Jonathan R. W. Prag, Ian D. Repath

Satyricon The Fragments:

The Satyricon Petronius Arbiter, 1969 **The Satyricon** Petronius Arbiter, 1974 Satyricon and Fragments Petronius, 2016-02-10 The Book of Satyrlike Adventures in the original Latin and Fragments from Titus Petronius The satyricon Gaius Arbiter Petronius, 19?? The Satyricon and the Fragments Petronius, 1965 Hermaphrodites in Renaissance Europe Kathleen P. Long, 2016-12-05 Kathleen Long explores the use of the hermaphrodite in early modern culture wars both to question traditional theorizations of gender roles and to reaffirm those views These cultural conflicts were fueled by the discovery of a new world by the Reformation and the backlash against it by nascent republicanism directed against dissolute kings and by the rise of empirical science and its subsequent confrontation with the traditional university system For the Renaissance imagination the hermaphrodite came to symbolize these profound and intense changes that swept across Europe literally embodying these conflicts Focusing on early modern France with references to Switzerland and Germany this work traces the symbolic use of the hermaphrodite across a range of disciplines and domains medical alchemical philosophical poetic fictional and political and demonstrates how these seemingly disparate realms interacted extensively with each other in this period also across national boundaries This widespread use and representation of the hermaphrodite established a ground on which new ideas concerning sex and gender could be elaborated by subsequent generations and on which a wide range of thought concerning identity racial religious and national as well as gender could be deployed **Labor Imperfectus** Jacqueline Fabre-Serris, Marco Formisano, Stavros Frangoulidis, 2023-11-06 Unfinishedness and incompleteness are a central feature of ancient Greek and Roman literature that has often been taken for granted but not deeply examined many texts have been transmitted to us incomplete How and to what extent has this feature of many texts influenced their aesthetic perception and interpretation and how does it still influence them today Also how do various editorial arrangements of fragmentary texts influence the reconstruction of closure These important questions offer the opportunity to bring together specialists working on Greek and Roman texts across various genres epic tragedy poetry mythographic texts rhetorical texts philosophical treatises and the novel Reading a text by focusing on its current unfinishedness or incompleteness or the textual signs suggesting an unfinished or incomplete state the contributors examine the relations between author reader and text as underscored by the verbal generic and aesthetic features of each work This edited volume brings together a broad spectrum of approaches to ancient and modern texts and aims to reach out to a broad scholarly community consisting not only of Classicists but also scholars of other literature and aesthetics A Reading of Petronius' Satyricon Lee Fratantuono, 2023-08-22 Few surviving works of classical literature have cast the haunting hilarious insightful and eerie spell conjured by the Satyricon of the Neronian courtier and eventual victim Petronius Fragmentary opaque and enigmatic at times it seems that deception and obfuscation are the favorite tricks of its author A Reading of Petronius Satyricon offers a fresh look at this genre defying masterpiece proceeding episode by episode

and scene by scene through a vision of the hell that humanity has fashioned for itself Petronius mercilessly and exactly appraises Rome's embrace of the Golden Age dreams of the Augustan principate judging his fellow citizens and himself by the yardstick of the Neronian reign that broods over them like an avenging specter Petronius Satyricon offers medicine for ambulatory corpses a prescription that consists of notifying the dead of the diagnosis and of pointing out the inevitable and eminently logical antidote for those consumed by insatiable hunger and unfulfillable longing Bitterly sardonic and preternaturally serene Lee Fratantuono's reading reveals Petronius to be nothing less than the ultimate literary voice of a dying dynasty a prose and poetic verbal magician of serious intention a virtuoso in the art of unmasking the ghoulish horror and inconsolable sadness that lurk often just below the surface of the comic *Petronius* Jonathan R. W. Prag, Ian D. Repath, 2013-01-22 Petronius A Handbook unravels the mysteries of the Satyricon one of the greatest literary works that antiquity has bequeathed to the modern world Includes a dozen original essays by a team of leading Petronius and Roman history scholars Features the first multi dimensional approach to Satyricon studies by exploring the novel's literary structure social and historic contexts and modern reception Supplemented by illustrations plot outline glossary map bibliography and suggestions for further reading Satyricon, Fragments, Poems Titus Petronius Arbiter, 1951 Humanistica Lovaniensia Jozef Ijsewijn, 1998-02-15 Volume 47 *The Oxford Anthology of Roman Literature* Peter E. Knox, J. C. McKeown, 2013-10-31 Though the wonders of ancient Roman culture continue to attract interest across the disciplines it is difficult to find a lively accessible collection of the full range of the era's literature in English The Oxford Anthology of Roman Literature provides a general introduction to the literature of the Roman empire at its zenith between the second century BC and the second century AD Two features of this extraordinarily fertile period in literary achievement as evidenced by this anthology are immediately and repeatedly clear how similar the Romans view of the world was to our own and perhaps even more obviously how different it was Most of the authors included in the anthology wrote in Latin but as the anthology moves forward in time relevant Greek texts that reflect the cultural diversity of Roman literary life are also included something no other such anthology has done in the past Roman literature was wonderfully creative and diverse and the texts in this volume were chosen from a broad range of genres drama epic philosophy satire lyric poetry love poetry By its very nature an anthology can abbreviate and thus obscure the most attractive features of even a masterpiece so the two editors have not only selected texts that capture the essence of the respective authors but also have included accompanying introductions and afterwords that will guide the reader in pursuing further reading The presentations of the selections are enlivened with illustrations that locate the works within the contexts of the world in which they were written and enjoyed The student and general reader will come away from this learned yet entertaining anthology with a fuller appreciation of the place occupied by literature in the Roman world Reading The Waste Land from the Bottom Up A. Booth, 2015-05-06 A guidebook to the allusions of T S Eliot's notorious poem The Waste Land Reading The Waste Land from the Bottom Up utilizes the footnotes as a starting point

opening up the poem in unexpected ways Organized according to Eliot's line numbers and designed for both scholars and students chapters are free standing and can be read in any order

Ancient Rome Paul A. Zoch, 2012-11-28 The events and personalities of ancient Rome spring to life in this history from its founding in 753 B C to the death of the philosopher emperor Marcus Aurelius in A D 180 Paul A Zoch presents in contemporary language the history of Rome and the stories of its protagonists such as Romulus and Remus Horatius and Nero which are so often omitted from more specialized studies With an eye detail Zoch guides his readers through the military campaigns and political developments that shaped Rome's rise from a small Italian city to the greatest imperial power the world had ever known We witness the long struggle against the enemy city of Carthage We follow Caesar as he campaigns in Britain and we observe the ebb and flow of Rome's fortunes in the Hellenistic East Writing with the belief that such stories contain moral lessons that are relevant today Zoch presents a narrative that is both entertaining and informative An afterword takes the history to the fall of the Roman Empire in the West in A D 476
