**Radical Transformations in Minority Religions** Beth Singler, Eileen Barker, 2021-11-21 All religions undergo continuous change but minority religions tend to be less anchored in their ways than mainstream traditional religions This volume examines radical transformations undergone by a variety of minority religions including the Children of God Family International Gnosticism Jediism various manifestations of Paganism LGBT Muslim groups the Plymouth Brethren Santa Muerte and Satanism As with other books in the Routledge Inform series the contributors approach the subject from a wide range of perspectives professional scholars include legal experts and sociologists specialising in new religious movements but there are also chapters from those who have experienced a personal involvement The volume is divided into four thematic parts that focus on different impetuses for radical change interactions with society technology and institutions efforts at legitimation and new revelations This book will be a useful source of information for social scientists historians theologians and other scholars with an interest in social change minority religions and cults It will also be of interest to a wider readership including lawyers journalists theologians and members of the general public *A Psychological Inquiry into the Meaning and Concept of Forgiveness* Jennifer Sandoval, 2017-02-17 This book explores the psychological nature of forgiveness for both the subjective ego and what Jung called the objective psyche or soul Utilizing analytical archetypal and dialectical psychological approaches the notion of forgiveness is traced from its archetypal and philosophical origins in Greek and Roman mythology through its birth and development in Judaic and Christian theology to its modern functional character as self help commodity relationship remedy and global necessity Offering a deeper understanding of the concept of true forgiveness as a soul event Sandoval reveals the transformative nature of forgiveness and the implications this notion has on the self and analytical psychology **Depth Psychology and Mysticism** Thomas Cattoi, David M. Odorisio, 2018-05-16 Since the late 19th century when the new science of psychology and interest in esoteric and occult phenomena converged leading to the discovery of the unconscious the dual disciplines of depth psychology and mysticism have been wed in an often unholy union Continuing in this tradition and the challenges it carries this volume includes a variety of inter disciplinary approaches to the study of depth psychology mysticism and mystical experience spanning the fields of theology religious

studies and the psychology of religion Chapters include inquiries into the nature of self and consciousness questions regarding the status and limits of mysticism and mystical phenomenon and approaches to these topics from multiple depth psychological traditions      From Career to Calling Suzanne Cremen,2020-04-28 Finalist in the Australian Career Book Award 2020 supported by the Royal Society of Arts Oceania Finding and following an authentic calling challenges us to bridge both the intuitive soulful and the hard edged material dimensions of everyday life From Career to Calling A Depth Psychology Guide to Soul Making Work in Darkening Times opens new avenues for vocational exploration and career inquiry in an imaginative way This unique book draws on insights from the field of Jungian and archetypal psychology to reimagine our attitudes and approaches to work money vocational guidance and career development As people find themselves disillusioned with or disenfranchised from capitalist notions of work and career Suzanne Cremen s interdisciplinary approach illuminates how a creative meaningful and influential work life can emerge from attending to the archetypal basis of experience Interweaving elements of her own journey Cremen connects individual experience with the collective in an original way spotlighting depression in the legal profession marginalization of the feminine principle in work environments and how understanding the roots of our cultural complexes can spark personal callings which facilitate collective transformation Blending compelling real life stories with robust scholarly analysis and reflective activities this book will help practitioners to support individuals to develop a sense of their soul s calling and offer guidance on creating an authentic vocational life within the constraints of the contemporary era Additionally it will be invaluable to those in career transition re discovering their purpose at the end of a career or commencing work life      **Depth Psychology, Cult Survivors, and the Role of the Daimon** Linda R. Quennec,2024-06-10 This book explores the possibilities that exist for navigating out of and away from multiple levels of oppression through memoir based research It considers how those raised in oppressive high demand communities colloquially referred to as cults can emancipate themselves from controls and expectations inculcated from early childhood and examines processes surrounding the psychological reclamation of self Exploring and metaphorically tending to an orienting psychological dynamic that the ancient Greeks related to as the daimon and using the perspectives of Jungian and post Jungian depth psychology the author investigates how subjects can reclaim agency and avoid excessive control over their thoughts attention and life s intentions They suggest that depth psychologically oriented modes can be used to this attunement and explore this notion through a study of memoirs of individuals who were raised in cults Suggesting a more aligned approach to working with varying levels of psychological constraint and utilizing a phenomenological hermeneutic study it will appeal to scholars and professionals in depth psychology and other psychological orientations as well as individuals who are interested in more deeply understanding the psychological mechanisms involved in leaving a high demand group or other oppressive situations      Psychoanalytic Conversations with States of Spirit Possession Shalini Masih,2023-10-16 Shalini Masih grew up in a stimulating environment of priests and healers witnessing

