Saving Remnant An Account Of Jewish Surv:

The Saving Remnant Herbert Agar (Historian, Publisher, United States),1962 The Saving Remnant Herbert Agar,1960 **The Holocaust** Norman Goda,2016-11-03 The Holocaust Europe the World and the Jews is a readable text for undergraduate students containing sufficient but manageable detail The author provides a broad set of perspectives while emphasizing the Holocaust as a catastrophe emerging from an international Jewish question This text conveys a sense of the Holocaust s many moving parts It is arranged chronologically and geographically to reflect how persecution experience and choices varied over different periods and places Instructors may also take a thematic approach as the chapters have distinct sections on such topics as German decisions Jewish responses bystander reactions and other themes *Survival* Adam Y. Stern,2021-03-26 For a world mired in catastrophe nothing could be more urgent than the question of survival In this theoretically and methodologically groundbreaking book Adam Y Stern calls for a critical reevaluation of survival as a contemporary regime of representation In *Survival* Stern asks what texts what institutions and what traditions have made survival a recognizable element of our current political vocabulary The book begins by suggesting that the interpretive key lies in the discursive prominence of Jewish survival Yet the Jewish example he argues is less a marker of Jewish history than an index of Christianity s impact on the modern secular political imagination With this inversion the book repositions Jewish survival as the supplemental effect and mask of a more capacious political theology of Christian survival The argument proceeds by taking major moments in twentieth century philosophy theology and political theory as occasions for collecting the scattered elements of survival s theological political archive Through readings of canonical texts by secular and Jewish thinkers Hannah Arendt Walter Benjamin Franz Rosenzweig and Sigmund Freud Stern shows that survival belongs to a history of debates about the sovereignty and subjection of Christ s body Interrogating survival as a rhetorical formation the book intervenes in discussions about biopolitics secularism political theology and the philosophy of religion **Hoover vs. Roosevelt** Hal Elliott Wert,2023-01-01 Herbert Hoover out of office since his defeat in 1932 by Franklin Roosevelt maintained a strong international reputation due to his achievements as an engineer and his success during World War I and beyond in organizing aid for the starving millions of Europe And yet in nearly all accounts of the ferocious debate over American aid to Europe before the United States entered World War II Hoover s role has been overlooked Hoover vs Roosevelt tells the story of American efforts to stay out of war following the German invasion of Poland Historian Arthur Schlesinger Jr called it the most savage political debate of my lifetime Both men fiercely disagreed on how to respond but the heart of their disagreement was over aid for the huge numbers of Polish refugees flooding into neighboring countries and those that were left behind Hoover found Roosevelt s policy of limited emergency aid unacceptable countering by rapidly assembling teams comprised of talented people who had served in prior Hoover relief organizations Here for the first time are the courageous stories of those that achieved that success in Romania Hungary and Lithuania When the Soviets invaded

Finland on November 30 Hoover assisted the Finns by conducting a Hollywood star studded campaign spearheading nation wide support for this small country But Hoover s relief efforts were complicated by his burning ambition to obtain the Republican presidential nomination a second opportunity to defeat Roosevelt For Roosevelt Hoover s relief successes threatened to derail his limited aid policy which aimed to conserve resources to assist Britain and France and could also cost the president votes Politics aside Hoover wars in the first year of the war succeeded in forcing Roosevelt to provide far more aid than intended Hoover s victory the only one achieved in his battles with Roosevelt accomplished relief for hundreds of thousands in need Widely and deeply researched in an array of rarely used secondary and primary sources both domestic and international Hoover vs Roosevelt reveals the story of the two contenders battles over feeding Europe and going to war

The Jdc at 100 Linda G. Levi,Maud S. The Cyprus Detention Camps Yitzhak Teutsch, 2019-07-23 Beginning in August 1946 stateless and visaless Jews most of them survivors of the Nazi death camps who sought to immigrate to the Land of Israel were intercepted by the Royal Navy and deported to the nearby island of Cyprus where they were detained in camps surrounded by barbed wire Despite occupying a dramatic and fateful position in modern history this saga has remained largely inaccessible due to the widespread dispersal of the primary sources and the linguistic difficulties presented by them To address these problems this book scrutinizes the scholarly literature consulting hundreds of primary sources many of them previously unknown on three continents bringing together interviews with scores of eyewitnesses and translating foreign language terms into English The result is a comprehensive meticulously footnoted guide that uses such tools as maps a detailed timeline and biographical entries to make this riveting saga accessible to a broad audience of scholars and general readers **Raoul Wallenberg** Harvey Rosenfeld, 2005 The updated version of this authoritative biography of Wallenberg offers a closing to the greatest unsolved mystery of the Rosenfeld's lucid evaluation of the evidence pro and con is the most sensible so far this is the book of choice for those who want the most complete account of Wallenberg's heroism and martyrdom Publishers Weekly **From Catastrophe to Power** Idith Zertal, 2023-12-22 In a book certain to generate controversy and debate Idith Zertal boldly interprets a much revered chapter in contemporary Jewish and Zionist history the clandestine immigration to Palestine of Jewish refugees most of them Holocaust survivors that was organized by Palestinian Zionists just after World War II Events

that captured the attention of the world such as the Exodus affair in the summer 1947 are seen here in a strikingly new light. At the center of Zertal's book is the Mossad, a small unorthodox Zionist organization whose mission beginning in 1938 was to bring Jews to Palestine in order to subvert the British quotas on Jewish immigration. *From Catastrophe to Power* scrutinizes the Mossad's mode of operation, its ideology and politics, its structure and history, and its collective human profile as never before. Zertal's moving story sweeps across four continents and encompasses a range of political cultures and international forces. But underneath this story, another darker and more complex plot unfolds: the special encounter between the Zionist revolutionary collective and the mass of Jewish remnant after the Holocaust. According to Zertal, this psychologically painful yet politically powerful encounter was the Zionists' most effective weapon in their struggle for a sovereign Jewish state. Drawing on primary archival documents and new readings of canonical texts of the period, she analyzes this encounter from all angles: political, social, cultural, and psychological. The outcome is a gripping and troubling human story of a crucial period in Jewish and Israeli history, one that also provides a key to understanding the fundamental tensions between Israel and the Jewish communities and Israel and the world today. In a book certain to generate controversy and debate, Idith Zertal boldly interprets a much-revered chapter in contemporary Jewish and Zionist history: the clandestine immigration to Palestine of Jewish refugees, most of them Holocaust survivors, that was.

The Jewish Holocaust Marty Bloomberg, Buckley Barry Barrett, 1995-01-01. This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas: reference materials, European antisemitism, background materials, the Holocaust years, Jewish resistance,

American Jewish Life, 1920-1990 Jeffrey S. Gurock, 2013-10-23. This volume contains articles on Jewish life from 1920 to the present. Its entries include studies of the economy and migration in postwar America; the impact of Holocaust survivors on American society and the reaction to gender stereotypes within American culture.

Nazism, the Jews and American Zionism, 1933-1988 Aaron Berman, 1992. An investigation of the response of American Jews to Nazism and the extermination of European Jewry. The demand for Jewish statehood politicized the rescue issue and made it impossible to appeal for American aid on purely humanitarian grounds. Berman tries to understand the constraints within which American Jews operated. Annotation copyrighted by Book News, Inc., Portland, OR.
