In the Company of Children Horace Puglisi, 2013-05-07 Good teachers do much more than instructing children They develop a relationship built on trust honesty humor and above all love When two or more students discuss varied ways to solve problems we have the beginnings of a creative dialogue which is the root of inventiveness and a direct path to successful collaboration skills Too often we do not recognize the value of friendships that is buoyed up by the brotherhood or sisterhood among children There is a force that flows between them an invisible understanding cementing their friendship **The Apothecary's Daughter** Julie Klassen, 2009-01-01 Lillian Haswell brilliant

daughter of the local apothecary yearns for more adventure and experience than life in her father's shop and their small village provides. She also longs to know the truth behind her mother's disappearance which villagers whisper about but her father refuses to discuss. Opportunity comes when a distant aunt offers to educate her as a lady in London. Exposed to fashionable society and romance as well as clues about her mother, Lilly is torn when she is summoned back to her ailing father's bedside. Women are forbidden to work as apothecaries so to save the family legacy Lilly will have to make it appear as if her father is still making all the diagnoses and decisions. But the suspicious eyes of a scholarly physician and a competing apothecary are upon her. As they vie for village prominence three men also vie for Lilly's heart.
