studies It sheds light on essential aspects of religious experience and finds that the intimacy of the experience of time grants it the capacity to communicate across religious boundaries subtly transgressing obstacles to interreligious understanding

The Sabbath Soul Eitan Fishbane, PhD, 2012-01-24 Enter into the mystery of the Sabbath into the wonder and light of the seventh day We live in a world dominated by speed and distraction with demands for our attention at every turn We frequently forget the restorative blessing of stillness our desperate need for rest a rest that brings us back to the center of existence a calm that allows us to reconnect with the divine breath at the soul of All from the Introduction Enrich your spiritual experience of Shabbat by exploring the writings of mystical masters of Hasidism Drawing from some of the earliest teachings in the family of the Ba al Shem Tov through late nineteenth century Poland and the homilies of the Sefat Emet Eitan Fishbane evokes the Sabbath experience from candle lighting and donning white clothing to the Friday night Kiddush and the act of sacred eating Fishbane also translates and interprets a wide range of Hasidic sources previously unavailable in English that reflect the spiritual transformation that takes place on the seventh day one that can shift your awareness into the realm that is all soul Personal prayers of the Bratzlav Breslov Hasidic tradition express the spiritual dimension of Shabbat in the language of devotional and individual yearning Jewish Liturgical Reasoning Steven Kepnes, 2007-11-01 Liturgy a complex interweaving of word text song and behavior is a central fixture of religious life in the Jewish tradition It is unique in that it is performed and not merely thought Because liturgy is performed by a specific group at a specific time and place it is mutable Thus liturgical reasoning is always new and understandings of liturgical practices are always evolving Liturgy is neither preexisting nor static it is discovered and revealed in every liturgical performance Jewish Liturgical Reasoning is an attempt to articulate the internal patterns of philosophical ethical and theological reasoning that are at work in synagogue liturgies This book discusses the relationship between internal Jewish liturgical reasoning and the variety of external philosophical and theological forms of reasoning that have been developed in modern and post liberal Jewish philosophy Steven Kepnes argues that liturgical reasoning can reorient Jewish philosophy and provide it with new tools new terms of discourse and analysis and a new sensibility for the twenty first century The formal philosophical study of Jewish liturgy began with Moses Mendelssohn and the modern Jewish philosophers Thus the book focuses in its first chapters on the liturgical reasoning of Moses Mendelssohn Hermann Cohen and Franz Rosenzweig However it attempts to augment and further develop the liturgical reasoning of these figures with methods of study from Hermeneutics Semiotic theory post liberal theology anthropology and performance theory These newer theories are enlisted to help form a contemporary liturgical reasoning that can respond to such events as the Holocaust the establishment of the State of Israel and interfaith dialogue between Jews Christians and Muslims
