This volume will strengthen our understanding of the relationship between providing care to the elderly and improving their quality of life. The contributors examine areas where systems can be improved from design to delivery. Specific topics include enhancement of the self efforts of regulatory and accrediting bodies to improve care methods for evaluating quality and implementing a holistic approach to care among others. This book remains essential reading for professionals involved in long term care including assisted living and nursing home administrators, gerontologists, geriatricians, geriatric nurses, and social workers.

Improving the Quality of Long-Term Care Institute of Medicine, Division of Health Care Services, Committee on Improving Quality in Long-Term Care, 2001-02-27. Among the issues confronting America is long term care for frail older persons and others with chronic conditions and functional limitations that limit their ability to care for themselves. Improving the Quality of Long Term Care takes a comprehensive look at the quality of care and quality of life in long term care including nursing homes, home health agencies, residential care facilities, family members, and a variety of others. This book describes the current state of long term care, identifying problem areas and offering recommendations for federal and state policymakers. Who uses long term care? How have the characteristics of this population changed over time? What paths do people follow in long term care? The committee provides the latest information on these and other key questions. This book explores strengths and limitations of available data and research literature, especially for settings other than nursing homes, on methods to measure, oversee, and improve the quality of long term care. The committee makes recommendations on setting and enforcing standards of care, strengthening the caregiving workforce, reimbursement issues, and expanding the knowledge base to guide organizational and individual caregivers in improving the quality of care.

Effective Management of Long-Term Care Facilities Douglas A. Singh, 2021-11-10. Effective Management of Long Term Care Facilities, Fourth Edition, examines the complex operations of the long term care facility and offers critical skills to current and future long term care administrators for delivering quality, cost-effective services. An excellent resource for both new and seasoned long term care managers, this logically organized text begins with an understanding of what long term care is and why it is an integral part of the health care delivery system. It moves on to explore the legal and regulatory parameters and payment constraints within which long term care facilities must be managed, each of the main functional departments that administrators must understand and oversee, and effective governance and leadership and management of human resources, marketing, and quality, much of which is unique to nursing home administration. The final section of the book offers case studies to simulate situations that the administrator is likely to encounter in practice.

CREATIVE LONG-TERM CARE ADMINISTRATION George Kenneth Gordon, Leslie A. Grant, Ruth Stryker, 2003-01-01. The prior three editions of this book were extremely well received for use in undergraduate and graduate courses in long term care administration, and they were also popular as fundamental resources with practitioners as well as for an array of other long term care practitioners and professions including housing managers, board members, teachers, students, administrators, owners, and health care professionals who are

seeking new directions in the field This the fourth edition has been extensively revised There is for example the fundamental updating throughout to reflect structural and regulatory changes that have been occurring in the field as well as the introduction of recent research findings evolving ideas and new practices In addition there are new perspectives introduced by nine new chapter authors plus three entirely new chapters monitoring clinical outcomes spiritual care and using information technology The book is divided into six sections The Evolution of Long Term Care Developing the Organization Human Resource Management Optimizing Health Care Outcomes Creating a Supportive Living Environment and Creating a Better Future This new edition also has an additional author Dr Leslie Grant whose seasoned scholarship and visionary leadership will provide important additional insight for the reader The ideas presented are intended to provide a better understanding of the long term care environment and to suggest ways of applying interdisciplinary knowledge for the administrator in this setting

Regulating Long-Term Care Quality Vincent Mor,Tiziana Leone,Anna Maresso,2014-02-06 An international survey of different approaches to the provision and regulation of long term care for the elderly
