**Robes and Honor** S. Gordon, 2016-04-30 Robes and Honor is a fascinating exploration of the possible common origin and subsequent developments of investiture across medieval Christianity and medieval Islam The ceremony in all of its cultural variety was much more than the public adoption of a high value textile as symbol of office within a culture robing established a personal link from the hand of the giver king pope head of a sect ambassador to the receiver noble general official nun or acolyte This volume challenges current thinking on religious and regional boundaries of cultures raises semiotic issues about imagined communities and addresses problems of kingship **Medieval Islamic Civilization** Josef W. Meri, 2006 Examines the socio cultural history of the regions where Islam took hold between the 7th and 16th century This two volume work contains 700 alphabetically arranged entries and provides a portrait of Islamic civilization It is of use in understanding the roots of Islamic society as well to explore the culture of medieval civilization *Dress and Dress Code in Medieval Cairo* Doris Behrens-Abouseif, 2023-10-09 In this book Doris Behrens Abouseif responds to the Mamluk chroniclers whose loquacity regarding clothing matters demands our attention Using a multiplicity of sources including chronicles European and Muslim travel narratives popular storytelling legal treatises literature and poetry Behrens Abouseif delves into the details of Mamluk dress Whether as a vehicle for the sultanate's self representation both internationally and domestically or as an expression of religious and social identities status and wealth female assertion urban culture and artistic creativity clothing personified the broad Mamluk social spectrum Replete with colorful anecdotes and copious illustrations *Dress and Dress Code in Medieval Cairo* offers a lively and comprehensive study of this fascinating topic

Interludes of Peace in the Medieval Latin East Yvonne Friedman, 2025-09-08 *Interludes of Peace in the Medieval Latin East* undertakes a multifaceted examination of peacemaking processes as they unfolded in the medieval Latin East Perhaps less heroic than war these peacemaking endeavors make a significant contribution to our understanding of life in the medieval Middle East during the Crusades This book considers how ceasefires truces and peace treaties were achieved through a process of mutual acculturation between Crusaders and local Muslim societies and the mechanisms employed to overcome both cultural and religious divides Notwithstanding these warring societies differing concepts of lasting peace this did not prevent them from engaging in treaty making during the two century long conflict in the Latin East The story told here is of the quest for small realistic peace however fragile and temporary In the process a shared language of gestures body language and gift giving was created that enabled and enhanced trust and coexistence However global political changes economic developments and new trade routes ultimately ended European rule in the medieval Middle East

*Communication and Materiality* Susanne Enderwitz, Rebecca Sauer, 2015-08-31 This volume reconsiders literacy and communication in pre modern societies focusing especially on how material form affects the way textual artefacts are understood and interpreted By bringing together scholars from diverse disciplines such as archaeology medieval studies and

Flood, 2022-07-12 Objects of Translation offers a nuanced approach to the entanglements of medieval elites in the regions that today comprise Afghanistan Pakistan and north India The book which ranges in time from the early eighth to the early thirteenth centuries challenges existing narratives that cast the period as one of enduring hostility between monolithic Hindu and Muslim cultures These narratives of conflict have generally depended upon premodern texts for their understanding of

the past By contrast this book considers the role of material culture and highlights how objects such as coins dress monuments paintings and sculptures mediated diverse modes of encounter during a critical but neglected period in South Asian history The book explores modes of circulation among them looting gifting and trade through which artisans and artifacts traveled remapping cultural boundaries usually imagined as stable and static It analyzes the relationship between mobility and practices of cultural translation and the role of both in the emergence of complex transcultural identities Among the subjects discussed are the rendering of Arabic sacred texts in Sanskrit on Indian coins the adoption of Turko Persian dress by Buddhist rulers the work of Indian stone masons in Afghanistan and the incorporation of carvings from Hindu and Jain temples in early Indian mosques Objects of Translation draws upon contemporary theories of cosmopolitanism and globalization to argue for radically new approaches to the cultural geography of premodern South Asia and the Islamic world
