artist Robert Rauschenberg in this tribute to his space and aviation art featuring art history and 150 fascinating images Most famous for his groundbreaking Combines painting and sculpture hybrids that often incorporated everyday objects American artist Robert Rauschenberg 1925 2008 created within a range of mediums including collage performance photography and printmaking But a connective tissue through it all was his fascination with flight The Ascent of Rauschenberg explores the flight motif across his work spanning birds insects aviation spaceflight sensory experiences and metaphors for his own life More than 150 images reveal the vibrant scope of his work from lithographs inspired by the Apollo 11 launch that NASA invited him to witness and document to a Combine featuring a taxidermied eagle that evokes Roman mythology Nine accompanying essays reflect on his many flight themes and subtleties that might otherwise be overlooked The book also includes archival photographs and personal papers from the Robert Rauschenberg Foundation Considered a

forerunner of several artistic movements most notably pop art Rauschenberg was one of the most influential artists of his time This gorgeous volume engages with his work at an intimate level and through a distinctive lens revealing an artist deeply mesmerized by the innovation of flight within nature technology and art By observing Rauschenberg s work through the prism of flight *The Ascent of Rauschenberg* refracts to reveal the depth and dazzle of an unparalleled career **Robert Rauschenberg** Branden W. Joseph,2002-12-06 Critical essays on the artist Robert Rauschenberg focusing on the important period of his development in the 1950s and 1960s From the moment art historian Leo Steinberg championed his work in opposition to Clement Greenberg s rigid formalism Robert Rauschenberg has played a pivotal role in the development and understanding of postmodern art Challenging nearly all the prevailing assumptions about the visual arts of his time he pioneered the postwar revival of collage photography silkscreen technology and performance This book focuses on Rauschenberg s work during the critical period of the 1950s and 1960s It opens with a newly prefaced version of Leo Steinberg s *Reflections on the State of Criticism* the first published version of his famous 1972 essay *Other Criteria* which remains the single most important text on Rauschenberg Rosalind Krauss s *Rauschenberg and the Materialized Image* builds on Steinberg s essay arguing that Rauschenberg s work represents a decisive shift in contemporary art Douglas Crimp s *On the Museum s Ruins* examines Rauschenberg s silkscreens in the context of the modern museum Helen Molesworth s *Before Bed* uses psychoanalytic and economic structures to examine the artist s *Black Paintings* of the early 1950s A second essay by Krauss *Perpetual Inventory* revisits both her and Steinberg s articles of nearly twenty five years earlier Finally Branden Joseph s *A Duplication Containing Duplications* views Rauschenberg s silkscreens in relation to the artist s interests in technology particularly television **Naked to the Bone** Bettyann Kevles,1997 By the late 1960s the computer and television were linked to produce medical images that were as startling as Roentgen s original X rays Computerized tomography CT and magnetic resonance imaging MRI made it possible to picture soft tissues invisible to ordinary X rays Ultrasound allowed expectant parents to see their unborn children Positron emission tomography PET enabled neuroscientists to map the brain In this lively history of medical imaging the first to cover the full scope of the field from X rays to MRI assisted surgery Bettyann Kevles explores the consequences of these developments for medicine and society Through lucid prose vivid anecdotes and more than seventy striking illustrations she shows how medical imaging has transformed the practice of medicine from pediatrics to dentistry neurosurgery to geriatrics gynecology to oncology Beyond medicine Kevles describes how X rays and the newer technologies have become part of the texture of modern life and culture They helped undermine Victorian sexual sensibilities gave courts new forensic tools provided plots for novels and movies and offered artists from Picasso to Warhol new ways to depict the human form **Robert Rauschenberg, a Retrospective** Walter Hopps,Robert Rauschenberg,Susan Davidson,Trisha Brown,Solomon R. Guggenheim Museum,1997 A retrospective of the artist s work **The Presidential Image** Iwan Morgan,Mark White,2020-04-02 Presidential Image has become an integral

part of the campaign presidency and legacy of Modern American presidents Across the 20th century to the age of Trump presidential image has dominated media coverage and public consciousness winning elections gaining support for their leadership in office and shaping their reputation in history Is the creation of the presidential image part of a carefully conceived public relations strategy or result of the president's critics and opponents Can the way the media interpret a president's actions and words alter their image And how much influence do cultural outputs contribute to the construction of a presidential image Using ten presidential case studies this edited collection features contributions from scholars and political journalists from the UK and America to analyse aspects of Presidential Image that shaped their perceived effectiveness as America's leader and to explore this complex controversial and continuous element of modern presidential politics

