

Maverick Marine

Mark Ryland Folse

Maverick Marine:

Kentucky Marine David J. Bettez, 2014-03-18 Follows the changes in the Marine Corps from its role as colonial infantry to amphibious assault force using the career of Maj Gen Logan Feland Allan R Millett author of *Semper Fidelis* Winner of the Marine Corps Heritage Foundation's Colonel Joseph Alexander Award A native of Hopkinsville Kentucky Major General Logan Feland 1869-1936 played a major role in the development of the modern Marine Corps Highly decorated for his heroic actions during the battle of Belleau Wood in World War I Feland led the hunt for rebel leader Augusto C. Sandino during the Nicaraguan revolution from 1927 to 1929 an operation that helped to establish the Marines reputation in guerrilla warfare and search and capture missions Yet despite rising to become one of the USMC's most highly ranked and regarded officers Feland has been largely ignored in the historical record In *Kentucky Marine* David J Bettez uncovers the forgotten story of this influential soldier of the sea During Feland's tenure as an officer the Corps expanded exponentially in power and prestige Not only did his command in Nicaragua set the stage for similar twenty-first century operations in Iraq and Afghanistan but Feland was one of the first instructors in the USMC's Advanced Base Force which served as the forerunner of the amphibious assault force mission the Marines adopted in World War II *Kentucky Marine* also illuminates Feland's private life including his marriage to successful soprano singer and socialite Katherine Cordner Feland and details his disappointment at being twice passed over for the position of commandant Drawing from personal letters contemporary news articles official communications and confidential correspondence this long overdue biography fills a significant gap in twentieth-century American military history MARINES Chuck Mansfield, 2023-10-29 The history and lore of the United States Marine Corps are likely unmatched Steeped in the rich history and tradition of the Corps since its founding in 1775 this book focuses on more recent history specifically the author's experiences as a young Marine in the 1960s including his tour of duty in Vietnam It also includes biographical profiles of more than 100 other Marines who fought in Vietnam or other conflicts Most of those profiled are Marines with whom the author served or has come to know since his active military service The 30th Marine Commandant General Carl Mundy has written Few who have borne the title United States Marine fail to identify with it throughout their entire lives Marines are as Shakespeare has written We few we happy few we band of brothers And brothers are members of a family This family is The few The proud The Marines **Uniform Behavior** S. McGoldrick, A. McArdle, 2006-07-23 This book places in historical context the continuing push-pull dynamics between national politics and the entrenched tradition of local control over law enforcement in the U.S Drawing on the present sense of urgency around the War on Terror and earlier national political initiatives that have sought to influence law enforcement at the local level this multidisciplinary collection addresses key questions about how national and geopolitical developments come to shape local policing and inform who decides how and to what end local police forces will maintain public order interact with local communities and address issues of accountability oversight and reform *Taking Haiti* Mary A.

Renda,2004-07-21 The U S invasion of Haiti in July 1915 marked the start of a military occupation that lasted for nineteen years and fed an American fascination with Haiti that flourished even longer Exploring the cultural dimensions of U S contact with Haiti during the occupation and its aftermath Mary Renda shows that what Americans thought and wrote about Haiti during those years contributed in crucial and unexpected ways to an emerging culture of U S imperialism At the heart of this emerging culture Renda argues was American paternalism which saw Haitians as wards of the United States She explores the ways in which diverse Americans including activists intellectuals artists missionaries marines and politicians responded to paternalist constructs shaping new versions of American culture along the way Her analysis draws on a rich record of U S discourses on Haiti including the writings of policymakers the diaries letters songs and memoirs of marines stationed in Haiti and literary works by such writers as Eugene O Neill James Weldon Johnson Langston Hughes and Zora Neale Hurston Pathbreaking and provocative Taking Haiti illuminates the complex interplay between culture and acts of violence in the making of the American empire The Greatest of All Leathernecks Joseph Arthur Simon,2019-09-11 Joseph Arthur Simon s The Greatest of All Leathernecks is the first comprehensive biography of John Archer Lejeune 1867 1942 a Louisiana native and the most innovative and influential leader of the United States Marine Corps in the twentieth century As commandant of the Marine Corps from 1920 to 1929 Lejeune reorganized revitalized and modernized the force by developing its new and permanent mission of amphibious assault Before that transformation the corps was a constabulary infantry force used mainly to protect American business interests in the Caribbean a mission that did not place it as a significant contributor to the United States defense establishment The son of a plantation owner from Pointe Coupee Parish Lejeune enrolled at Louisiana State University in 1881 aged fourteen Three years later he entered the U S Naval Academy afterward serving for two years at sea as a midshipman In 1890 he transferred to the Marines where he ascended quickly in rank During the Spanish American War Lejeune commanded and landed Marines at San Juan Puerto Rico to rescue American sympathizers who had been attacked by Spanish troops A few years later he arrived with a battalion of Marines at the Isthmus of Panama part of Colombia at the time securing it for Panama and making possible the construction of the Panama Canal by the United States He went on to lead Marine expeditions to Cuba and Veracruz Mexico During World War I Lejeune was promoted to major general and given command of an entire U S Army division After the war Lejeune became commandant of the Marine Corps a role he used to develop its new mission of amphibious assault transforming the corps from an ancillary component of the U S military into a vibrant and essential branch He also created the Marine Corps Reserve oversaw the corps s initial use of aviation and founded the Marine Corps Schools the intellectual planning center of the corps that currently exists as the Marine Corps University As Simon masterfully illustrates the mission and value of the corps today spring largely from the efforts and vision of Lejeune *Fortitudine* ,2001 **The Globe and Anchor Men** Mark Ryland Folse,2024-04-18 Throughout the World War I era the United States Marine Corps efforts to promote their culture of manliness directed

