Ceremonial in the House of Commons Peter Thorne, 1974 *Guide to the Records of Parliament* Maurice Bond, Great Britain. Parliament. House of Lords. Record Office, 1971 **HMSO Annual Catalogue** Great Britain. Her Majesty's Stationery Office, 1986 **Standard Library Cyclopaedia of Political, Constitutional, Statistical & Forensic Knowledge** Henry George Bohn, 1860 Secretary to the Speaker Robin Maxwell-Hyslop, 1999 The Parliamentarian, 1995 The Parliament of England, 1559-1581 Geoffrey Rudolph Elton, G. R. Elton, 1989-08-25 This is a comprehensive account of the parliament of early modern England at work written by the leading authority on sixteenth century English constitutional and political history Professor Elton explains how parliament dealt with bills and acts discusses the many various matters that came to notice there and investigates its role in political matters In the process he proves that the prevailing doctrine developed by the work of Sir John Neale is wrong that parliament did not acquire a major role in politics that the notion of a consistent body of puritan agitators in opposition to the government is mere fiction and although the Commons processed more bills than the House of Lords the Lords occupied the more important and influential role Parliament's fundamental function in the government of the realm lay rather in the granting of taxes and the making of laws The latter were promoted by a great variety of interests the Crown the Privy Council the bishops and particularly by innumerable private initiators A very large number of bills failed most commonly for lack of time but also because agreement between the three partners Queen Lords and Commons could not be reached Government Publications Great Britain. Her Majesty's Stationery Office, 1994 HMSO Monthly Catalogue Great Britain. Her Majesty's Stationery Office, 1994 *Catalogue of the Colonial Office Library, London* Great Britain. Colonial Office. Library, 1964 *The Standard Library Cyclopaedia of Political, Constitutional, Statistical and Forensic Knowledge*, 1849 *The Standard Library Cyclopaedia of Political, Constitutional, Statistical and Forensic Knowledge*, 1853 **Serjeant for the Commons** Peter F. Thorne, 1985 *Inventing a Republic* Sean Kelsey, 1997 This book provides a fresh reassessment of English politics and political culture during the Commonwealth the brief period of parliamentary republican rule with no monarch royal court or House of Lords between the execution of Charles I in 1649 and Cromwell's seizure of power in 1653 It focuses particularly on the problem of how to legitimate governmental authority in the absence of a monarchy and in the absence of all the symbolic and ceremonial forms through which authority had traditionally been expressed and exercised Finally the author argues that the Commonwealth regime was not in fact the corrupt administrative failure that it was alleged to have been by its enemies and later by many historians instead the republican experiment was brought down by a faction no less intent on enjoying the spoils of the Stuart regime anxious about the Commonwealth's successes rather than alarmed by its failures The English revolution demolished almost all political landmarks and this book describes in vivid detail how the new republican state successfully restored the dignity of civilian government by expressing its authority through a calculated range of imagery and

symbolism Individual chapters focus on the occupation and revival of the abandoned royal palace of Whitehall by members of the new regime the public spectacle mounted to celebrate its military victories the ritual and ceremony with which it dignified everyday politics and the invention of a new state iconography to replace familiar forms such as the crown and the royal seal These efforts of the Republic to graft its own symbols and rhetoric onto the familiar political culture of the monarchical Stuart state secured an increasingly broad degree of support and indeed enthusiasm from its citizens However the steady growth of the regime s stability and prestige was seen by the army as a threat to its power and in 1653 they acted lest the Republic continue to harden into an unassailable form
