*The Jews in Australia* Suzanne D. Rutland, 2006-01-23 Jews form only a tiny proportion of the Australian population yet they have made outstanding contributions and have influenced Australian society immeasurably Stories such as that of Sir John Monash Australian commander in chief during World War I whose legacy continues through Monash University show how Jews have reached the highest echelons of Australian society The Jews in Australia explores what makes the Australian Jewish community different from other Jewish communities around the world It traces the community's history from its convict origins in 1788 through to today's vibrant Jewish culture in Australia and highlights the social and cultural impact the Jews have had on Australia As well as looking at the emergence of a specific faith tradition in Australia the book also explores how Jews as Australia's first ethnic group have integrated into multicultural Australia

**The Bibliography of Australasian Judaica 1788-2008** Serge Liberman, 2018-11-01 This bibliography includes all traceable self contained books monographs pamphlets and chapters from books which in some way pertain to Jews in Australia and New Zealand between 1788 and 2008 Born in Russia in 1942 Serge Liberman came to Australia in 1951 where he now works as a medical practitioner As author of several short story collections including *On Firmer Shores* *A Universe of Clowns* *The Life That I Have Led* and *The Battered and the Redeemed* he has three times received the Alan Marshall Award and has also been a recipient of the NSW Premier's Literary Award In addition he is compiler of two previous editions of *A Bibliography of Australian Judaica* Several of his titles have been set as study texts in Australian and British high schools and universities His literary work has been widely published he has been Editor and Literary Editor of several respected journals and has contributed to many other publications

**Jewish Bialystok and Its Diaspora** Rebecca Kobrin, 2010-05-07 The mass migration of East European Jews and their resettlement in cities throughout Europe the United States Argentina the Middle East and Australia in the late 19th and early 20th centuries not only transformed the demographic and cultural centers of world Jewry it also reshaped Jews understanding and performance of their diasporic identities Rebecca Kobrin's study of the dispersal of Jews from one city in Poland Bialystok demonstrates how the act of migration set in motion a wide range of transformations that led the migrants to imagine themselves as exiles not only from the mythic Land of Israel but most immediately from their east European homeland Kobrin explores the organizations institutions newspapers and philanthropies that the Bialystokers created around the world and that reshaped their perceptions of exile and diaspora

*Australian Dictionary of Biography, Volume 19* Melanie Nolan, 2021-03-09 Volume 19 of the Australian Dictionary of Biography ADB contains concise biographies of individuals who died between 1991 and 1995 The first of two volumes for the 1990s it presents a colourful montage of late twentieth century Australian life containing the biographies of significant and representative Australians The volume is still in the shadow of World War II with servicemen and women who enlisted young appearing but these influences are dimming and there are now increasing numbers of non white non male non privileged and

non straight subjects The 680 individuals recorded in volume 19 of the ADB include Wiradjuri midwife and Ngunnawal Elder Violet Bulger Aboriginal rights activist poet playwright and artist Kevin Gilbert and Torres Strait Islander community leader and land rights campaigner Eddie Mabo HIV AIDS child activists Tony Lovegrove and Eve Van Grafhorst have entries as does conductor Stuart Challender the first Australian celebrity to go public about his HIV AIDS condition in 1991 The arts are as always well represented including writers Frank Hardy Mary Durack and Nene Gare actors Frank Thring and Leonard Teale and arts patron Ian Potter We are beginning to see the effects of the steep rise in postwar immigration flow through to the ADB Artist Joseph Stanislaw Ostoja Kotkowski was born in Poland Pilar Moreno de Otaegui co founded the Spanish Club of Sydney Chinese restaurateur and community leader Ming Poon Dick Low migrated to Victoria in 1953 Often we have a dearth of information about the domestic lives of our subjects politician Olive Zakharov however bravely disclosed at the Victorian launch of the federal government s campaign to Stop Violence Against Women in 1993 that she was a survivor of domestic violence in her second marriage Take a dip into the many fascinating lives of the Australian Dictionary of Biography

