**How Does Your Engine Run?** Mary Sue Williams, Sherry Shellenberger, 1996 This leader's guide introduces the Alert Program (AP) to occupational therapists, parents, teachers and other professionals. AP promotes awareness of how we regulate our arousal states and encourages the use of sensorimotor strategies to manage our levels of alertness. Knowledge of self-regulation and a repertoire of strategies enhance our abilities to learn, interact with others and work or play within our environment in addition to building self-esteem, self-confidence and self-monitoring skills. It presents a strong awareness of sensory integration.

**Outsmarting Autism, Updated and Expanded** Patricia S. Lemer, 2019-03-19 Nautilus Award Winner 2019 Silver in Parenting/Family. A comprehensive resource for parents, therapists, caregivers and educators packed with lifelong strategies for Autism Spectrum Disorder (ASD) management and support. Newly revised and updated, this user-friendly guide addresses autism identification, treatment and prevention from pre-conception through adulthood. Outsmarting Autism describes more than 50 practical approaches with proven efficacy including lifestyle modification, dietary considerations and boosting the immune system. After health improves, focus turns to developing the sensory foundations for communication, social skills and learning. Patricia Lemer's approach is grounded in research on multifactorial causes or Total Load Theory, which explains that developmental delays are caused not by one single factor but by an overload of environmental stressors on genetically vulnerable individuals. Because every person with autism is unique, this book guides readers to the therapies that may be right for each individual, helping to make the difference between management and
