The Routledge History of Literature in English Ronald Carter, John McRae, 2001 This is a guide to the main developments in the history of British and Irish literature charting some of the main features of literary language development and highlighting key language topics **Lies that Tell the Truth** Anne C. Hegerfeldt, 2005 Magic realism has long been treated as a phenomenon restricted to postcolonial literature Drawing on works from Britain *Lies that Tell the Truth* compellingly shows how magic realist fiction can be produced also at what is usually considered to be the cultural centre without forfeiting the mode's postcolonial attitude and aims A close analysis of works by Angela Carter Salman Rushdie Jeanette Winterson Robert Nye and others reveals how the techniques of magic realism generate a complex critique of the West's rational empirical worldview from within a Western context itself Understanding magic realism as a fictional analogue of anthropology and sociology *Lies that Tell the Truth* reads the mode as a frequently humorous but at the same time critical

investigation into people's attempts to make sense of their world. By laying bare the manifold strategies employed to make meaning, magic realist fiction indicates that knowledge and reality cannot be reduced to hard facts but that people's dreams and fears, ideas, stories and beliefs must equally be taken into account.

A Love of Reading Robert Adams, 2011-01-14 Every year Robert Adams prepares a series of five reviews of contemporary novels to be delivered alone on a theatre stage to sold out audiences in Toronto and Montreal. In *A Love of Reading* Adams has now gathered 18 of his most brilliant reviews from Jack Maggs by Peter Carey and *The Poisonwood Bible* by Barbara Kingsolver to *A Fine Balance* by Rohinton Mistry and *Barney's Version* by Mordecai Richler. In them he skillfully interweaves a nimble and entertaining discussion of plot, theme and characterization with fascinating historical, biographical and literary context. He is repeatedly drawn to the spectacle of less than perfect humans making their way in a hostile world and as a result a review by Robert Adams is almost always a hugely satisfying mix of rich pathos and abundant humour. Famously Adams reads a book a day from which he selects only those novels that are truly extraordinary that have made him see some part of the world or some aspect of the human condition in a new light because for Adams the best books always take the reader on a journey with a destination very distant from the point of departure. It should be not only a journey of discovery, an exploration of the author's vision but also of risk. By matching one's own vision to that of the author, says Adams, the reader enters an exciting negotiation to produce a new vision of his own. This joint enterprise between reader and writer, the shared risk and the wonder of discovery is the foundation of *A Love of Reading*. For the last six years Robert Adams has presented an annual series of book reviews to sold out audiences. Eighty per cent of Adams' 3 000 subscribers in Toronto and Montreal renew for the following season. This book is a selection of modern classics from a discriminating and entertaining guide. Perfect for reading groups. Quill Quire noting the jump in sales of any book reviewed by Adams has called the phenomenon 'The Adams Effect'.
