Understanding Retrogrades Helen J. Adams,2008-06 Traditional chart interpretation regarded a retrograde natal planet as being weakened but many of today s astrologers have different opinions the planet s energy is more internalized or strengthened or causes delay or confusion To illustrate retrograde Mercury causes mail to be lost appointments to be missed and a general breakdown in communication Helen Adams writes For far too long retrograde planets have been misunderstood or not understood at all retrogrades are not really all bad Here she presents a guide to interpreting retrograde planets in the natal and progressed chart as well as by transit Also included is each retrograde planet s relationship to health *Creative Step-Parenting* Gayle Geffner,2009-09 Whether you are a step parent or step child Gayle

Geffner offers astrological insight and personal wisdom while demonstrating how to grow into a happy and loving family. Beginners and non astrologers will also benefit from the book when used in conjunction with general introductory astrology books. Using an innovative approach as a viable way for step families to come together and bond, Gayle demonstrates these concepts through numerous examples including the British royal family synastry between step parents and step children, astrological timing, retrograde planets, secondary progressions, lunar nodes, dwads, the Moon, and Saturn. Known as the practical astrologer, Gayle Geffner deals with the day to day situations that affect all of us. Rather than focusing on negatives, she explains how to work with and through them, emphasizing the positive while showing how to dig into a chart to find opportunity, be it for family bonding or another area of life. Gayle is an international astrologer with more than thirty years experience. She is the author of *Pathways to Success: Discover Your Career Potential Through Astrology* and her articles have appeared in *Aspects*, *Regulus*, *Ebertin Newsletter*, *Baltimore NCGR Newsletter*, *Geocosmic Journal*, *NCGR E News*, and *Today's Astrologer*. Heart of Creation Andrea Joyce Stone, 2002. This accessible state of the art review of Mayan hieroglyphics and cosmology also serves as a tribute to one of the field's most noted pioneers. The core of this book focuses on the current study of Mayan hieroglyphics as inspired by the recently deceased Mayanist Linda Schele. As author or coauthor of more than 200 books or articles on the Maya, Schele served as the chief disseminator of knowledge to the general public about this ancient Mesoamerican culture, similar to the way in which Margaret Mead introduced anthropology and the people of Borneo to the English speaking world. Twenty five contributors offer scholarly writings on subjects ranging from the ritual function of public space at the Olmec site and the gardens of the Great Goddess at Teotihuacan to the understanding of Jupiter in Maya astronomy and the meaning of the water throne of Quirigua. Zoomorph P

The workshops on Maya history and writing that Schele conducted in Guatemala and Mexico for the highland people modern descendants of the Mayan civilization are thoroughly addressed as is the phenomenon termed Maya mania the explosive growth of interest in Maya epigraphy iconography astronomy and cosmology that Schele stimulated An appendix provides a bibliography of Schele's publications and a collection of Scheleana written memories of the Rabbit Woman by some of her colleagues and students Of interest to professionals as well as generalists this collection will stand as a marker of the state of Mayan studies at the turn of the 21st century and as a tribute to the remarkable personality who guided a large part of that archaeological research for more than two decades