firsthand states of spirit possession and exorcism In adulthood she revisited these experiences motivating her to extend psychoanalysis outside the clinic's realms into spaces of traditional healing The outcome of her detailed exploration acknowledges the hugely productive interface between cultural manifestations and concerns of psychoanalysis without reducing the phenomenon of spirit possession to something formulaic Instead *Psychoanalytic Conversations with States of Spirit Possession Beauty in Brokenness* highlights the intrinsic beauty of this complex experience illustrating relevant themes through culturally sensitive psychoanalytic conversations with participants who felt haunted and possessed by ghosts The author's journey reveals the ghosts of her own inner world She draws upon her reveries dreams and nightmares to make sense of the unconscious processes in her informant's testimonies journeys that are so often undertaken from one grotesque ghost to another until these ghastly beings reappear as broken part selves in search of the glue of spiritual meaning

**Senex & Puer** James Hillman, 2021-06-29 Edited by Glen Slater Senex the puer flashes with insight and thrives on fantasy and creativity These diverging conflicting tendencies are ultimately interdependent forming two faces of the one configuration each face never far from the other Old and new maybe the most direct terms for the pair They represent two very different ways of entering the world but are oddly dependent on one another *Daimonic Imagination* Patrick Curry, William Rowlandson, 2013-07-16 From the artistic genius to the tarot reader a sense of communication with another order of reality is commonly affirmed this other may be termed god angel spirit muse daimon or alien or it may be seen as an aspect of the human imagination or the unconscious in a psychological sense This volume of essays celebrates the daimonic presence in a diversity of manifestations presenting new insights into inspired creativity and human beings relationship with mysterious and numinous dimensions of reality In art and literature many visual and poetic forms have been given to the daimonic intelligence and in the realm of new age practices encounters with spirit beings are facilitated through an increasing variety of methods including shamanism hypnotherapy mediumship and psychedelics The contributors to this book are not concerned with proving or disproving the existence of such beings Rather they paint a broad canvas with many colours evoking the daimon through the perspectives of history literature encounter and performance and showing how it informs and has always informed human experience *Real Teams Win* Thomas L. Steding, 2020-12-01 Highly respected Silicon Valley turn around expert Thomas L Steding presents his proven leadership process for achieving peak performance Thomas Steding has seen first hand that the leadership skills that can take an organization from poor to peak performance and outdistancing its competition were not taught in business schools or management seminars or even a part of the leadership conversation *Real Teams Win* is the culmination of Steding's four decades of high impact methods that offer real change from within the organization with real results that work really fast by accessing the untapped unseen intelligence of deep imagination as well as the superior creativity and intelligence of the connected team **The Life and Ideas of James Hillman** Dick Russell, 2013-05-09 Considered to be the world's foremost post Jungian thinker James Hillman is known as the

collective psychic filtering system of emotions ideas and beliefs that possess the United States today With chapters by an international selection of leading authors the book covers ideas both broad and specific and presents unique insight into the current state of the nation The voices included in this volume amplify contemporary concerns linking them to themes which have existed in the American psyche for decades while also looking to the future Part One examines meta themes including history purity dominion and democracy in the age of Trump Part Two looks at key complexes including race gender the environment immigration national character and medicine The overall message is that it is in wrestling with these complexes that the soul of America is forged or undone This highly relevant book will be essential reading for academics and students of Jungian and post Jungian ideas politics sociology and American studies It will also be of great interest to Jungian analysts in practice and in training and anyone interested in the current state of the US

**Constructions of Gender in Religious Traditions of Late Antiquity** Kathy Ehrensperger, Juni Hoppe, Shayna Sheinfeld, 2024-03-26 This volume examines questions concerning the construction of gender and identity in the earliest days of what is now Judaism Christianity and Islam Methodologically explicit the contributions analyze textual and material sources related to these religious traditions in their cultural contexts The sources examined are predominantly products of patriarchal elite discourses requiring innovative approaches to unveil aspects of gender otherwise hidden This volume extends the discussion represented in the volume Gender and Second Temple Judaism 2020 and highlights the fruitfulness of interdisciplinary research beyond anachronistic discipline distinctions

**By Jove! The Meaning of the Astrological Jupiter** Liz Greene, 2025-04-14 Jupiter has been perceived for centuries as the Greater Benefic and many astrologers assume that this planet will always herald good fortune opportunities for betterment and material and emotional rewards Sometimes this interpretation is entirely valid At other times it isn't Jupiter's expression in an individual life and on a collective level is rarely simple and sometimes anything but benefic and Jupiter transits can reveal a contradictory picture Sometimes great opportunities arise and life is enhanced Sometimes the transit coincides with the collapse of relationships financial hardship the onset of serious illness and even death Sometimes both expressions occur at once And in natal charts Jupiter aspects are not always benign in the accepted sense of the word In astrology several planets are associated with complexity and mystery especially Neptune and Pluto But Jupiter is in some ways the most enigmatic of all the heavenly bodies in our solar system What does Jupiter really symbolise These three seminars given by Liz Greene for CPA and MISPA students in 2021 explore the enigmatic paradoxical and unpredictable Jupiter to find a clearer understanding of this tricky and magical planet

