Jurisdictional Battlefields Mario Graña Taborelli, 2024-09-20 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM This book examines three expeditions by the Spanish to the borders of Charcas a district that covers present day Bolivia and the northwest of Argentina in the second half of the sixteenth century using an approach that has not been attempted until now Scholarship on these events has framed them as part of a gradual top down process of centralisation driven by the Crown to extend its power and build a colonial state in the Americas This book challenges that view approaching the expeditions through an analysis of the political culture that underpinned them It explores the events within the process of installation and consolidation of royal jurisdiction understood here as the authority to establish law and deliver justice in a remote area This was a process achieved through coercion and violence as well as negotiation and consensus that involved both the Spanish and indigenous peoples and that frequently created overlapping jurisdictions via downscaling of politics and dispersal of

power Jurisdictional politics were decided and settled in battlefields and courts and involved the theatricalization of power to make a distant monarch present which paradoxically made such absence the more evident The book is an invitation to re dimension the scope of Spain s empire **General Catalogue of Printed Books** British Museum. H. Hudson** Conor Mark Jameson,2023-08-01 An imposing life size oil painting dominates the main meeting room at the RSPB s base in the heart of England the man above the fireplace always present rarely mentioned Curious about the person in the portrait the author began a quest to rediscover William Henry Hudson 1841 1922 It became a mission of restoration stitching back together the faded tapestry of Hudson s life re colouring it in places and adding new threads from the testaments of his closest friends This book traces the unassuming field naturalist s path through a dramatic and turbulent era from Hudson s journey to Britain from Argentina in 1874 to the unveiling by the prime minister of a monument and bird sanctuary in his honour 50 years later in the heart of Hyde Park a place where the young immigrant had for a time slept rough At its core this extraordinary story reveals Hudson s deep influence on the creation of his beloved Bird Society by its founding women and the rise of the conservation movement It reveals the strange magnetism of this mysterious man from the Pampas unschooled battle scarred and once penniless that made his achievements possible and left such a profound impression on those who knew him By the end of his life Hudson had Hollywood studios bidding for his work He was a household name through his luminous and seminal nature writing and the Bird Society had at last reached the climax of a 30 year campaign working to create the first global alliance of bird protectionists A century after Hudson s death this is a long overdue tribute to perhaps our most significant and most neglected writer naturalist and wildlife campaigner *A Narrative Biography of Horacio Quiroga, the Lone Anarchist* Wilson

Alves-Bezerra, 2023-10-16 This book is a unique and definitive biography in English of the Uruguayan Argentinian short story writer Horacio Quiroga 1878 1937 known as the Latin American Poe Written in amusing prose and with an academic background which can be an important reference for the public in general as well as to Latin American literature researchers all over the world it is an up to date narrative biography by a Brazilian writer and researcher who has dedicated the last twenty years to Quiroga's translation and research The research uses several unknown or lesser known documents as well as newspapers and magazines from the beginning of the 20th century found in libraries and archives in Argentina Brazil Germany and Uruguay The book is written against a contemporary background and focusses on the humanization of Quiroga and the participation of until now marginalized women in his personal and public life such as Alfonsina Storni and Norah Lange allowing the construction of an image which is less monumental and more complex in its contradictions
