A Separate God Simone Pétrement,1990      **First Century Gnosticism** Gerard van Groningen,1967      Esoteric Traditions in Islamic Thought Leonard Lewisohn,2024-09-12 The notion of esoteric knowledge is one of the pillars of Islamic intellectual tradition Though most visible in Sufism it also dominated the first three and a half centuries of Shi ite thought In this rich anthology Leonard Lewisohn explores Islamic esotericism through the works of eleven authors who flourished in Persia Central Asia and Asia Minor from the eleventh to the nineteenth centuries He presents excerpts from each text in translation accompanying these with introductions to the author s life works and thought In the course of his erudite and enlightening commentary he explores the common ground of esoteric thought and terminology revealing a unity of perspective among Muslim thinkers      *Gnosticism and the History of Religions* David G. Robertson,2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation      *The Devil's Redemption : 2 Volumes* Michael J. McClymond,2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God s goodness Will even the devil be redeemed Addressing a theological issue of perennial interest this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty first century and offers an interpretation of how and why universalist belief arose The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical philosophical and theological standpoint He shows that the effort to extend grace to everyone undermines the principle of grace for anyone      **History of the Concept of Mind** Paul S. Macdonald,2019-07-23 Exploring the roads less travelled MacDonald continues his monumental essay in the history of ideas The history of heterodox ideas about the concept of mind takes the reader from the earliest records about human nature in Ancient Egypt the Ancient Near East and the Zoroastrian religion through the secret teachings in the Hermetic and Gnostic scriptures and into the

transformation of ideas about the mind soul and spirit in the late antique and early medieval epochs These transitions include discussion of the influence of Central Asian shamanism Manichean ideas about the soul in light and darkness and Neoplatonic theurgy working on god within Sections on the medieval period are concerned with the rediscovery of magical practices and occult doctrines from Roger Bacon to Francis Bacon the adaptation of Neoplatonic and esoteric ideas in the medieval Christian mystics and the survival of these ideas mixed with natural science in the works of von Helmont Leibniz and Goethe The book concludes with an investigation of the many forms of dualism in accounts of the human mind and soul and the concept of dual life which underpins our aspiration to understand how humans could have an immortal nature like the gods

**John the Baptist and the Last Gnostics** Andrew Philip Smith,2016-08-16 This fascinating study of the Mandaeans of Iraq considered the last of the Gnostics traces their history back to John the Baptist and the days of early Christianity Among the casualties of western intervention in Iraq and ISIS are the Mandaeans of Southern Iraq These peace loving people are now fleeing to the west They are the last Gnostics the only surviving remnant of the ancient sects who taught the direct knowledge of God created their own gospels and myths and were persecuted as heretical by the church in the second and

third centuries The Mandeans place weekly river baptisms at the center of their religious life and the primary exemplar of their religion is none other than John the Baptist So what is the real history of this mysterious and long lived sect Can the Mandaean peoples really be traced back to the first century And who was John the Baptist This book follows the history of the Mandeans from their present plight back through their earliest encounters with the West their place in Islamic countries their possible influence on the Templars back to their origins as a first century baptismal sect connected to John the Baptist and beyond

Counterfeit Christianity Harold Lerch, 2025-08-18 This book is intended to provide a review of mainstream Christianity and to point out the perils of cults groups we call Counterfeit Christianity As we are a Christian ministry we also describe Christian cults with a bias against their dangerous teachings Cults generally have twisted definition of God According to the Internet A cult is a group with extreme often unorthodox beliefs and practices usually led by a charismatic figure who exerts strong influence over members Cults often involve excessive devotion to a person idea or object and may isolate members from mainstream society Cults accept non traditional interpretations of scripture They are founded by the false prophets the Bible warns us about They distort scriptures to fit their purposes and do not represent the ministry of Jesus and the apostles

**Has God Said?** John Douglas Morrison, 2006-03-01 Has God said Has God actually spoken declared himself and his purposes to us Historically the Christian faith has affirmed God's redemptive revelatory speaking as historical contentful redemptive centrally in Jesus Christ and under Christ and by the Spirit in the text of Holy Scripture But in the past three centuries developments in Western culture have created a crisis in relation to historical divine authority The modern reintroduction of destructive dualisms cosmological and epistemological via Descartes Newton Spinoza and Kant have injured not only the physical sciences e g positivism but Christian theology as well The resulting eclipse of God has permeated Western culture In terms of the Christian understanding of revelation it has meant the separation of God from historical action the rejection of God's actual self declaration and especially in textual form Holy Scripture After critical analysis of these dualistic developments this book presents the problematic effects in both Protestant Schleiermacher Bultmann Tillich and Roman Catholic Rahner Dulles theology The thought and influence of Karl Barth on the nature of Scripture is examined and distinguished from most Barthian approaches The effects of dualistic Barthian thought on contemporary evangelical views of Scripture Pinnock Fackre Bloesch are also critically analyzed and responses made Helm Wolterstorff Packer The final chapter is a christocentric multileveled reformulation of the classical Scripture Principle via Einstein Torrance and Calvin that reaffirms the church's historical identity thesis that Holy Scripture is the written Word of God a crucial aspect of God's larger

