[Santo Domingo](#) Otto Schoenrich, 2015-07-10 Excerpt from *Santo Domingo A Country With a Future* It is remarkable how little has been written about the Dominican Republic a country so near to our shores which has for years had intimate commercial and political relations with our country which is at present under the provisional administration of the American Government and which is destined to develop under the protection and guidance of the United States The only comprehensive publications on the Dominican Republic in the English language are the Report of the United States Commission of Inquiry to Santo Domingo published in 1871 Hazard s *Santo Domingo Past and Present* written about the same time and Professor Hollander s notable Report on the Debt of Santo Domingo published in 1905 The first and the last of these publications are no longer obtainable hence Hazard s book written almost half a century ago is still the chief source of information These considerations prompted me to indite the following

pages in which I have essayed to give a bird s eye view of the history and present condition of Santo Domingo The task has been complicated by two circumstances One is the extraordinary difficulty of obtaining accurate data The other is the fact that the country has arrived at a turning point in its history About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
