The Cambridge History of Judaism: Volume 5, Jews in the Medieval Islamic World Phillip I.

Lieberman,2021-09-02 Volume 5 examines the history of Judaism in the Islamic World from the rise of Islam in the early sixth century to the expulsion of Jews from Spain at the end of the fifteenth This period witnessed radical transformations both within the Jewish community itself and in the broader contexts in which the Jews found themselves The rise of Islam had a decisive influence on Jews and Judaism as the conditions of daily life and elite culture shifted throughout the Islamicate world Islamic conquest and expansion affected the shape of the Jewish community as the center of gravity shifted west to the North African communities and long distance trading opportunities led to the establishment of trading diasporas and flourishing communities as far east as India By the end of our period many of the communities on the other side of the Mediterranean had come into their own while many of the Jewish communities in the Islamicate world had retreated from their high water mark

Discovering Cyrus The Persian Conqueror Astride the Ancient World Some of the most fascinating human epochs lie in the borderlands between history and mystery So it is with the life of Cyrus the Great founder of the Persian Empire in the sixth century B C By conquest or gentler means he brought under his rule a dominion stretching from the Aegean Sea to the Hindu Kush and encompassing some tens of millions of people All across this immense imperium he earned support and stability by respecting local customs and religions avoiding the brutal ways of tyranny and efficiently administering the realm through provincial governors The empire would last another two centuries leaving an indelible Persian imprint on much of the ancient world The Greek chronicler Xenophon looking back from a distance of several generations wrote Cyrus did indeed eclipse all other monarchs before or since The biblical prophet Second Isaiah anticipated Cyrus repatriation of the Jews living in exile in Babylon by having the Lord say He is my shepherd and will accomplish all that I please Despite what he achieved and bequeathed much about Cyrus remains uncertain Persians of his era had no great respect for the written word and kept no annals The most complete accounts of his life were composed by Greeks More fragmentary or tangential evidence takes many forms among them archaeological remains administrative records in subject lands and the always tricky stuff of legend Given these challenges Discovering Cyrus The Persian Conqueror Astride the Ancient World is a remarkable feat of portraiture In his vast sweep Reza S Zaghamee draws on sources of every kind painstakingly assembling detail and always weighing evidence carefully where contradictions arise He describes the background of the Persian people the turbulence of

the times and the roots of Cyrus policies His account of the imperial era itself delves into religion military methods commerce court life and much else besides The result is a living breathing Cyrus standing atop a distant world that played a key role in shaping our own *Mennonite mirror* ,1981 *Canadian Books in Print* ,1991 **Information America** Tracy Davis,Patricia A. Young,1985 The Best Stories of Sarah Orne Jewett (Complete) Sarah Orne Jewett, There was something about the coast town of Dunnet which made it seem more attractive than other maritime villages of eastern Maine Perhaps it was the simple fact of acquaintance with that neighborhood which made it so attaching and gave such interest to the rocky shore and dark woods and the few houses which seemed to be securely wedged and tree nailed in among the ledges by the Landing These houses made the most of their seaward view and there was a gayety and determined floweriness in their bits of garden ground the small paned high windows in the peaks of their steep gables were like knowing eyes that watched the harbor and the far sea line beyond or looked northward all along the shore and its background of spruces and balsam firs When one really knows a village like this and its surroundings it is like becoming acquainted with a single person The process of falling in love at first sight is as final as it is swift in such a case but the growth of true friendship may be a lifelong affair After a first brief visit made two or three summers before in the course of a yachting cruise a lover of Dunnet Landing returned to find the unchanged shores of the pointed firs the same quaintness of the village with its elaborate conventionalities all that mixture of remoteness and childish certainty of being the centre of civilization of which her affectionate dreams had told One evening in June a single passenger landed upon the steamboat wharf The tide was high there was a fine crowd of spectators and the younger portion of the company followed her with subdued excitement up the narrow street of the salt aired white clapboarded little town Later there was only one fault to find with this choice of a summer lodging place and that was its complete lack of seclusion At first the tiny house of Mrs Almira Todd which stood with its end to the street appeared to be retired and sheltered enough from the busy world behind its bushy bit of a green garden in which all the blooming things two or three gay hollyhocks and some London pride were pushed back against the gray shingled wall It was a queer little garden and puzzling to a stranger the few flowers being put at a disadvantage by so much greenery but the discovery was soon made that Mrs Todd was an ardent lover of herbs both wild and tame and the sea breezes blew into the low end window of the house laden with not only sweet brier and sweet mary but balm and sage and borage and mint wormwood and southernwood If Mrs Todd had occasion to step into the far corner of her herb plot she trod heavily upon thyme and made its fragrant presence known with all the rest Being a very large person her full skirts brushed and bent almost every slender stalk that her feet missed You could always tell when she was stepping about there even when you were half awake in the morning and learned to know in the course of a few weeks experience in exactly which corner of the garden she might be At one side of this herb plot were other growths of a rustic pharmacop ia great treasures and rarities among the commoner herbs There were some strange and pungent odors that roused a dim sense and remembrance

