Serenity For The Soul Applying Gods Word To Everyday Life:

Serenity for the Soul Brian J. Burdick, 2002-10 This book has been in the making since my days at Ahmadu Bello University Zaria in the Faculty of Education I had always wanted to produce a book that is small and easy enough to read and yet succinct to meet the needs of the undergraduate or graduate students in Education who are preparing for their sessional exams The book has undergone considerable revisions to meet that target goal In part these revisions have been necessitated by the geometric increase in our knowledge of general psychology as well as science in the last two decades This is to say nothing of the psychology of learning The increase in our knowledge base has further been doubled by the new technology of the Internet Some have even argued that the availability of the Internet has rendered the publishing of such books redundant However I am convinced that books would continue to play a central role in our lives for the foreseeable future I had wanted to include most of the material that psychologists subsume under the heading of learning I have tried to include important topics as well as new developments in the field that I believe an undergraduate student will find useful Also included are cultural Implications which are applications of the general topic in a classroom setting in the relevant culture

Serenity of James Michael Juckett, 2010-09 In the Serenity prayer we are asking God for something we presumably cannot get on our own serenity if you are seeking it then you know that you lack it accepting these things I can not get on my own is a deep personal commitment given that you are asking for them relates willingness which has direct meaning to acceptance leading to the things I can not change This leads to having some idea of those possible things if I don't know of something that is beyond my recollection to understand then I wouldn't be asking for acceptance of uncontrollability in the first place Then there is courage Some amount of courage must exist for you to be humble enough to ask God for his guidance in changing those sinful behaviors that are known leading to wisdom of the unknown Wisdom that can only be found thru Gods gracious teaching that has already been written down for all mankind in His Holy Bible gaining knowledge of what Christ meant through his parables and sermons outline recovery from sinful behaviors Know this simple fact that with all knowledge the Bible and this text will be meaningless unless you chose to change any of those sinful obstacles in your life that need to be changed in order for you to have a serene walk with God I am totally convinced that all the solutions to all the worlds and your problems are found within God's Holy Scripture There is no reason for compromise within Biblical truth the first and most important lesson concerns professed belief over confessed faith with professed belief we are able to question the reality of certain Biblical truths this is thinking outside the book whereas in confessed faith I know without a doubt that every word in the Bible is the word of God therefore no uncertain truths this is thinking inside the book