**The Telling: One Family, Two Centuries** Daniel Tabor,2024-10-18 The Telling is a story of European Jewish identity set against the backdrop of the chronicles of one family going back through history as far as Napoleonic times Author Daniel Tabor tracks the experiences and changing perceptions of his family as they find themselves having to move locations often needing to flee oppression but also to take up new opportunities The approach to the writing is based on the time honoured Jewish tradition of older family members passing on their life stories and insights to younger ones as one way of keeping the family culture alive The book looks back at those who lived many years ago during the nineteenth century in the days when the family was establishing itself in Europe particularly in the Russian Pale and in Germany These stories are combined with those of his more recent relatives who travelled in Europe but also as far away as Israel and Australia to find safe havens from oppression or to make better lives for themselves How all these changes affected their perceptions of their identity is a central theme running through the book as are the influence of the places they lived in and how they remembered their life stories The book focuses heavily on the author s parents David and Hanna and their individual families But Daniel Tabor brings in the life stories of other relatives on both sides of his family too Overall the author has brought together the stories of twenty members of his family While there are tales of sadness there are also many tales of joy as the family members set about making the most of their lives dealing with numerous challenges thrown in their path displaying perseverance resilience courage and determination along the way The book is written in an engaging anecdotal style and includes many evocative family testimonies and photos providing a vivid picture of life in times gone by The Telling will appeal to those interested in Jewish history in general Jewish family histories the Holocaust the formation and development of the modern state of Israel the topic of people migration and also those interested in how others have overcome significant adversity to make a better life for themselves The Telling Daniel Tabor,2023-04-30 The Telling is a story of European Jewish identity

In 1835 a renegade group of Tasmanians wishing to expand their landholdings disembarked in what was to become Melbourne This colonising expedition was funded by a group of investors including the Jewish emancipist Joseph Solomon Thus in Melbourne as in the settlement of the continent itself Jews were at the foundation of colonisation Unlike many other settlers these Jews predominantly came from urban backgrounds Although principally from London some of them had experienced other forms of Jewish urbanism in central and eastern Europe the Ottoman Empire and the Caribbean and applied their experience to the formation of a new emancipated conceptualisation of urban Judaism In Victoria as in the other new Australian colonies there were no civil or political restrictions on the Jewish community With the establishment of Melbourne Jewish settlers were required to create new communal frameworks and the religious bodies of an active Jewish life The community's structure and the institutions they founded were a pragmatic response to the necessities of communal formation and the realities of maintaining Judaism within this colonial outpost As with other Jewish communities in the large centres of the world they responded to the freedoms of an emancipated society while the political and social environment of a new city such as Melbourne provided a unique set of opportunities Unlike in other cities where Jewish property ownership was restricted here Jews could live and

work where they chose becoming from the first land sales investors in property Subsequently as the city expanded as developers and builders they influenced the formation of the urban fabric while their intellectual and economic connections brought new political and intellectual ideas and networks to the colonial experience

**The Young Victims of the Nazi Regime** Simone Gigliotti, Monica Tempian, 2016-05-05 During the Nazi regime many children and young people in Europe found their lives uprooted by Nazi policies resulting in their relocation around the globe The Young Victims of the Nazi Regime represents the diversity of their experiences covering a range of non European perspectives on the Second World War and aspects of memory This book is unique in that it places the experiences of children and youth in a transnational context shifting the conversation of displacement and refuge to countries that have remained under examined in a comparative context Featuring essays from an international range of experts this book analyses the key themes in three sections the migration of children to countries including England Canada Australia New Zealand Kenya and Brazil the experiences of young people who remained in Nazi Europe and became victims of war displacement and deportation and finally the challenges of rebuilding lives and representing traumas in the aftermath of war In its comparisons between Jewish and non Jewish experiences and how these intersected and diverged it revisits debates about cultural genocide through the separation of families and communities as well as contributing new perspectives on forced labour families and the Holocaust and Germans as war victims

*The Holocaust and Australia* Paul R. Bartrop, 2022-07-28 Paul R Bartrop examines the formation and execution of Australian government policy towards European Jews during the Holocaust period revealing that Australia did not have an established refugee policy as opposed to an immigration policy until late 1938 He shows that following the Evian Conference of July 1938 Interior Minister John McEwen pledged a new policy of accepting 15 000 refugees not specifically Jewish but the bureaucracy cynically sought to restrict Jewish entry despite McEwen s lofty ambitions Moreover the book considers the largely negative popular attitudes toward Jewish immigrants in Australia looking at how these views were manifested in the press and in letters to the Department of the Interior The Holocaust and Australia grapples with how when the Second World War broke out questions of security were exploited as the means to further exclude Jewish refugees a policy incongruous alongside government pronouncements condemning Nazi atrocities The book also reflects on the double standard applied towards refugees who were Jewish and those who were not as shown through the refusal of the government to accept 90% of Jewish applications before the war During the war years this double standard continued as Australia said it was not accepting foreign immigrants while taking in those it deemed to be acceptable for the war effort Incorporating the voices of the Holocaust refugees themselves and placing the country s response in the wider contexts of both national and international history in the decades that have followed Paul R Bartrop provides a peerless Australian perspective on one of the most catastrophic episodes in world history