redemptive revelatory purpose in Christ      The Early Christian World Philip Francis Esler, 2004 The Early Christian World presents an exhaustive erudite and illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre eminent religion of the ancient world      **The Incredible Births of Jesus** Edward Reaugh Smith, 1998 No story is so well known nor perhaps any so little understood as the birth of Jesus Its mystery steals into every heart as days shorten into winter And commercialism s thickening veneer has neither quieted the cry of every soul nor stilled its urge to penetrate through it all to an understanding of this most magnificent event in all creation A lifetime of studying and teaching the bible in a restless search for its deeper meaning eventually lead Edward R Smith to a reference to Rudolf Steiner With characteristic intensity and skilled research techniques developed during successful careers as a tax lawyer and business person Smith works to bring the insights he discovered in anthroposophy or spiritual science to the heart of mainstream Christianity He began this immense task in The Burning Bush which is volume one of his anthroposophical commentary on the bible This small volume The Incredible Births of Jesus derives from the larger work and focuses on the Nativity Distilling all his research into a brief narrative to convey the significance of this amazing event is a challenge that Smith rises to with conviction Completely aware of its immense importance for humanity and conscious of the inner conflicts that Rudolf Steiner s insights may cause a modern Christian the author shares his path to understanding It is a path that offers not only hope to humanity but a way to comprehend the bible as the story of human development from the far distant past into the far distant future You can read more about Edward Smith and his work at [www.bibleandanthroposophy.com](http://www.bibleandanthroposophy.com)      **Desiring Divinity** M. David Litwa, 2016-10-03 Perhaps no declaration incites more theological and moral outrage than a human s claim to be divine Those who make this claim in ancient Jewish and Christian mythology are typically represented as the most hubristic and dangerous tyrants Their horrible punishments are predictable and still serve as morality tales in religious communities today But not all self deifiers are saddled with pride and fated to fall Some who claimed divinity stated a simple and direct truth Though reviled on earth misunderstood and even killed they received vindication and rose to the stars This book tells the stories of six self deifiers in their historical social and ideological contexts In the history of interpretation the initial three figures have been demonized as cosmic rebels the first human Adam Lucifer later identified with Satan and Yaldabaoth in gnostic mythology By contrast the final three have served as positive models for deification and divine favor Jesus in the gospel of John Simon of Samaria and Allogenes in the Nag Hammadi library In the end the line separating demonization from deification is dangerously thin drawn as it is by the unsteady hand of human valuation      **Gnostics** Sean Martin, 2010-08-01 Gnosticism is the name given to various religious schools that proliferated in the first centuries after Christ nearly becoming the dominant form of Christianity but was eventually branded as heretical by the emerging Christian church The long and diverse history of Gnosticism is recounted here as well as reasons for its continued relevance today Although some Gnostic beliefs are close to mainstream Christianity others examined here include that the world is imperfect because it was created

by an evil god who was constantly at war with the true good God that Christ and Satan were brothers that reincarnation exists and that women are the equal of men Also covered is the influence Gnostics had on the Renaissance the Enlightenment psychologist Carl Jung the Existentialists the New Age movement and writers as diverse as William Blake W B Yeats Albert Camus and Philip K Dick

**Portraits of Spiritual Authority** Jan Willem Drijvers, John Watt, 2015-08-27 This volume deals with several figures of spiritual authority in Christianity during late antiquity and the early middle ages and seeks to illuminate the way in which the struggle for religious influence evolved with changes in church and society A number of literary portraits are examined portraits which in various literary genres are themselves designed to establish and propagate the authority of the people whose lives and activities they describe The sequence begins with visionary and prophetic figures of the second and third centuries proceeds through several testimonies from the fourth century to the power of holy persons moves on to Syriac portraits of the fifth to seventh centuries and ends with the demise of the authority of the holy man in the eighth

**Revival of the Gnostic Heresy** J. Morris, 2008-11-24 In this rigorous and provocative study Joe E Morris argues that the basic tenets and practices of Fundamentalism are those of ancient Christian Gnosticism Drawing on extensive research and careful analysis Morris aligns the two religious phenomena point by point tenet by tenet Along the way he provides insights into the key hermeneutic of Fundamentalism inerrancy of Scripture highlighting the multiple problems with the positions of literal and inerrant interpretation their impracticality and unfeasibility and their contradiction with their own conservative doctrine namely the Incarnation of Jesus Christ This groundbreaking book dramatically recasts our understanding of the history of Christianity and gives important context to modern day religious debates
