**Sermons from Literature** William H. Moore, 2001-06-06 *Sermons from Literature* illustrates the close relationships that exist between the literary reading experience and the religious experience Through illustrative essays about readerly response to diverse works by Angelou Dante Dickey Drayton Herbert Hopkins and Shakespeare Moore proposes new stylistic tactics in literary criticism This book will be of great interest to University scholars and college teachers interested in theory and the profession of English and anyone concerned about crossing disciplinary borders **From Pulpit to Fiction** Allen Permar Smith, 2007 This book examines the authority and power of a sermonic text through its ctive qualities The author argues that a sermonic text functions in the manner of a work of ction and creates an event and space that forces a decision upon the reader The text creates a place where the Kingdom of God is about to happen and is happening Consequently the reader is forced to make a decision Will he or she go and do likewise or reject the Kingdom of God In this way a sermonic text acts like a work of ction and invites a reader into its space and event If the reader of the sermonic text chooses temporally to enter the event of the text the reader has the potential to participate in its dynamics and is forced to make a decision either to believe or not believe Like a work of ction it does not require those external guarantees of authority that are found in the community of faith its doctrines creeds and ecclesiology Rather the authority of the sermonic text is intrinsic as in a work of fiction and stands on its own The discussion is interdisciplinary drawing upon literary theory cultural theory and theology

**Translucence** Carol Gilbertson, Gregg Muilenburg, An ongoing seminar led by Ronald Thiemann of Harvard Divinity School took the arts as the point of departure for consideration of the role of religion in public life particularly the ways in which Lutheran intellectuals and academics might participate The emergence of religious meaning in the arts especially music and literature and the nature of the spirituality that results are considered by the seminar participants Curt Thompson Gregg Muilenburg Bruce Heggen Carol Gilbertson Kathryn P Duffy Karen Black Kathryn Ananda Owens James Hanson

*Sermons from Literature* William H. Moore, 2001 *Sermons from Literature* illustrates the close relationships that exist between the literary reading experience and the religious experience Through illustrative essays about readerly response to diverse works by Angelou Dante Dickey Drayton Herbert Hopkins and Shakespeare Moore proposes new stylistic tactics in literary criticism This book will be of great interest to University scholars and college teachers interested in theory and the profession of English and anyone concerned about crossing disciplinary borders **Experience Of Reading** Philip Davis, 2003-09-02 First published in 1991 This book is written with the intent to reach serious readers in and outside a university through joint mental contact with serious writers of the present and the past To get whatever there is to be got out of this book a reader should also read or have read at least Bernard Malamud s *A New Life* Saul Bellow s *Herzog* and Doris Lessing s *The Marriages Between Zones Three Four and Five* so that we can work together [Reading the Sermons of Thomas Aquinas: A Beginner's Guide](#) Randall B. Smith, 2016-12-01 Preaching was immensely important in the medieval

Church and Thomas Aquinas expended much time and effort preaching Today however Aquinas s sermons remain relatively unstudied and underappreciated This is largely because their sermo modernus style typical of the thirteenth century can appear odd and inaccessible to the modern reader In Reading the Sermons of Thomas Aquinas Randall Smith guides the reader through Aquinas s sermons explaining their form and content In the process one comes to appreciate the sermons in their rhetorical brilliance beauty and profound spiritual depth while simultaneously being initiated into a fascinating world of thought concerning Scripture language and the human mind The book also includes analytical outlines for all of Aquinas s extant sermons Reading the Sermons of Thomas Aquinas A Beginner s Guide is an indispensable volume for those interested in the thought of Aquinas in the intellectual and spiritual milieu in which he worked and in the manifold ways of preaching the Gospel message

**Preaching from Inside the Story** Jeffrey W. Frymire, 2022-06-02 Preaching from Inside the Story is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice Capitalizing on the works of Craddock and Lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching This book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging Aristotle s foundational understanding of narrative and renew the Lowry Loop by expanding this seminal work and how it should be understood in our current culture Preaching from Inside the Story breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect

thereby affording non narrative preachers to connect with storytelling principles Ultimately it is filled with examples of how to do narrative in a very practical way However in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching In the final analysis it invites the reader to take a fresh journey into narrative preaching *American Book Publishing Record* ,2001 **Popular**