*Lucky Boy in the Lucky Country* Warner Max Corden, 2018-01-04 Corden has

written a charming and insightful account of his professional and personal life from his childhood in Breslau Germany until his retirement in Melbourne The book is divided into two parts Part I considers Corden s early life from a young boy growing up in Nazi Germany to his immigration from England to Australia and what that means for the author s self identity Part II addresses Corden s work on the Australian Protection Policy for which he is perhaps best known before reflecting upon the author s time at Oxford University and the Australian National University and finally moving on to review contributions made at the IMF Johns Hopkins University and The World Bank This book will be of interest to all aspiring economists as well as established economists familiar with Corden s work It is an inspiring and profound record of the intellectual journey made by one of Australia s best known economists

**A Few from Afar** Peter Elias, Ann Elias, 2003 **Australian National Bibliography** , 1997-12 **La diaspora australiana degli ebrei dell'Europa centro-orientale** Giuseppe Motta, 2016-01-14 Il XX secolo e il periodo successivo alla Grande Guerra hanno registrato un consistente aumento dei flussi migratori che sono stati alimentati da conflitti discriminazioni e dalla ricerca di migliori condizioni di vita Fra le numerose destinazioni troviamo non solo gli Stati Uniti ma anche paesi pi lontani come Sud America o Australia Qui si dirigono anche numerose comunit ebraiche provenienti dall Europa centro orientale da paesi che lasciano in seguito alla prima guerra mondiale e all affermazione di politiche sempre pi rigide nei loro confronti La politica immigratoria australiana e la reazione di fronte all aumento dei flussi ebraici dall Europa centro orientale nel periodo interbellico tuttavia mettono in evidenza come la questione ebraica non riguardi soltanto il Vecchio Continente ma anche gli antipodi dove gli emigranti sperano forse troppo ingenuamente di poter dimenticare le problematiche dei loro paesi di origine Tale volume il risultato di una ricerca condotta nell ambito del progetto di ricerca Dynamics and Policies of Prejudice finanziato dalla Sapienza Universit di Roma ed basato su fonti e documenti degli archivi nazionali australiani **Bibliographic Index** , 1999 **APAIS 1992: Australian public affairs information service** ,

**The Universal Jewish Encyclopedia** Isaac Landman, Louis Rittenberg, 1939 **An Immigrant Nation Seeks Cohesion** James Jupp, 2018-04-10 An Immigrant Nation Seeks Cohesion presents Australian traditions myths and legends in an understanding but often critical light in the belief that such devices have often been used by interested parties and even governments to maintain social solidarity and to mould a very complex people into a coherent and obedient whole Australia is not and never has been an equal society It has not always been a peaceful and tolerant society but it is more so than most other states and especially many of those sending immigrants It is not a perfect democracy Many have been mistreated and even persecuted but that most of those suffering at present are either indigenous or refugees should not be a cause of

indifference Australians may be suspicious of foreigners and social and political deviants But they have passed a whole series of reforming laws since the Federation in 1901 not all of which have been as racist as the White Australia policy An Immigrant Nation Seeks Cohesion attempts to get a little bit closer to the truth of two hundred years of creating a liveable society in what was a remote and unknown part of the world      *Children of the Holocaust* Paul R. Bartrop,Eve E. Grimm,2020-10-19 This important reference work highlights a number of disparate themes relating to the experience of children during the Holocaust showing their vulnerability and how some heroic people sought to save their lives amid the horrors perpetrated by the Nazi regime This book is a comprehensive examination of the people ideas movements and events related to the experience of children during the Holocaust They range from children who kept diaries to adults who left memoirs to others who risked and sometimes lost their lives in trying to rescue Jewish children or spirit them away to safety in various countries The book also provides examples of the nature of the challenges faced by children during the years before and during World War II In many cases it examines the very act of children s survival and how this was achieved despite enormous odds In addition to more than 125 entries this book features 10 illuminating primary source documents ranging from personal accounts to Nazi statements regarding what the fate of Jewish children should be to statements from refugee leaders considering how to help Jewish children after World War II ended These documents offer fascinating insights into the lives of students during the Holocaust and provide students and researchers with excellent source material for further research
