The Crucified King Jeremy R. Treat,2014-05-27 The kingdom of God and the atonement are two of the most important themes in all of Scripture Tragically theologians have often either set the two at odds or focused on one to the complete neglect of the other In *The Crucified King* Jeremy Treat demonstrates that Scripture presents a mutually enriching relationship between the kingdom and atonement that draws significantly from the story of Israel and culminates in the crucifixion of Christ the king As Israel's messiah he holds together the kingdom and the cross by bringing God's reign on earth through his atoning death The kingdom is the ultimate goal of the cross and the cross is the means by which the kingdom comes Jesus death is not the failure of his messianic ministry nor simply the prelude to his royal glory but is the apex of his kingdom mission The cross is the throne from which he rules and establishes his kingdom Using a holistic approach that brings together the insights of biblical and systematic theology this book demonstrates not only that the kingdom and the cross are inseparable but how they are integrated in Scripture and theology *King J. Aaron*

Gruben,2018-06-21 Kings stride in the mists of our imaginations and occupy a favored seat in our stories our histories and even our headlines But did you know that you are called by God to be kingly yourself The Bible teaches that Christ is our Great Prophet Priest and King and we as Christ's followers are called to imitate Him in these qualities This small volume which brings together riveting historical narratives and engrossing theological observations is a meditation on what our kingship under Christ means You will be challenged to imitate Christ's kingly characteristics and explore your role as a little king under the great King of kings *The Servant King* , **The Drama** ,1919 *The Big Story* Christopher

Stone,2023-07-27 God has told us in many ways who He is who we are and why it matters that we know Him This study which is geared for the English as a second language community can be used by anyone who wants to move closer to the Lord The authors explore the big story in God's larger narrative *The Big Story* includes a ready made English learning curriculum that showcases Christ in the fullness of His glory through His person and work from the promises of the Old Testament In Luke 24:25-27 we are explicitly told that the Old Testament should be interpreted and understood in light of who Jesus is as the Son of God and Son of David and what He did in His life and death as well as in His resurrection and ascension We are witnesses not just of the New Testament words of Christ but the Old Testament words of Christ as well It is the preaching of Christ from the Old Testament through the light of the New Testament that touches hearts and changes lives **The Royal Priesthood of the Faithful** Cyril Eastwood,2009-05-01 The present quickening of lay activity in the life

of the church is regarded as one of the most significant developments in recent years What is the theology behind this development Is it new Is it true Is it biblical Is it supported by the early church fathers Is it a living issue today and is the church awakening to the real and practical significance of a doctrine which has been part of her faith from the beginning Such pertinent and far reaching questions are discussed in the book The author deals with the development of the doctrine of the royal priesthood of the faithful showing that it is based on the Bible is strongly supported by the church fathers and is prominent in the writings of theologians of the Middle Ages While the neglect of the doctrine has adversely affected the life of the church the emphasis upon it in many centuries has prompted movements which have resulted in spiritual quickening intellectual renewal and new ventures in Christian service The Royal Priesthood of the Faithful is a dynamic formula of reform The true church is revealed as a consecrated interceding witnessing and serving priesthood of faithful people The rediscovery of this doctrine to which Luther gave a new name brought fresh life and new insights to the church in the sixteenth century It may be that in present circumstances in a different though no less needy world its message believed and applied may yet do the same again This book is a companion volume to Dr Eastwood s The Priesthood of All Believers which examines the doctrine from the Reformation to January of 1962 The two volumes together present a complete work on the meaning and history of the doctrine

Leadership Reconsidered Ruth A. Tucker,2008-12-01 While books and articles on leadership abound most of them are written by successful men who look at the world through the lens of a Western business model The standard for success is based on the bottom line financial growth in both the personal and corporate realms This perspective has infected Christian leadership literature as well In Leadership Reconsidered Ruth A Tucker calls for a revised definition one that abandons the love of power and success for the eternal value of legacy She challenges the assumption that a leader must by definition have followers be an extrovert crave recognition and dominate others Instead legacy encompasses the values of behind the scenes influence that are available to everyone and last beyond the grave This unique and refreshing perspective on leadership is accessible and engaging and will make an impact on anyone who takes it to heart