of something in the forgotten past Some of these might once have belonged to sacred and mystic rites and have had some occult knowledge handed with them down the centuries but now they pertained only to humble compounds brewed at intervals with molasses or vinegar or spirits in a small caldron on Mrs Todd s kitchen stove They were dispensed to suffering neighbors who usually came at night as if by stealth bringing their own ancient looking vials to be filled One nostrum was called the Indian remedy and its price was but fifteen cents the whispered directions could be heard as customers passed the windows With most remedies the purchaser was allowed to depart unadmonished from the kitchen Mrs Todd being a wise saver of steps but with certain vials she gave cautions standing in the doorway and there were other doses which had to be accompanied on their healing way as far as the gate while she muttered long chapters of directions and kept up an air of secrecy and importance to the last It may not have been only the common ails of humanity with which she tried to cope it seemed sometimes as if love and hate and jealousy and adverse winds at sea might also find their proper remedies among the curious wild looking plants in Mrs Todd s garden The village doctor and this learned herbalist were upon the best of terms The good man may have counted upon the unfavorable effect of certain potions which he should find his opportunity in counteracting at any rate he now and then stopped and exchanged greetings with Mrs Todd over the picket fence The conversation became at once professional after the briefest preliminaries and he would stand twirling a sweet scented sprig in his fingers and make suggestive jokes perhaps about her faith in a too persistent course of thoroughwort elixir in which my landlady professed such firm belief as sometimes to endanger the life and usefulness of worthy neighbors Adventures of Luther Arkwright (2nd edition) Bryan Talbot,2004-05-11 Across a multitude of parallel universes dark forces operate in the shadows manipulating mankind s histories throughout countless timelines The agents of these Disruptors all work with a single purposethe recovery and activation of Firefrost a longhidden doomsday device whose unspeakable power is capable of consuming the galaxy in all its incarnations Standing in the way of the Disruptors is Luther Arkwright a human anomaly who exists only in a single universe a man of vast psychic powers and capable of travelling between the parallel realities to counter the Disruptor s malign influence But the Disruptors are aware of Arkwright and his abilities and while Arkwright searches the myriad Earths for the location of Firefrost the agents of darkness race to destroy Arkwright and to ensure their unthinkable ends In celebration of the 30th Anniversary of the first publication of The Adventures of Luther Arkwright this new edition features entirely new scans from the original artwork that restore much of the lost detail from previous editions Arkwright has never looked better Nominated for three Eisner Awards and five Eagle Awards **The Christian Librarian** ,1980 Robert Downey Jr. William Hamilton,2008-08-01 Biography of Robert Downey Jr His rise to an A list actor playing Iron Man Tropic Thunder and The Soloist The Oscar nominated actor has been called the best of his generation but he has been shadowed with self doubt and addiction Cry about his struggles and laugh with his quick quirky sense of humor Read about Robert Downey Senior who has an even stranger sense of humor than he does Transforming Authority Katharina

Pyschny, Sarah Schulz, 2021-09-07 Human leadership is a multifaceted topic in the Hebrew Bible from a synchronic as well as diachronic perspective. A large range of distributions emerges from the successive sharpening or modification of different aspects of leadership. While some of them are combined to a complex figuration of leadership, others remain reserved for certain individuals. Furthermore, it can be considered a consensus within scholarly debate that concepts of leadership have a certain connection to the history of ancient Israel, which is though hard to ascertain. Following a previous volume that focused on the Pentateuch and the Former Prophets (BZAW 507), this volume deals with different concepts of leadership in selected Prophetic, Hag Zech Jer and Chronistic literature (Ezr Neh Chr). They are examined in a literary, religious, historical and theological perspective. Special emphasis is given to phenomena of transforming authority and leadership claims in exilic and post-exilic times. Hence, the volume contributes to biblical theology and sheds new light on the redaction and reception history of the texts. Not least, it provides valuable insights into the history of religious and/or political authorities in Israel and Early Judaism.
