Sense Of Place American Regional Cultures:

Sense of Place Barbara Allen, Thomas J. Schlereth, 1992-10-23 Despite the homogenization of American life areas of strong regional consciousness still persist in the United States and there is a growing interest in regionalism both among the public and among academics In response to that interest ten folklorists here describe and interpret a variety of American regional cultures in the twentieth century Sense of Place is the first book to deal specifically with regional culture and the first to employ the perspective of folklore in the study of regional identity and consciousness **The Oxford Handbook of American Folklore and Folklife Studies** Simon J. Bronner, 2019 The Oxford Handbook of American Folklore and Folklife Studies surveys the materials approaches concepts and applications of the field to provide a sweeping guide to American folklore and folklife culture history and society Forty three comprehensive and diverse chapters explore the extraordinary richness of the American social and cultural fabric offering a valuable resource not only for scholars and students of American studies but also for the global study of tradition folk arts and cultural practice **Regionalism and the Humanities** Timothy R. Mahoney, Wendy J. Katz, 2008-12-01 Although the framework of regionalist studies may seem to be crumbling under the weight of increasing globalization this collection of seventeen essays makes clear that cultivating regionalism lies at the center of the humanist endeavor With interdisciplinary contributions from poets and fiction writers literary historians musicologists and historians of architecture agriculture and women this volume implements some of the most innovative and intriguing approaches to the history and value of regionalism as a category for investigation in the humanities In the volume s inaugural essay Annie Proulx discusses landscapes in American fiction comments on how she constructs characters and interprets current literary trends Edward Watts offers a theory of region that argues for comparisons of the United States to other former colonies of Great Britain including New Zealand Australia and Canada Whether considering a writer s connection to region or the idea of place in exploring what is meant by regionalism these essays uncover an enduring and evolving concept Although the approaches and disciplines vary all are framed within the fundamental premise of the humanities the search to understand what it means to be human [Encyclopedia of American Folklore](#) Linda Watts, 2020-07-01 Folklore has been described as the unwritten literature of a culture its songs stories sayings games rituals beliefs and ways of life Encyclopedia of American Folklore helps readers explore topics terms themes figures and issues related to this popular subject This comprehensive reference guide addresses the needs of multiple audiences including high school college and public libraries archive and museum collections storytellers and independent researchers Its content and organization correspond to the ways educators integrate folklore within literacy and wider learning objectives for language arts and cultural studies at the secondary level This well rounded resource connects United States folk forms with their cultural origin historical context and social function Appendixes include a bibliography a category index and a discussion of starting points for researching American folklore References and bibliographic material throughout the text

Burley Ann K. Ferrell,2013-06-28 Charming and classically handsome John Gilbert 1897 1936 was among the world s most recognizable actors during the silent era He was a wild swashbuckling figure on screen and off and accounts of his life have focused on his high profile romances with Greta Garbo and Marlene Dietrich his legendary conflicts with Louis B Mayer his four tumultuous marriages

and his swift decline after the introduction of talkies A dramatic and interesting personality Gilbert served as one of the primary inspirations for the character of George Valentin in the Academy Award winning movie *The Artist* 2011 Many myths have developed around the larger than life star in the eighty years since his untimely death but this definitive biography sets the record straight Eve Golden separates fact from fiction in *John Gilbert The Last of the Silent Film Stars* tracing the actor's life from his youth spent traveling with his mother in acting troupes to the peak of fame at MGM where he starred opposite Mae Murray Norma Shearer Joan Crawford Greta Garbo and other actresses in popular films such as *The Merry Widow* 1925 *The Big Parade* 1925 *Flesh and the Devil* 1926 and *Love* 1927 Golden debunks some of the most pernicious rumors about the actor including the oft repeated myth that he had a high pitched squeaky voice that ruined his career Meticulous comprehensive and generously illustrated this book provides a behind the scenes look at one of the silent era's greatest stars and the glamorous yet brutal world in which he lived **United States History** James Warren Oberly, 1995