Cinema and Psyche in Analytical Psychology Joanna Dovalis, John Izod, 2025-04-15 Peering into the unconscious through cinema can give audiences an uncanny feeling about what lives in the beyond something alien to consciousness This book creates psychological interpretations of films that lend themselves to the depths and investigates the personal and cultural appeal of cinema as a powerful art form The selected films examined in this book circle around the process of individuation focussing on different

aspects of intellectual and emotional life from a Jungian lens The first group of movies centres on three films following plotlines that extend beyond the norms of routine drama delving into alien territory The second group presents three more films that by comparison with the first can be seen as typical dramas that focus on motifs of relationships In the final chapter the authors reflect on their own individuation journeys and life experiences that have informed the productive nature of their work together This book will be of interest for therapists students and academics working in film studies looking to engage in psychological studies in depth as well as film goers who want to explore their relationship to the screen Copenhagen 2013 - 100 Years On: Origins, Innovations and Controversies Emilija Kiehl, 2015-12-25 The Nineteenth Triannual Congress of the International Association for Analytical Psychology IAAP was held in Copenhagen Denmark from August 18-23 2013 Copenhagen 2013 100 years on Origins Innovations and Controversies was the theme honoring the psychological transformations experienced by C G Jung beginning in 1913 while also reflecting upon the evolving world and Jungian Community a century later **Contemporary Voices on Individuation** Giorgio Tricarico, 2024-11-28 This new collection of essays by a range of Jungian analysts and scholars seeks to address the concept of individuation in contemporary times and reflects on its meaning within the 21st century The concept of individuation is at the core of Analytical Psychology and can be considered the main legacy of C G Jung's body of work And yet in the collective culture Jung seems to be mostly associated with the concepts of archetypes collective unconscious and psychological types Opening with a compelling conversation on the topic with Professor Sonu Shamdasani the authors within this volume will delve into the concept of individuation and explore it in conjunction with clinical processes synchronicities the geopolitics of psychology and decolonial reciprocity traditional healers and the Grail Legend homosexuality and identity politics polyamory and co-individuation and with temporality and mortality Featuring a wide range of perspectives from an international cast of authors this volume will be of great interest to Jungian analysts students and scholars interested in depth psychology and Jungian theory and anyone wanting to learn more about individuation **Spiritual Philosophers: From Schopenhauer to Irigaray** Richard White, 2020-02-20 How does thinking illuminate the spiritual view of life How does a close examination of key spiritual thinkers help us to live in the modern world And in what way does philosophy enhance spirituality In this book Richard White answers these questions by analysing a range of important philosophers from Schopenhauer in the first half of the 19th century to Irigaray in the present day Each chapter examines the work of a single writer and one closely associated theme such as Nietzsche on generosity Benjamin on wisdom and Derrida on mourning The author looks at philosophy and spirituality in the tradition of continental philosophy and he views spirituality as something that can be separated from religion With the rise of reductive scientific materialism becoming ever more prevalent in modern society White seeks to recover the idea of a spiritual tradition which is not otherworldly but philosophical in nature The thinkers discussed in this book articulate some of the deepest possibilities of human existence *Spiritual Philosophers* offers an approach to philosophy

as a spiritual practice which the author sees as an integral part of our life As a pioneering work in an emerging field the philosophy of spirituality this book contributes to several key debates surrounding spirituality theology and the role of philosophy in the contemporary world

**A Fractal Epistemology for a Scientific Psychology** Terry Marks-Tarlow, Yakov Shapiro, Katthe P. Wolf, Harris L. Friedman, 2020-01-06

Fractal dynamics provide an unparalleled tool for understanding the evolution of natural complexity throughout physical biological and psychological realms This book s conceptual framework helps to reconcile several persistent dichotomies in the natural sciences including mind brain linear nonlinear subjective objective and even personal transpersonal processes A fractal approach is especially useful when applied to recursive processes of consciousness both within their ordinary and anomalous manifestations This novel way to study the interconnection of seemingly divided wholes encompasses multiple dimensions of experience and being It brings together experts in diverse fields neuropsychologists psychiatrists physicists physiologists psychoanalysts mathematicians and professors of religion and music composition to demonstrate the value of fractals as model method and metaphor within psychology and related social and physical sciences The result is a new perspective for understanding what has often been dismissed as too subjective idiosyncratic and ineffably beyond the scope of science bringing these areas back into a natural scientific framework
