Serial Biography:

Serial Murder and Media Circuses Dirk C. Gibson, 2006-07-30 The Axman of New Orleans specialized in killing grocers of Italian descent in the 1910s apparently to promote jazz music Dorothea Puente was a little old landlady who murdered her tenants but kept cashing their government checks The Manson Family terrorized California in the 1960s as did the Hillside Stranglers a decade later Twelve serial murder cases occurring in eight decades between the 1890s and 1990s had one thing in common significant presence of the mass media This book examines these specific cases of serial murder and the way the media became involved in the investigations and trials of each Gibson argues that the American media plays a multidimensional and integral role in serial killings and their investigation and that this role is not generally a positive one Serial murder cases motivate the media in unfortunate ways and the result is that even typically respectable media organizations can be involved in such things as document theft or in interfering with the capture of serial murderers on the run This link between multiple murderers and mass communication is not accidental or coincidental rather the relationship between the press and serial killers is one of extraordinary importance to both parties Gibson examines the role of the media in serial murder cases the body of knowledge on serial murder as seen through the lens of mass communication the effectiveness of law enforcement responses to serial murderers and how they might be improved if the mass communication influence was better understood the magnitude of the serial murder problem and the interaction between the media the killers and serial murder investigations Specific examples and numerous quotes are provided throughout to illustrate this strange and detrimental relationship between media and serial murderers [The Political Biographies of Cornelius Nepos](#) S. Rex Stem, 2012-11-19 The Roman writer Cornelius Nepos was a friend of Cicero and Catullus and other first century BCE authors and portions of his encyclopedic work On Famous Men are the earliest surviving biographies written in Latin In The Political Biographies of Cornelius Nepos Rex Stem presents Nepos as a valuable witness to the late Republican era whose biographies share the exemplary republican political perspective of his contemporaries Cicero and Livy Stem argues that Nepos created the genre of grouped political biographies in order to characterize renowned Mediterranean figures as role models for Roman leaders and he shows how Nepos invested his biographies with moral and political arguments against tyranny This book the first to regard Nepos as a serious thinker in his own right also functions as a general introduction to Nepos placing him in his cultural context Stem examines Nepos contributions to the growth of biography and he defends Nepos from his critics at the same time that he lays out the political significance and literary innovation of Nepos writings Accessible to advanced undergraduates this volume is addressed to a general audience of classicists and ancient historians as well as those broadly interested in biography historiography and political thought *Out of the Mouths of Serial Killers* Mary Brett, 2021-01-19 Learn why serial killers kill through their own words including Ted Bundy Jeffrey Dahmer the BTK Killer Aileen Wuornos and more than 70 others In this one of a kind book author Mary Brett corresponded with some of

Jews and Christians in the First and Second Centuries: How to Write Their History Peter J. Tomson, Joshua J. Schwartz, 2014-08-21 The papers in this volume are organized around the ambition to reboot the writing of history about Jews and Christians in the first two centuries CE Many are convinced of the need for a new perspective on this crucial period that saw both the birth of rabbinic Judaism and apostolic Christianity and their parting of ways Yet the traditional paradigm of Judaism and Christianity as being two totally different systems of life and thought still predominates in thought handbooks and programs of research and teaching As a result the sources are still being read as reflecting two separate histories one Jewish and the other Christian The contributors to the present work were invited to attempt to approach the ancient Jewish and Christian sources as belonging to one single history precisely in order to get a better view of the process that separated both communities In doing so it is necessary to pay constant attention to the common factor affecting both communities the Roman Empire Roman history and Roman archaeology should provide the basis on which to study and write the shared history of Jews and Christians and the process of their separation A basic intuition is that the series of wars between Jews and Romans between 66 and 135 CE a phenomenon unrivalled in antiquity must have played a major role in this process Thus the papers are arranged around three focal points 1 the varieties of Jewish and Christian expression in late Second Temple times 2 the socio economic military and ideological processes during the period of the revolts and 3 the post revolt Jewish and Christian identities that emerged As such the volume is part of a larger project that is to result in a source book and a history of Jews and Christians in the first
