

A UFO is positioned at the top of the frame, emitting a powerful, bright white beam of light that extends down to the bottom of the image. The background is a dark, starry space. At the very bottom, a person in a red suit is visible, looking up at the light beam. The text "SAUCERS SPEAK PART 2" is overlaid on the lower half of the image, and the website "ginnianeja.com" is visible in two locations.

Saucers Speak:

The Saucers Speak George H. Williamson, 1996-09 1954 George H Williamson served with the Army Air Corps during World War II as Radio Director for the AAF Technical Training Command as a member of Headquarters Staff He received the Army Commendation Award from Brig Gen C W Lawrence for his outst **Saucers Speak** Alfred C Baker, 1989-07 The Saucers Speak George Hunt Williamson, Brother Philip, Alfred Bailey, 2012-09-26 SETI HAS IT ALL WRONG THERE IS INTELLIGENT LIFE IN THE COSMOS AND WE HAVE ALREADY COMMUNICATED WITH BEINGS ON OTHER WORLDS AND IN OTHER DIMENSIONS It is not necessary to construct giant interstellar telecommunication dishes at the cost of millions of dollars to send amateurish binary signals out into the universe The late George Hunt Williamson was able to establish radio communications with the occupants of UFOs as far back as 1952 approximately the same time the Air Force sent up a Top Secret project known as MQ707 which was an official attempt to establish telecommunications with space beings in order to get them to land at Edwards Air Force Base where it is claimed that President Eisenhower later met with Ultra Terrestrials face to face Furthermore the FCC along with other government agencies has been checking out reports of mysterious interference over various broadcast frequencies Whether it s a powerful TV station in England high frequency channels reserved strictly for astronaut communication ham radio sets or CB equipment some unknown source on or off the planet has the ability to cut in and take over the airwaves as they see fit Is there perhaps a breakaway civilization headquartered on Earth that we know nothing about and yet we are able to overhear their chatter just like the government listens in to the foreign transmissions of potential terrorists If this communication is going on perhaps both ways what is the conversation all about and is it of benefit to us now in practical everyday terms This is CENSORED information that has been kept from the public The truth is we have been calling occupants of interplanetary craft FOR DECADES and guess what THEY HAVE BEEN ANSWERING OUR CALLS Editor s Note George Hunt Williamson was a well known UFO contactee in the 1950s having testified that he was one of the witnesses to the contact claims of George Adamski Just outside of Sun City William watched as Adamski came face to face with a human looking being from another planet who left his footprints in the sand and communicated via mental telepathy Williamson was also a long time anthropologist who had discovered that almost all Native Americans had passed along from one generation to the next stories of strange visitors who came down from the stars One of the legends referred to the Gin Guin or the Earth rumblers or the Wheels that rumble the earth The story in essence is this At various times a rotating wheel or whirling wheel sometimes surrounded by a cloud would descend and lightning would sometimes be seen to shoot from it Then out of it would step a young fair haired man whom they called Bococitti the fair haired god who comes from the heavens Stories like these are found throughout the U S and in fact almost all primitive people throughout the world seem to have the same kind of legends **The Saucers Speak!** George Hunt Williamson, Alfred C. Bailey, 1954 The Saucers Speak George Hunt Williamson, 1963 Signs of the Saucers J. D.

Johnson,1996 *Signs of the Saucers* presents feasible and cogent analysis of the UFO phenomenon projected from an Adventist s biblical and Spirit of Prophecy perspective The author focuses his book on the prophetic related role that UFOs may play in the final engagement of the spiritual crisis between Christ and Satan ***Lost Continents & the Hollow Earth*** David Hatcher Childress,Richard S. Shaver,1999 This book is Childress thorough examination of the early hollow earth stories of Richard Shaver and the fascination that fringe fantasy subjects such as lost continents UFOs and the hollow earth have had on people Shaver s rare 1948 book *I Remember Lemuria* is reprinted in its entirety and the book is packed with illustrations from Ray Palmer s *Amazing Stories* issues of the 1940s Childress discusses famous hollow earth books and delves deep into whatever reality may be behind the stories of tunnels underground **Contactees** Nick Redfern,Nicholas Redfern,2010-01-01 We are not alone and Nick Redfern can prove it *Contactees* contains the fascinating stories of the select group of people chosen by visitors to Earth to spread their message Are aliens really among us Don t be too quick to dismiss their claims This book relates their thought provoking lluminating controversial and sometimes bizarre stories in all their appropriately out of this world glory **The Incredible Life of George Hunt Williamson** Michel Zirger and Maurizio Martinelli,2016-02-09 The first comprehensive biography of a true pioneer George Hunt Williamson A world premiere Most of the information results from the perseverance the passion and the painstaking investigative efforts of researcher and author Michel Zirger The reader will find a great many revelations in particular about the first Close Encounter of the Third Kind in modern times at the end of which photographs and plaster casts of alien footprints were made the unexpected connection between Williamson and the famous Italian Amicizia Friendship case and his mystical stay in the Andes Williamson s life is totally revisited thanks to unpublished documents now in Michel Zirger s possession which will end errors and gossip that has been rehashed for decades We owe Williamson for the concept of Ancient Aliens developed in seminal books such as *Other Tongues* *Other Flesh* *Secret Places of the Lion Road in the Sky* and *Secret of the Andes* Maurizio Martinelli s erudition offers innovative insights on certain aspects of George Hunt Williamson s life for instance the affinities of his work with that of Zecharia Sitchin Martinelli is the Italian specialist of George Hunt Williamson An accurate researcher with a fair and balanced view he forms the perfect tandem with Michel Zirger to decipher the life and work of this enigmatic figure whose influence remains strong in the field of ufology and esotericism **The Myth and Mystery of UFOs** Thomas E. Bullard,2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard

views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth
