## **Seraph On The Suwanee:**

**Seraph on the Suwanee** Zora Neale Hurston,1991      **Seraph on the Suwanee** Zora Neale Hurston,1948 In a perceptive study of the meaning of love two people find themselves at once deeply in love and deeply at odds      Seraph on the Suwanee, etc Zora Neale Hurston,1948      **She Dared to Challenge Tradition: Seraph on the Suwanee, Zora Neale Hurston's "'White Novel,'" and Its Literary Foundation, Paul Laurence Dunbar's The Uncalled** Jervette RaShaun Ward-Ellis,2011 This dissertation explains the significance of Zora Neale Hurston s *Seraph on the Suwanee* by using Paul Laurence Dunbar s *The Uncalled* as a literary framework Hurston s novel tells the story of Arvey Henson a pretty poor white woman who advances to the white middle class Intriguingly Arvey and her family speak in a dialect that is very similar to the black dialect featured in many of Hurston s other works Sadly Hurston s decision to place black dialect or what scholars would call African American Vernacular English AAVE in the mouths of white characters has allowed for the dismissal of one of her finest works The two novels are similar in many ways Both texts feature poor whites who speak in a dialect that resembles AAVE and who are also highly religious In *The Uncalled* the main character Freddie Brent struggles with his human desires while being raised by the overly religious Miss Hester who wants Freddie to become a minister Similarly *Seraph* s Arvey is also consumed by religion and uses it as a crutch In both texts race plays an insignificant role Hurston like Dunbar struggled to break from the race writing mold in which she had been placed to simply write about the human experience Both authors wrote universal tales that could apply to any race or social class In this literary study I also propose the abolishment of the linguistic term African American Vernacular English AAVE I coin the term Impoverished Deep Southern Vernacular English IDSVE because it removes the race label that is problematic in AAVE Hurston s and Dunbar s novels have been difficult for readers and scholars because the language patterns were labeled as black language in white mouths which often led to charges of lack of authenticity Providing a better label for the type of language used by the white characters in the novels allows for a better understanding and hopefully embracement of the texts by readers and scholars

**The Coupling Convention : Sex, Text, and Tradition in Black Women's Fiction** Ann duCille Associate Professor of English and African American Studies Wesleyan University,1993-10-19 What does the tradition of marriage mean for people who have historically been deprived of its legal status Generally thought of as a convention of the white middle class the marriage plot has received little attention from critics of African American literature In this study Ann duCille uses texts such as Nella Larsen s *Quicksand* 1928 and Zora Neale Hurston s *Their Eyes Were Watching God* 1937 to demonstrate that the African American novel like its European and Anglo American counterparts has developed around the marriage plot what she calls the coupling convention Exploring the relationship between racial ideology and literary and social conventions duCille uses the coupling convention to trace the historical development of the African American women s novel She demonstrates the ways in which black women appropriated this novelistic device as a means of expressing and reclaiming their own

identity More than just a study of the marriage tradition in black women s fiction however *The Coupling Convention* takes up and takes on many different meanings of tradition It challenges the notion of a single black literary tradition or of a single black feminist literary canon grounded in specifically black female language and experience as it explores the ways in which white and black male and female mainstream and marginalized traditions and canons have influenced and cross fertilized each other Much more than a period study *The Coupling Convention* spans the period from 1853 to 1948 addressing the vital questions of gender subjectivity race and the canon that inform literary study today In this original work duCille offers a new paradigm for reading black women s fiction

**The Chase and Ruins** Sharony Green,2023-10-03 A fascinating look at a pivotal period in Zora Neale Hurston s life that reimagines her complicated legacy Zora Neale Hurston an anthropologist and writer best known for her classic novel *Their Eyes Were Watching God* led a complicated life often marked by tragedy and contradictions When both she and her writing fell out of favor after the Harlem Renaissance she struggled not only to regain an audience for her novels but also to simply

make ends meet In *The Chase and Ruins* Sharony Green uncovers an understudied but important period of Hurston's life her stay in Honduras in the late 1940s On the eve of an awful accusation that nearly led to her suicide Hurston fled to Honduras in search of a lost Mayan ruin During her yearlong trip south of the US border she appears to have never found the ruin she was chasing But by escaping the Jim Crow south to Honduras she avoided racist violence in the United States while still embracing her privilege and power as a US citizen in postwar Central America While in Honduras Hurston wrote *Seraph on the Suwanee* her final novel and her only book to feature white characters in an attempt to appeal to Hollywood's growing appetite for crackerphilia stories about poor white folks and to finally secure herself some financial stability In a letter to her editor Hurston wrote that in Honduras she may not have found the Mayan ruin she was looking for but she finally found herself Hurston's experience in Honduras has much to teach us about Black women's lives and the thorny politics of postwar America as well as America's long and complicated entanglement with Central America In an attempt to find historical meaning in an extraordinary woman's conceptions of herself in a changing world Green unearths letters diaries literary writings research reports and other archival materials *The Chase and Ruins* encourages us to reckon with and reimagine Hurston's fascinating life in all of its complexity and contradictions [Shakespeare on the Suwanee](#) Doriss H. Hambrick, 2002 **An Indictment of Whiteness** Melissa Wang, 2015 Zora Neale Hurston's *The Seraph on the Suwanee* has two storylines one traces the economic mobility and class ascendancy of Jim patriarch of the Meserves the other follows the construction of Arvay and Jim's private family and home which becomes a battleground for their ideological struggles These storylines merge and intertwine colluding to demonstrate how power psychosexual and emotional is conferred onto Jim as the economic breadwinner and head of the Meserve financial dynasty Thus the uniqueness of a novel like *Seraph* is that it gives us not just an economic portrayal but also a psychoanalytic deconstruction of whiteness that points to formulations of white gendered subjectivity While many critics have explored race class or gender in their critiques of *Seraph* few have attempted to bridge the connection between the economic and social ramifications of exploitative capitalism when it is used to justify and or create the family household In detailing how the Meserves achieve their race and class mobility Hurston not only critiques how whiteness is constructed but also queries racial identification the notion of race as well In my thesis I argue that *Seraph* gives us an inside insider look how white masculinity and femininity buttress each other to create a domestic space and ideology of the family that respects and values the exploitation required to achieve comfort This starts with the Meserve family and branches out into dynasties that encompass the second generation of Meserves and the Corregios eventually constituting a white republic [Psychoanalysis and Black Novels](#) Claudia Tate, 1998-02-12 Although psychoanalytic theory is one of the most important and influential tools in contemporary literary criticism to date it has had very little impact on the study of African American literature and culture Now Claudia Tate argues that psycholanalytic paradigms can produce rich readings of African American desire alienation and subjectivity Tate summarizes the work of

