Willa Cather Janis P. Stout, 2000-12-29 Previous biographies of Willa Cather have either recycled the traditional view of a writer detached from social issues whose work supported a wholesome view of a vanished America or they have focused solely on revelations about her private life Challenging these narrow interpretations Janis P Stout presents a Cather whose life and quietly modernist work fully reflected the artistic and cultural tensions of her day A product of the South she was born in Virginia Cather went west with her family at an early age a participant in the aspirations of Manifest Destiny Known for her celebrations of immigrants on the prairie she in fact shared many of the ethnic suspicions of her contemporaries Loved by a popular audience for her pieties of family and religion she was in her youth a freethinker who resisted traditional patterns for women's lives cutting her hair like a boy's and dressing in men's clothing Seen by critics since the 1930s as a practitioner of an escapist formalism she was in Stout's view profoundly ambivalent about most of the important questions she faced Cather structured her writing to control her uncertainty and project a serenity she did not in fact feel Cather has at times been viewed as a writer preoccupied with the past whose literary project had little to do with the intellectual currents of her time On the contrary Stout argues Cather was a full participant in the doubts and conflicts of twentieth century modernity Only in recoil from her distress at these conflicts did she turn to overt celebrations of the past and construct a retiring crotchety persona The Cather that emerges from Stout's treatment is a modernist conservative in the mold of T S Eliot though more responsive to her time and simultaneously less assured in her pronouncements Cather's sexuality too is more complicated in Stout's version than previous biographers have allowed Willa Cather The Writer and Her World presents a woman and an artist who fully exemplifies the ambivalence the foreboding and above all the complexity that we associate Behind the Mask Matthew Dennison, 2015-06-09 A dazzling new biography of Vita with the twentieth century mind Sackville West the 20th century aristocrat literary celebrity devoted wife famous lover of Virginia Woolf recluse and iconoclast who defied categorization In this stunning new biography of Vita Sackville West Matthew Dennison's Behind the Mask traces the triumph and contradictions of Vita's extraordinary life His narrative charts a fascinating course from Vita's

lonely childhood at Knole through her affectionate but open marriage to Harold Nicolson during which both husband and wife energetically pursued homosexual affairs Vita most famously with Virginia Woolf and through Vita's literary successes and disappointments to the famous gardens the couple created at Sissinghurst The book tells how from her privileged world of the aristocracy Sackville West brought her penchant for costume play acting and rebellion to the artistic vanguard of modern Britain Dennison is the acclaimed author of many books including a biography of Queen Victoria Here in the first biography to be written of Vita for thirty years he reveals the whole story and gets behind the beautiful mask of Vita's public achievements to reveal an often troubled persona which heroically resisted compromise on every level Drawing on wideranging sources and the extensive letters that sustained her marriage this is a compelling story of love loss and jealousy of high life and low points of binding affection and illicit passion a portrait of an extraordinary 20th century life
