*Genesis of the Shakespearean Works* Peter D Matthews,2017-06-11 This book is the result of fourteen years research scrutinizing thousands of historical documents Dr Matthews reveals never before seen facts regarding the earliest quartos and the first folio even new research into the leather cover of the Bodleian first folio and how that particular copy came into the possession of the Turbutt family Dr Matthews has forensically dated the majority of the Shakespearean plays twenty years before earlier scholars such as Rowe Malone and Chambers some plays dated as early as 1561 1559 and 1558 up to six years before William Shakespeare was born Dr Matthews exemplary philosophical dissertation of the Shakespearean works and its critics reveals much about the identity of the real authors A unique reference work essential to Shakespearean scholars and students alike this crucial work redates the Shakespearean works scrutinizes each candidate and definitively answers the authorship debate *Staging Shakespeare* Brian Kulick,2021-07-29 This book begins with a phone call You answer it and learn that you got the job Several months from now you re going to stage a Shakespeare play Now what do you do I mean what do you do after that initial burst of adrenalin has passed through your body and you realize you haven t a

clue as to what the play is really about or what you might want to do with it How exactly do you prepare for such an equally wonderful and daunting task This is the central question of this book It grows out of decades of preparing for Shakespeare productions and watching others do the same It will save you some of the panic wasted time and fruitless paths experienced It guides you through the crucial period of preparation and helps focus on such issues as What Shakespeare's life work and world can tell us What patterns to look for in the text What techniques might help unpack Shakespeare's verse What approaches might unlock certain hidden meanings What literary lenses might bring things into sharper focus What secondary sources might lead to a broader contextual understanding What thought experiments might aid in visualizing the play Ultimately this book draws back the curtain and shows how the antique machinery of Shakespeare's theatre works The imaginative time span begins from the moment you learn that on such and such date you will begin rehearsing such and such Shakespeare play Our narrative clock starts ticking the moment you put down the phone and stops when you arrive at the rehearsal hall and begin your first table read So much of what will be the success or failure of a director's project rests on this work that is done before rehearsals even begin

**The History of British Literature on Film, 1895-2015** Greg M. Colón Semenza, Bob Hasenfratz, Robert J. Hasenfratz, 2017-01-26 From The Death of Nancy Sykes 1897 to The Hobbit The Battle of the Five Armies 2014 and beyond cinematic adaptations of British literature participate in a complex and fascinating history The History of British Literature on Film 1895 2015 is the only comprehensive narration of cinema's 100 year old love affair with British literature Unlike previous studies of literature and film which tend to privilege particular authors such as

Shakespeare and Jane Austen or particular texts such as Frankenstein or particular literary periods such as Medieval this volume considers the multiple functions of filmed British literature as a cinematic subject in its own right one reflecting the specific political and aesthetic priorities of different national and historical cinemas In what ways has the British literary canon authorized and influenced the history and aesthetics of film and in what ways has filmed British literature both affirmed and challenged the very idea of literary canonicity Seeking to answer these and other key questions this indispensable study shows how these adaptations emerged from and continue to shape the social artistic and commercial aspects of film history

**Notes and Queries**, 1927 **Lives of the Most Eminent Literary and Scientific Men of Great Britain, 2**, 1837 Beowulf the Jute; His Life and Times William Pearson, 2017-06-26 The epic poem Beowulf has been explored by many scholars but personal acquaintance revealed that some important aspects always seem to have been overlooked This book's intention was to correct such omissions but discrepancy turned out to be widespread Rather than being solely a contribution to Scandinavia's history the material mainly illustrates aspects of English origins as viewed by one of their own kind A post Roman doomed culture arose in eastern England Largely ignored in English records the history of this is obscure but the geography is even more so since reliable place names are but few The poem predominantly served as an allegorical tool and laced with folklore was used to comment on the behaviour of those in leadership roles both in politics and religion Synthesis even allows an identity to be suggested for the poet