Storytelling in Museums Adina Langer, 2022-06-22 With chapters written by a diverse set of practitioners from across the museum field and around the world *Storytelling in Museums* explores the efficacy and ethics of storytelling in museums The book shows how museums use personal local and specific stories to make visitors feel welcome while inspiring them to engage with new ideas and unfamiliar situations At the same time the book explores the responsibilities of museum practitioners toward the storytellers included in their narratives and how those responsibilities shift over time and manifest in different contexts The book's eighteen chapters represent a conversation among a diverse set of professionals for whom storytelling connotes their daily museum practice As educators collectors curators designers marketers researchers planners and collaborators the authors of this book consider the real work of storytelling from every angle From the inclusion of personal stories in educational programs to the meta narratives on display in exhibitions this book balances practical examples with ethical considerations placing the praxis of storytelling within the larger context of the 21st century museum The book moves beyond advocacy for storytelling as an essential part of the museum's toolkit to explore the many ways in which museums use personal stories and multiple storytelling techniques to support the larger public narratives embedded in their missions The contributors demonstrate how museums that emphasize storytelling from multiple angles can serve as a kind of counterpoint to our tendency to fixate on singular images of things we know little about They encourage museums to both acknowledge that they cannot control the narrative and to embrace their power to contribute to it through the multivalent multivocal stories they choose to share *Towns and Villages of the Lower Ohio* Darrel E. Bigham, 2021-12-14 America Enterprise Metropolis Cairo Rome These are a few of the grandly named villages and towns along the lower Ohio River The optimism with which early settlers named these towns reveals much about the history of American expansion Though none became the next great American city it was not for lack of ambition or entrepreneurial spirit Why didn't a major city develop on the lower Ohio What geographic economic and cultural factors caused one place to prosper and another to

with How did Evansville become the largest and most influential city in the region How did smaller cities such as Owensboro and Paducah succeed Regardless of how appealing a locale looked on the map luck fate culture and leadership all helped determine success or failure The fate of Cairo Illinois on paper an ideal site for a metropolis emphasizes the extent to which human decisions rather than physical landscape affected a town's prosperity The location of a canal or railroad terminus the construction of a factory or the activities of local boosters all mattered greatly Darrel Bigham examines these towns and villages from the 1790s when the first settlements appeared to the 1920s when the modern pattern of life associated with automobiles economic upheaval and mass culture emerged Bigham's intimate knowledge of the area offers a true sense of the towns and villages and discloses fundamental truths about the workings of the American dream

Archaeology, Narrative, and the Politics of the Past Julia A. King, 2012-07-15 In this innovative work Julia King moves nimbly among a variety of sources and disciplinary approaches archaeological historical architectural literary and art historical to show how places take on convey and maintain meanings Focusing on the beautiful Chesapeake Bay region of Maryland King looks at the ways in which various groups from patriots and politicians of the antebellum era to present day archaeologists and preservationists have transformed key landscapes into historical indeed sacred spaces The sites King examines include the region's vanishing tobacco farms St Mary's City established as Maryland's first capital by English settlers in the seventeenth century and Point Lookout the location of a prison for captured Confederate soldiers during the Civil War As the author explores the historical narratives associated with such places she uncovers some surprisingly durable myths as well as competing ones St Mary's City for example early on became the center of Maryland's founding narrative of religious tolerance a view commemorated in nineteenth century celebrations and reflected even today in local museum exhibits and preserved buildings And at Point Lookout one private group has established a Confederate Memorial Park dedicated to those who died at the prison thus nurturing the Lost Cause ideology that arose in the South in the late 1800s while nearby the custodians of a 1 000 acre state park avoid controversy by largely ignoring the area's Civil War history preferring instead to concentrate on recreation and tourism an unusually popular element of which has become the recounting of ghost stories As King shows the narratives that now constitute the public memory in southern Maryland tend to

overlook the region's more vexing legacies particularly those involving slavery and race. Noting how even her own discipline of historical archaeology has been complicit in perpetuating old narratives, King calls for research particularly archaeological research that produces new stories and counter narratives that challenge old perceptions and interpretations and thus convey a more nuanced grasp of a complicated past.

Environmental Sociology Leslie King, Deborah McCarthy Auriffeille, 2009-03-16 Environmental Sociology intended for use in Environmental Sociology courses uses sociological methods and perspectives to analyze key environmental issues. The reader is organized like an introduction to sociology reader and comprised of readings that are accessible to and interesting for undergraduates.