The Great Migrator Hiroko Ikegami, Robert Rauschenberg, 2010 Unlike other writers who have viewed the export of American art during the 1950s and 1960s as another form of Cold War propagandizing and famous American artists as cultural imperialists Ikegami sees the global rise of American art as a cross cultural phenomenon in which each art community Rauschenberg visited was searching in different ways for cultural and artistic identity in the midst of Americanization Rauschenberg's travels and collaborations established a new kind of transnational network for the postwar art world prefiguring the globalization of art before the era of globalization

The Robert and Jane Meyerhoff Collection, 1945 to 1995 Mark Lawrence Rosenthal, David Anfam, National Gallery of Art (U.S.), 1996 Art from the post World War II period primarily in America Blurb

Encyclopedia of Postmodernism Victor E. Taylor, Charles E. Winquist, 2002-06-01 The Encyclopedia of Postmodernism provides comprehensive and authoritative coverage of academic disciplines critical terms and central figures relating to the vast field of postmodern studies With three cross referenced sections the volume is easily accessible to readers with specialized research agendas and general interests in contemporary cultural historical literary and philosophical issues Since its inception in the 1960s postmodernism has emerged as a significant cultural political and intellectual force that many scholars would argue defines our era Postmodernism in its various configurations has consistently challenged concepts of selfhood knowledge formation aesthetics ethics history and politics This Encyclopedia offers a wide range of perspectives on postmodernism that illustrates the plurality of this critical concept that is so much part of our current intellectual debates In this regard the volume does not adhere to a single definition of postmodernism as much as it documents the use of the term across a variety of academic and cultural pursuits The Encyclopedia of Postmodernism it must be noted resists simply presenting postmodernism as a new style among many styles occurring in the post disciplinary academy Documenting the use of the term acknowledges that postmodernism has a much deeper and long lasting effect on academic and cultural life In general the volume rests on the understanding that postmodernism is not so much a style as it is an on going process a process of both disintegration and reformation

Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of

Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

James Rosenquist Michael Lobel, James Rosenquist, 2009 This is the social history of art at its best Alex Potts author of *The Sculptural Imagination* Figurative Modernist Minimalist James Rosenquist Pop Art Politics and History in the 1960s provides a new perspective on the work of Rosenquist a key but neglected artist of the Pop Art movement Michael Lobel who bases his study on detailed contextual research as well as close visual analysis highlights the themes of obsolescence novelty and ephemera in Rosenquist's images and effectively relates the artist's interests to broader questions of consumer culture and urban planning in 1960s New York Clearly written and thoroughly engaging this book makes a significant contribution to our understanding of the artist and of Pop Art

Cecile Whiting author of *Pop L.A. American Pop Art in France* Liam Considine, 2019-10-28 Pop art was essential to the Americanization of global art in the 1960s yet it engendered resistance and adaptation abroad in equal measure especially in Paris From the end of the Algerian War of Independence and the opening of Ileana Sonnabend's gallery for American Pop art in Paris in 1962 to the silkscreen poster workshops of May 68 this book examines critical adaptations of Pop motifs and pictorial devices across French painting graphic design cinema and protest aesthetics Liam Considine argues that the transatlantic dispersion of Pop art gave rise to a new politics of the image that challenged Americanization and prefigured the critiques and contradictions of May 68

The Fate Of A Gesture Carter Ratcliff, 2019-07-09 I am indebted first to Thomas B Hess and James Fitzsimmons the editors of *Artnews* and *Art International* who encouraged me to publish the essays and reviews that led years later to this book I am equally grateful for the encouragement I have received from Elizabeth C Baker the editor of *Art in America*

The Enigmatic Realm of **Robert Rauschenberg The Silkscreen Paintings 1962 64**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
