

The image is a promotional artwork for the 'Manchurian Legacy' expansion of the game Age of Empires II: Definitive Edition. It features four central figures in traditional Manchu attire standing in a snowy, mountainous landscape. From left to right: a warrior with a long beard in red armor, a man in a blue robe and tall blue hat, a woman in a red and gold robe with a tall gold headdress, and a man in a white robe and tall white hat. The background shows snow-covered mountains and a traditional Chinese building. The game's title is centered over the figures, and the expansion name is on a banner at the bottom.

Soldiers Alive Ishikawa Tatsuzo, 2003-07-31 When the editors of Ch k ron Japan s leading liberal magazine sent the prizewinning young novelist Ishikawa Tatsuzo to war ravaged China in early 1938 they knew the independent minded writer would produce a work wholly different from the lyrical and sanitized war reports then in circulation They could not predict however that Ishikawa would write an unsettling novella so grimly realistic it would promptly be banned and lead to the author s conviction on charges of disturbing peace and order Decades later Soldiers Alive remains a deeply disturbing and eye opening account of the Japanese march on Nanking and its aftermath In its unforgettable depiction of an ostensibly altruistic war s devastating effects on the soldiers who fought it and the civilians they presumed to liberate Ishikawa s work retains its power to shock inform and provoke

Passing, Posing, Persuasion Christina Yi, Andre Haag, Catherine Ryu, 2023-11-30 Passing Posing Persuasion interrogates the intersections between cultural production identity and persuasive messaging that idealized inclusion and unity across Japan's East Asian empire 1895-1945 Japanese propagandists drew on a pan Asian rhetoric that sought to persuade colonial subjects to identify with the empire while simultaneously maintaining the distinctions that

subjugated them and marking their attempts to self identify as Japanese as inauthentic illegitimate forms of passing or posing Visions of inclusion encouraged assimilation but also threatened to disrupt the very logic of imperialism itself If there was no immutable difference between Taiwanese and Japanese subjects for example then what justified the subordination of the former to the latter The chapters emphasize the plurality and heterogeneity of empire together with the contradictions and tensions of its ideologies of race nation and ethnicity The paradoxes of passing posing and persuasion opened up unique opportunities for colonial contestation and negotiation in the arenas of cultural production including theater fiction film magazines and other media of entertainment and propaganda consumed by audiences in mainland Japan and its colonies From Meiji adaptations of Shakespeare and interwar mass media and colonial fiction to wartime propaganda films competing narratives sought to shape how ambiguous identities were performed and read All empires necessarily engender multiple kinds of border crossings and transgressions in the case of Japan the policing and blurring of boundaries often pivoted on the outer markers of ethno national identification This book showcases how actors in multiple senses of the word from all parts of the empire were able to move in and out of different performative identities thus troubling its ontological boundaries

In the Highest Degree Tragic Donald M. Kehn, 2017-08 In the Highest Degree Tragic tells the heroic story of the U S Asiatic Fleet s sacrifice defending the Dutch East Indies from the Japanese in the first three months of the Pacific War Donald M Kehn Jr s comprehensive narrative history of the operations involving multiple ships and thousands of men dramatically depicts the chaotic nature of these battles His research has uncovered evidence of communications failures vessels sinking hundreds of miles from where they had been reported lost and entire complements of men simply disappearing off the face of the earth Kehn notes that much of the fleet went down with guns blazing and flag flying highlighting where many others have failed to do so the political and strategic reasons for the fleet s deployment to the region in the first place In the Highest Degree Tragic rectifies the historical record showcasing how brave yet all too human sailors and officers carried out their harrowing tasks Containing rare first person accounts and anecdotes from the highest command echelons down to the lowest enlisted personnel Kehn s book is the most comprehensive and exhaustive study to date of this important part of American involvement in World War II

Placing Empire Kate McDonald, 2017-08 Seeing like the nation The new territories Boundary narratives Local color Speaking Japanese **When Empire Comes Home** Lori Watt, 2020-03-17 Following the end of World War II in Asia the Allied powers repatriated over six million Japanese nationals from colonies and battlefields throughout Asia and deported more than a million colonial subjects from Japan to their countries of origin Depicted at the time as a postwar measure related to the demobilization of defeated Japanese soldiers this population transfer was a central element in the human dismantling of the Japanese empire that resonates with other post colonial and post imperial migrations in the twentieth century Lori Watt analyzes how the human remnants of empire those who were moved and those who were left behind served as sites of negotiation in the process of the jettisoning of the colonial project and in the creation

of new national identities in Japan Through an exploration of the creation and uses of the figure of the repatriate in political social and cultural realms this study addresses the question of what happens when empire comes home