The Dynamics of Folklore Barre Toelken, 2013-02-01 One of the most comprehensive and widely praised introductions to folklore ever written, Toelken's discussion of the history and meaning of folklore is delivered in straightforward language, easily understood definitions, and a wealth of insightful and entertaining examples. Toelken emphasizes dynamism and variety in the vast array of folk expressions he examines, from the biology of folklore to occupational and ethnic lore, food ways, holidays, personal experience, narratives, ballads, myths, proverbs, jokes, crafts, and others. Chapters are followed by bibliographical essays, and over 100 photographs illustrate the text. This new edition is accessible to all levels of folklore study and an essential text for classroom instruction.

The Greenwood Library of American Folktales Thomas A. Green, 2006-09-30 Paul Bunyan, Br'er Rabbit, Bluebeard, and Billy the Kid—these are just some of the many characters alive today through folktales. A goldmine for students, storytellers, and general readers, this massive work gives easy access to the stories and legends that have captivated us for generations and continue to influence film, television, literature, and popular culture. The most ambitious undertaking of its kind, this collection conveniently groups American folktales by region and includes common and less familiar stories from a wide range of ethnic traditions. It also provides a generous sampling of electronic lore circulating on the Internet. Introductions, notes, appendices, and other helpful aids cover the fascinating background of these tales and bring them alive for students of history, literature, social studies, and the arts. Included are selections from various types of tales, such as legend, joke, tall tale, personal narrative, and myth, along with a generous sampling of electronic lore circulating on the Internet. Introductions, notes, appendices, and other aids link the tales to their origins and afterlives so that students in social studies classes can learn about American history and culture, while literature students can learn about language, genres, and dialects.

Cities' Identity Through Architecture and Arts Nabil Mohareb, Alessio Cardaci, Sreetheran Maruthaveeran, Nicola Cavalagli, 2022-07-29 This book presents works that offer a novel interpretation of how today's urban problems can be tackled through the efficient use of resources and the modeling of solutions to best utilize the available features of cities. The second edition of this book compiles several research papers that present a detailed discussion of the formation and identification of cities and illustrate different case studies that deal with historical areas and buildings as part of preserving cities' vocabularies and self-identities. By unfolding a stimulating variety of topics in relation to the conservation of culture and

identity the book provides insights into planners and decision makers aiding them in their contributions to the implementation of the 2030 Sustainable Development goals with reference to heritage preservation

Swedish-American Borderlands Dag Blanck, Adam Hjorthén, 2021-08-24 Reframing Swedish American relations by focusing on contacts crossings and convergences beyond migration Studies of Swedish American history and identity have largely been confined to separate disciplines such as history literature or politics In Swedish American Borderlands this collection edited by Dag Blanck and Adam Hjorthén seeks to reconceptualize and redefine the field of Swedish American relations by reviewing more complex cultural social and economic exchanges and interactions that take a broader approach to the international relationship ultimately offering an alternative way of studying the history of transatlantic relations Swedish American Borderlands studies connections and contacts between Sweden and the United States from the seventeenth century to today exploring how movements of people have informed the circulation of knowledge and ideas between the two countries The volume brings together scholars from a wide range of disciplines within the humanities and social sciences to investigate multiple transcultural exchanges between Sweden and the United States Rather than concentrating on one way processes or specific national contexts Swedish American Borderlands adopts the concept of borderlands to examine contacts crossings and convergences between the nations featuring specific case studies of topics like jazz architecture design genealogy and more By placing interactions entanglements and cross border relations at the center of the analysis Swedish American Borderlands seeks to bridge disciplinary divides joining a diverse set of scholars and scholarship in writing an innovative history of Swedish American relations to produce new understandings of what we perceive as Swedish American and Swedish American Contributors Philip J Anderson North Park U Jennifer Eastman Attebery Idaho State U Marie Bennedahl Linnaeus U Ulf Jonas Björk Indiana U Indianapolis Thomas J Brown U of South Carolina Margaret E Farrar John Carroll U Charlotta Forss Stockholm U Gunlög Fur Linnaeus U Karen V Hansen Brandeis U Angela Hoffman Uppsala U Adam Kaul Augustana College Maaret Koskinen Stockholm U Merja Kyt Uppsala U Svea Larson U of Wisconsin Madison Franco Minganti U of Bologna Frida Rosenberg KTH Royal Institute of Technology Stockholm Magnus Ullén Stockholm U
