Fooling Houdini Alex Stone, 2012-06-19 An exploration of the world of magic that teaches the reader many tricks including how better to understand the real world Alex Stone journalist and part time conjurer is here to amaze you But first he had to amaze his fellow magicians Fooling Houdini is his fascinating revealing and nailbiting account of his attempt to win the 23rd World Championships of Magic the Magic Olympics the largest and most prestigious competition of its kind Alex Stone managed to qualify for entry and began preparing to astonish people who astonish others for a living It didn't help his nerves that he was placed on the bill straight after Canadian magician Shawn Farquhar winner of more magic competitions than anyone in history Stone's preparations and participation provide his readers with in depth exploration of the world of magic and magic's meaning He spills many professional secrets arguing that what is important is to ask questions about what lies behind the tricks how the mind perceives the world and parses everyday experience about how the mind works and why sometimes it doesn't about why people need to believe As we become more attuned to the limits of our own perception we become better at distinguishing reality from illusion at reading the angles and decoding the fine print he says We gain intuition and understanding into how people behave We even learn ways to influence this behavior This makes us less susceptible to all manner of deception It is to gain and maintain this sixth sense that Alex Stone a schoolboy prestidigitator has continued performing magic well into adulthood In Fooling Houdini he takes us into that other world populated by truly astounding characters and leaves us with a heightened sense of awareness about the supposedly real world *Grandpa Magic* Allan Zola Kronzek, 2018-10-30 From a professional magician and New York Times bestselling author 116 tricks stunts and brainteasers that will engage the grandchildren and provide giggles jaw dropping awe and wonderful memories Guaranteed to make grandparenting even more fun Grandpa Magic is sure to entertain and crack up the grandkids From the old pull a quarter from behind a kid's ear trick and removing your thumb to card tricks stunts for the dinner table and verbal puzzles that surprise and delight there's something for everyone Step by step illustrations make them easy to learn The Magician and the Cardsharp Karl Johnson, 2006-07-25 A famous magician's journey to find the greatest cardsharp ever evokes the forgotten world of magic where Americans found escape during the Great Depression It has the nostalgic quality of an old fashioned fable but Karl Johnson's The Magician and the Cardsharp is a true story that lovingly re-creates the sparkle of a vanished world Here set against the backdrop of America struggling through the Depression is the world of magic a realm of stars sleight of hand and sin where dreams could be realized or stolen away Following the Crash of 29 Dai Vernon known by magicians as the man who fooled Houdini is tramping down Midwestern backroads barely making ends meet While swapping secrets with a Mexican gambler he hears of a guy he doesn't quite believe is real a legendary mystery man who deals perfectly from the center of the deck and who locals call the greatest cardsharp of all time Determined to find the reclusive genius Vernon sets out on a journey through America's shady slick and sinful side from mob run Kansas City

through railroad towns that looked sleepy only in the daytime Does he find the sharp Well Karl Johnson did after years of research into Vernon s colorful quest research that led him to places he never knew existed Johnson takes us to the cardsharp s doorstep and shows us how he bestowed on Vernon the greatest secret in magic The Magician and the Cardsharp is a unique and endlessly entertaining piece of history that reveals the artistry and obsession of a special breed of American showmen **Sleights of Mind** Stephen L. Macknik, Susana Martinez-Conde, Sandra Blakeslee, 2010-11-09 This book doesn t just promise to change the way you think about sleight of hand and David Copperfield it will also change the way you think about the mind Jonah Lehrer author of How We Decide and Proust Was A Neuroscientist Stephen Macknik and Susana Martinez Conde the founders of the exciting new discipline of neuromagic have convinced some of the world s greatest magicians to allow scientists to study their techniques for tricking the brain This book is the result of the authors yearlong world wide exploration of magic and how its principles apply to our behavior Magic tricks fool us because humans have hardwired processes of attention and awareness that are hackable a good magician uses your mind s own intrinsic properties against you in a form of mental jujitsu Now magic can reveal how our brains work in everyday situations For instance if you ve ever bought an expensive item you d sworn you d never buy the salesperson was probably a master at creating the illusion of choice a core technique of magic The implications of neuromagic go beyond illuminating our behavior early research points to new approaches for everything from the diagnosis of autism to marketing techniques and education Sleights of Mind makes neuroscience fun and accessible by unveiling the key connections between magic and the mind

Montana ,2013 **Magical Mathematics** Persi Diaconis, Ron Graham, 2011-10-03 The mathematics behind some of the world s most amazing card tricks Magical Mathematics reveals the secrets of fun to perform card tricks and the profound mathematical ideas behind them that will astound even the most accomplished magician Persi Diaconis and Ron Graham provide easy step by step instructions for each trick explaining how to set up the effect and offering tips on what to say and do while performing it Each card trick introduces a new mathematical idea and varying the tricks in turn takes readers to the very threshold of today s mathematical knowledge Diaconis and Graham tell the stories and reveal the best tricks of the eccentric and brilliant inventors of mathematical magic The book exposes old gambling secrets through the mathematics of shuffling cards explains the classic street gambling scam of three card Monte traces the history of mathematical magic back to the oldest mathematical trick and much more *Subject Guide to Books in Print* ,2001 [Catalogo dei libri in](#)
