Reconciliation after Terrorism Judith Renner,Alexander Spencer,2012-03-12 Reconciliation after Terrorism brings together scholars from the hitherto disparate fields of terrorism and reconciliation studies in order to examine whether reconciliation is a possible strategy for dealing with and ending a terrorist conflict Although terrorist activities often play a role in situations of conflict and transition terrorists are generally not taken into consideration as active participants by researchers and practitioners In some cases the terrorists turn into political actors during the reconciliation process and their past is not an issue anymore as it was the case with the ANC in South Africa This book examines the notion of reconciliation with terrorists from a theoretical and empirical perspective The notion of engagement and reconciliation with terrorist groups is generally seen as problematic if not impossible This is somewhat surprising given that the idea of societal reconciliation has become a common response to state terror although not usually in situations of conflict with sub state terrorist actors Similar to state terror sub state terrorism is a sign of a deep societal rift which reconciliation measures may help to overcome The text investigates the reconciliatory process further raising the central questions a what constitutes reconciliation as a process and an outcome and b how can reconciliation be facilitated in a situation of social conflict This book will be of much interest to students of terrorism studies transitional justice conflict resolution peace and conflict studies and IR in general Reconciliation after Terrorism was featured in the Terrorism Bookshelf Top 150 Books on Terrorism and Counterterrorism selected and reviewed by Joshua Sinai Perspectives on Terrorism Vol 6 No 2 2012