such figures as Freud and Lacan with references to their contemporary literary proponents and examines a series of texts by Emma Kelly W E B Du Bois Richard Wright Zora Neale Hurston and Nella Larsen This provocative new book will serve as an introduction to psychoanalytic theory and its application for African American literature and culture Tate strikes uncharted territory and her work will be of great interest to scholars and students in African American studies **Cultures in**

critical information on Zora Neale Hurston      **The Inside Light** Deborah G. Plant,2010-05-20 This exploration of Zora Neale Hurston s life and work draws on a wealth of newly discovered information and manuscripts that bring new dimensions of her writing to light The Inside Light New Critical Essays on Zora Neale Hurston caps a decade of resurgent popularity and critical interest in Hurston to offer the most insightful critical analysis of her work to date Encompassing all of Hurston s writings fiction folklore manuscripts drama correspondence it fully reaffirms the legacy of this phenomenal writer whom The Color Purple s Alice Walker called A Genius of the South The Inside Light offers 20 critical essays covering the breadth of Hurston s writing including her poetry which up to now has received little attention Essays throughout are informed by revealing new research previously unseen manuscripts and even film clips of Hurston The book also focuses on aspects of Hurston s life and work that remain controversial including her stance on desegregation her relationships with Charlotte Mason Langston Hughes and Richard Wright and the veracity of her autobiography Dust Tracks On a Road      *Hitting A Straight Lick with a Crooked Stick* Susan E Meisenhelder,2001-06-18 Zora Neale Hurston is a controversial figure equally praised and criticized for her representation of African Americans while some critics emphasize her ebullience and celebration of Black culture others call her fiction stereotypical and essentialist Observing the workings of the recurrent humor in her works helps explode this critical binary opposition Specifically the carnivalesque and the heteroglossia often subvert essentialist notions of Black identity Jonah s Gourd Vine s protagonist the preacher womanizer John Pearson can be seen as an African rather than an African American trickster figure i e as a mobile character whose liminality helps him fight essentialist definitions imposed on him by both the white establishment and his own community Janie s romantic search for self fulfillment in Their Eyes Were Watching God is undermined by the humor and the carnival which emphasize her shifting and multiply defined identity Finally the African Americanized story of Moses and the Hebrews shows the conflicts involved in their search for a unified national and cultural identity In these three novels Hurston appears as a subversive presence whose manipulation of humor underscores a complex political vision      **White Women in Racialized Spaces** Samina Najmi,Rajini Srikanth,2012-02-01 At once racially privileged and sexually marginalized white women have been energetic in calling for solidarity among all women in opposing patriarchy but have not been equally motivated to examine their own racial privilege White Women in Racialized Spaces turns primarily to literature to illuminate the undeniable blind spots in white women s comprehension of their advantage The contributors cover extensive historical ground from early captivity narratives of white women in seventeenth century America up to the present day trials of Louise Woodward and Manjit Basuta both British nannies accused of causing the deaths of their infant charges in the United States Their wide ranging discussions also include representations of white women in Native American Latin American African Asian and Middle Eastern contexts The volume ultimately makes the case that by creating alternative scenarios to particular ethical political or emotional problems against which readers and characters test their responses literature forms an ideal vehicle for exploring

white women's actual and potential roles in their efforts to undercut the oppressive force of whiteness [The Fugitive Race](#)

**Representing Rural Women** Margaret Thomas-Evans, Whitney Womack Smith, 2019-06-27. *Representing Rural Women* highlights the complexity and diversity of representations of rural women in the U.S. and Canada from the nineteenth to twenty-first centuries. The 15 chapters in this collection offer fresh perspectives on representations of rural women in literature, popular culture, and print, digital, and social media. They explore a wide range of time periods, geographic spaces, and rural women's experiences, including Mormon pioneer women, rural lesbians in the 1970s, Canadian rural women's organizations, and rural trans youth. In their stories, these women and girls navigate the complex realities of rural life, create spaces for self-expression, develop networks to communicate their experiences, and challenge misconceptions and stereotypes of rural womanhood. The chapters in this collection consider the ways that rural geography allows freedoms as well as imposes constraints on women's lives and explore how cultural representations of rural womanhood both reflect and shape women's experiences.
