William Van O'Connor, 1973      **Sense and Sensibility in Modern Poetry**, 1963      **Sense and Sensibility in Modern Poetry, by Wm. Van O'Connor** William Van O'Connor, 1948      **Modern Poetry and the Christian Tradition** Amos N. Wilder, 2014-04-08 In *Modern Poetry and the Christian Tradition* Wilder examines this movement in poetry in relation to the direction in which our culture is moving He interprets the significance of modern poetry and shows its relation to the traditional He gives attention to the representative poets of our time including Dylan Thomas Gerard Manley Hopkins Allen Tate W H Auden Wallace Stevens T S Eliot and others he notes the wider implications of their work and assesses from them the impulses and trends of our age As a poet of considerable ability as a student of literary criticism for many years and as a teacher Wilder is in a position to know and understand his subject The result is a book of permanent value to all concerned with the deeper meanings of civilization and Christianity      *The Literature of the American People* Arthur Hobson Quinn, 1951      **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      *Reveries In Verse* Evoor G. the volume contains commentary on many prominent poets as well as finding space for its contributors enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers *The Princeton Handbook of Poetic Terms* Alex Preminger, O.
