## **Sermon Outlines From The Prophets:**

**Sermon Outlines from the Prophets** Croft M. Pentz, 1977      **Prophetic Themes** Al Bryant, These sermon outlines on various topics were chosen for their strong scriptural support and solid expository structure They will enhance pulpit ministry and encourage those in the pew      100 Old Testament Sermon Outlines John Phillips, Carefully crafted sermon ideas from an accomplished speaker for a wide range of preaching occasions      **Preaching from the Minor Prophets** Elizabeth Achtemeier, 1998 An excellent guide to the books of the Minor Prophets this volume is unique for its theological depth It was written to provide clergy with the tools to once again preach from these important texts with confidence and relevancy      Preaching Like the Prophets Robert A. Carlson, 2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching Too often the prophets are misunderstood as focusing on future or social justice issues This book shows that the prophets are essentially preachers very good ones whom we must learn from By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher We can benefit not only from what the prophets say but how they say it By seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets

M. Hamilton,2022-05-24 The Old Testament prophetic books play a key role in revealing God s plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God s people enjoy the scenery of this part of God s word **The Visions of a Prophet** Marcus Dods,1895 **Pentecostal Prophets** Stephen D. Barkley,2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian Pentecostals From there the

experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It turns out that prophets today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light

Sweeter than Honey Christopher J. H. Wright, 2015-02-14 Many preachers steer clear of the Old Testament because they feel it is outdated in light of the New Testament and difficult to expound On the other hand some preachers will preach from the Old Testament frequently but fail to handle it correctly and end up preaching nothing but legalistic rules or symbolic lessons for our spiritual life In this book Christopher J H Wright encourages preachers not to ignore the Old Testament It is the Word of God it lays the foundation for our faith and it was the Bible that was read and used by Jesus It is the first part of the great biblical story from creation to new creation And because it is the journey that leads to Christ it is in fact part of our story too Looking first at why we should preach from the Old Testament the author then moves on to showing the reader how to handle different kinds of literature in it He guides us through the History Law Prophets Psalms and Wisdom Literature of the Old Testament Interspersed with detailed checklists suggested exercises and specimen sermons this is a very practical handbook for anyone committed to authentic Biblical preaching Preaching Through the Prophets John Bernard

Taylor, 1983-01 **A Prophet with Honor** William Martin, 2018-02-21 A Prophet with Honor is the biography Billy Graham himself invited and appreciated for its sympathetic but frank approach Carefully documented eminently fair and gracefully written it raises and answers key questions about Graham s character contributions and influence on the world religious scene In this engaging and comprehensive book William Martin gives readers a better understanding of the most successful evangelist in modern history and the movement he led for over fifty years A Prophet with Honor makes a vital contribution to the Billy Graham legacy and allows us to understand why his words actions and personality endeared him to popes and preachers kings and presidents and millions of Christians in virtually every nation and culture around the world Martin draws on extensive conversations with Graham himself nearly two hundred interviews previously untouched resources including documents from six presidential libraries and the Billy Graham Evangelistic Association archives personal observation of Graham s crusades and conferences in the United States and Europe decades of research on evangelical Christianity Martin pays particular attention to Graham s controversial relationships with Presidents Lyndon Johnson and Richard Nixon He also describes how Graham s lifelong determination to do something great for God led him to organize international conferences that spearheaded the worldwide spread of the liberating message of Jesus and prompted him to help strengthen religious freedom in the Soviet bloc and China Tracing Graham s life and ministry from his rural and

religious roots in North Carolina to his place as the elder statesman of American evangelicalism examining both his triumphs and his tribulations Martin shows the multidimensional character of the man who has become one of the most admired persons in the world
