Seraffyn's Mediterranean Adventure Lin Pardey, Larry Pardey, 2011-09 Lin and Larry Pardey s first book Cruising in Seraffyn is credited with launching 50 000 dreams This third book in the Seraffyn series chronicles the three years spent exploring Ulysses wine colored sea Lin and Larry meander under sail eastward from the rocky monolith of Gibraltar to the imposing stone ramparts of Malta Along the way they share stories of the kaleidoscope of people who filled their days from the naval officers who joined them for day races to the officials who helped turn them into smugglers not drugs but a boat full of yeast flour and vegetables and eventually twenty dollars worth of noodles But it is not just the shore side stories that will keep you intrigued just as compelling are the clear concise descriptions of the days and nights they spent at sea Lin s warm hearted story telling will draw you into her cruising life and show you the secrets that kept this well known couple wandering the watery reaches of the world for more than 40 years *Seraffyn's European Adventure* Lin and Larry Pardey, 1998 This second book in the Seraffyn cruising series begins with their arrival on the southwest coast of England where they coasted eastward stopping where fancy held them where good friends were made to winter at Poole and work to pay for the next leg of their voyage toward the Baltic Denmark Sweden Finland were full of welcoming and interesting people and an almost invisible bureaucracy But things were definitely different when they reached Poland where armed guards watched while the people greeted them with flowers fruits and sweets Their foray behind the Iron Curtain of the 1970 s introduced them to some of the people who lead the Solidarity Movement the force that eventually toppled the Soviet Union You ll be right on board as they weather a fierce mast under broach in a Baltic gale and through the wintry North Seas Here is a feast for the fantasies of stay at homes and a warm account of just two years of the lives of two people who have lived in a wide adventurous world for more than four decades Their motto Go Small Go Simple Go Now has encouraged thousands of other

sailors to take the plunge And this book is an entertaining instruction manual on how to live a rich life on very little money Lin Pardey has in her deceptively simple and fresh faced style told the story of an unusual and appealing marriage partnership a special way of life Yachtsmen will enjoy the technical description of the problems of maneuvering in the tight harbours and unmapped channels the perils of heavy seas in a small boat But what is remarkable is that she can draw a nonsailor into these special subjects and make them as comprehensible and absorbing to a landlubber as they would be to someone about to set out on the same itinerary in a small boat of his own R Sokolov NewYork Times Book Review

Cruising in Seraffyn Lin Pardey, Larry Pardey, 2002-08 A fun and exciting guide to the world of living out at sea This book will teach you what you need to know in order to live safely economically and cheaply when spending months at sea If nothing else this book will send you chasing for your dreams whether it be to take an adventure at sea or just about anything else This is the first of a four book series which begins on the journey that Lin and Larry Pardey began 34 years ago in their self built 24 foot engineless cutter Seraffyn In this journey we explore places such as Mexico Central America the Caribbean and the Islands of the Atlantic ocean Throughout the book we learn about people and customs we learn about the tricks of boating we learn about survival This 25th anniversary edition includes a new forward new appendixes and a color photo album showing Lin Larry and the Seraffyn during those months at sea Cost Conscious Cruiser Lin and Larry Pardey, 1999-07-07 The pleasures and adventures of cruising under sail are amazingly affordable say Lin and Larry Pardey But to keep your dream on budget you have to decide Are you a cruiser or a consumer In this book a logical successor to their *Self Sufficient Sailor* and *Capable Cruiser* they discuss making your getaway plans finding a truly affordable boat keeping your outfitting costs and maintenance time under control and learning to feel confident as you cruise farther afield Their comparison of the gear considered necessary by many yachting experts and the gear carried by several cost conscious cruisers will help you gauge whether you are buying the true necessities or overloading your boat with high tech items that can break down and steal your sense of confidence offshore The chapters on getting the most from your cruising funds the attributes of successful long term voyagers how to upgrade your boat with your own hands plus answers to the then questions most frequently asked by potential cruisers will help you prepare to explore under sail as Lin and Larry explain The decisions you make now will determine if you'll come back from your cruise feeling more empowered or more enslaved by today's consumer society **The Capable Cruiser** Lin and Larry Pardey, 2010-06-08 Lin and Larry Pardey have now been cruising on board their own boats racing delivering and repairing other people's boats for more than 44 years After west to east and east to west circumnavigations and voyages to more than 75 countries they have a breadth of knowledge that few other boating authors possess Most of the voyaging has been done on an earn as you go budget that could be well within the reach of the majority of those whose dream is to set sail Their motto Go small go simple but go now The Pardeys strengths are neatly symbolized by the boats they have built Each one is romantically traditional with swooping sheerlines and is

completely dependent on the wind And yet each boat carries the best strongest and most seamanlike gear Like their vessels the Pardeys writings are founded on a marriage of the spirit of romantic adventure and the practical up to date seamanship that keeps them and their boats safe This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as sixteen ways to encourage your lover partner to share your dream strategies for turning sudden engine failure into a minor incident choosing safety equipment repairing rigging at sea All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising whether now or soon The Capable Cruiser is a logical extension of the Pardeys The Self Sufficient Sailor with more emphasis on seamanship underway including careful analysis of extreme anchoring situations and solutions for mitigating them Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick former editor of Cruising World magazine to label Lin and Larry Pardey the enablers
