**Semigroups of Linear and Nonlinear Operations and Applications** Gisèle Ruiz Goldstein, Jerome Goldstein, 2012-12-06 This is the first publication which follows an agreement by Kluwer Publishers with the Caribbean Mathematics Foundation CMF to publish the proceedings of its mathematical activities To which one should add a disclaimer of sorts namely that this volume is not the first in a series because it is not first and because neither party to the agreement construes these publications as elements of a series Like the work of CMF the arrangement between it and Kluwer Publishers evolved gradually empirically CMF was created in 1988 and inaugurated with a conference on Ordered Algebraic Structures Every year since there have been gatherings on a variety of mathematical topics Locales and Topological Groups in 1989 Positive Operators in 1990 Finite Geometry and Abelian Groups in 1991 Semigroups of Operators last year It should be stressed however that in preparing for the first conference there was no plan which might have augured what came after One could say that one thing led to another and one would be right enough      *Semigroups of Linear and Nonlinear Operations and Applications* Gisele Ruiz Goldstein, Jerome Goldstein, 2014-01-15      *Positive Operators and Semigroups on Banach Lattices*, 1992