**reading in English c. 1400-1600** Elisabeth Salter,2017-10-03 This book is about reading practice and experience in late medieval and early modern England It focuses on the kinds of literatures that were more readily available to the widest spectrum of the population Four case studies from many possibilities have been selected each examining a particular type of popular literature under the headings religious moral practical and fictional A key concern of the book is how we might use particular types of evidence in order to understand more about reading practice and experience so issues of method and approach are discussed fully in the opening chapter One distinctive element of this book is that it attempts to uncover evidence for the reading practices and experiences of real rather than ideal readers using evidence that is found within the material of a book or manuscript itself or within the structure of a specific genre of literature Salter attempts to negotiate a path through a set of methodological and interpretive issues in order to arrive at a better understanding of how people may have read and what they may have read This in turn leads on to how we may interpret the evidence that manuscripts and early printed books provide for the ways that medieval and early modern people engaged with reading This book will be of interest to academics and research students who study the history of reading popular culture literacy manuscript and print culture as well as to those interested more generally in medieval and early modern society and culture **Readers Theatre**

**Comes to Church** Gordon C. Bennett,2002-06-17 This is an updated and expanded edition of the first book on how to use Readers Theatre for worship teaching and evangelism A definitive and helpful manual for pastors and Christian Education Directors Included are five chapters on principles procedures and resources along with 10 sample scripts Excellent reference for retreat conference class and workshop planning **Reclaiming the Book of Revelation** Wilfried E. Glabach,2007

Progressive Christians have largely resisted studying the book of Revelation but Reclaiming the Book of Revelation shows that the last book of the Bible has great relevance for progressive Christians and congregations in this world It addresses themes such as how to avoid being drawn into the values of a consumerist society how to describe our fears instead of fleeing from them and how to live with hope in difficult times Because Revelation has been claimed by the religious right and proponents of rapture theology Wilfried E Glabach addresses the need for more progressive Christians to give another interpretation of the book Reclaiming the Book of Revelation offers an interpretation that stresses God s forgiveness and the healing of the nations rather than the destruction of many and the redemption of a few Dr Glabach motivates and encourages preachers teachers and lay readers to explore Revelation s vision of assurance justice and peace Back cover *Reference*

*Teaching Clyde Edgerton* Yvonne Mason, 2009 This is an introduction to the literature of contemporary American writer Clyde Edgerton A North Carolina native Edgerton has been compared to Mark Twain for his easy humorous style which is based in oral tradition Like Twain and other humorous writers Edgerton s work often contains both biting satire and exploration of very large questions about the human condition The book contains an overview of each of his novels and his memoir in addition to offering critical commentary on theme craft and structure Pedagogical support is offered with specific strategies that will encourage authentic engagement and learning Teachers will find specific companion pieces of literature for introducing Edgerton s vivid and challenging work This book presents the case for including more of Clyde Edgerton s work in our secondary and college English language arts classrooms as a means of revitalizing curricula and challenging the ways we traditionally think about teaching

**Teaching and Christian Imagination** David I. Smith, Susan M. Felch, 2016 This book offers an energizing Christian vision for the art of teaching The authors experienced teachers themselves encourage teacher readers to reanimate their work by imagining it differently David Smith and Susan Felch along with Barbara Carvill Kurt Schaefer Timothy Steele and John Witvliet creatively use three metaphors journeys and pilgrimages gardens and wilderness buildings and walls to illuminate a fresh vision of teaching and learning Stretching beyond familiar clich s they infuse these metaphors with rich biblical echoes and theological resonances that will inform and inspire Christian teachers everywhere

*Distance in Preaching* Michael Brothers, 2014-09-22 Based on several years of teaching and careful observation in preaching classes this book by Michael Brothers explores the benefits of distance in preaching and listening to sermons Having noticed that sermon listeners generally want to be given room for their own interpretations and experiences Brothers argues that critical and aesthetic distance as a hermeneutical tool is vital to hearing the gospel today and should be intentionally employed in sermon construction and delivery He explains this distance in the field of homiletics equips teachers and students of preaching to evaluate the function of distance in sermons and encourages preachers to practice the use of distance in their preaching