attention away from the dangers of war and military life and towards its potential benefits As a military institution that valued physical mental and moral strength the Marines created an alluring image for young men seeking a rite of passage into manhood Within this context the potential for danger and death only enhanced the appeal Mark Ryland Folse s *The Globe and Anchor Men* offers the first in depth history of masculinity in the Marine Corps during the World War I era White manhood and manliness constituted the lens through which the Marines of this period saw themselves how they wanted the public to see them and what they believed they contributed to society Their highly gendered culture helped foster positive public relations allowing Marines to successfully promote the potential benefits of becoming a Marine over the costs even in times of war By examining how the Marine Corps culture public image and esteem within U S society evolved Folse demonstrates that the American people measured the Marines usefulness not only in terms of military readiness but also according to standards of manliness set by popular culture and by Marines themselves The Marines claimed to recruit the finest specimens of American manhood and make them even better strong brave and morally upright They claimed the Marine would be a man with a wealth of travel and experience behind him He would be a proud and worthy citizen who had earned respect through his years of service training and struggle in the Marine Corps Becoming a Marine benefited the man and the new Marine benefited the nation As men became manlier the country did too

Woodrow Wilson's Wars Mark Benbow, 2022-10-15 Woodrow Wilson s presidential administration 1913 1921 was marked not only by America s participation in World War I but also by numerous armed interventions by the United States in other countries Spanning the globe these actions included the years long occupations of Haiti and the Dominican Republic a border war with Mexico and the use of Marines guarding American citizens during unrest in Chinese cities Author Mark Benbow examines what these American policy decisions and military adventures reveal of Wilson as commander in chief and the powers and duties of the office Wilson tended to let his cabinet officials operate their own departments as they wished as long as their actions did not contradict his overall policies However as regards foreign policy Wilson took an active role overseeing American diplomats His policy toward the military followed a similar pattern though sometimes military commanders actions affected Wilson s diplomatic goals Benbow focuses on those conflicts between military reality the pragmatic needs of policy and the larger goals of crafting a lasting foreign policy

Department of Defense authorization for appropriations for fiscal year 1984 United States. Congress. Senate. Committee on Armed Services, 1983

The Marines, Counterinsurgency, and Strategic Culture Jeannie L. Johnson, 2018 The US Marine Corps has traditionally been one of the most innovative branches of the US military but even it has struggled to learn and retain lessons from past counterinsurgency wars Jeannie L Johnson looks at the clash between strategic culture and organizational learning through the US Marine Corps s long experience with counterinsurgency She first undertakes a fascinating examination of what makes the Marines distinct their identity norms values and perceptual lens To do this Johnson uses an innovative framework for analyzing strategic culture Next she traces

the history of the Marines counterinsurgency experience from the expeditionary missions of the early twentieth century through the Vietnam War and finally to the Iraq War. She shows that even a service as self-aware and dedicated to innovation as the US Marine Corps is significantly constrained in the lessons learned process by its own internal predispositions. Even when internal preferences can be changed, ingrained biases endemic to the broader US military culture and American public culture create barriers to learning.

By, For, and About Marines Lt Col Sidney Atwater US Marine Corps, 2021-07-08

By, For, and About Marines is a nonfiction collection of notable quotes giving voice to US Marines throughout its storied and illustrious history. Each quote is set in historical context to give the reader a better understanding of where, when, and why the quote is included.

Honor in the Dust Gregg Jones, 2013-01-23

Fascinating New York Times Book Review. Well written. The Boston Globe Extraordinary. The Christian Science Monitor A compelling page-turner. Adam Hochschild On the eve of a new century, an up and coming Theodore Roosevelt set out to transform the US into a major world power. The Spanish American War would forever change America's standing in global affairs and drive the young nation into its own imperial showdown in the Philippines. From Admiral George Dewey's legendary naval victory in Manila Bay to the Rough Riders' heroic charge up San Juan Hill, from Roosevelt's rise to the presidency to charges of US military misconduct in the Philippines, *Honor in the Dust* brilliantly captures an era brimming with American optimism and confidence as the nation expanded its influence abroad.

Marines in the Spanish-American War, 1895-1899 United States Marine Corps. History and Museums Division, 1998

The Marine Corps Gazette, 1988

The United States in World War I James T. Controvich, 2023-05-08

With the centennial of the First World War rapidly approaching, historian and bibliographer James T. Controvich offers in *The United States in World War I: A Bibliographic Guide* the most comprehensive up-to-date reference bibliography yet published. Organized by subject, this bibliography includes the full range of sources: vintage publications of the time, books, pamphlets, periodical titles, theses, dissertations, and archival sources held by federal and state organizations as well as those in public and private hands, including historical societies and museums. As Controvich's bibliographic accounting makes clear, there were many facets of World War I that remain virtually unknown to this day. Throughout Controvich's bibliography, tracks the primary sources that tell each of these stories and many others besides during this tense period in American history. Each entry lists the author, title, place of publication, publisher, date of publication, and page count, as well as descriptive information concerning illustrations, plates, photos, maps, diagrams, and plans. The armed forces section carries additional information on rosters, awards, citations, and killed and wounded in action lists.

The United States in World War I: A Bibliographic Guide is an ideal research tool for students and scholars of World War I and American history.

A Companion to American Military History James C. Bradford, 2009-11-03

With more than 60 essays, *A Companion to American Military History* presents a comprehensive analysis of the historiography of United States military history from the colonial era to the present. Covers the entire spectrum of US history from the Indian and imperial conflicts of the seventeenth century to the battles in Afghanistan.

and Iraq Features an unprecedented breadth of coverage from eminent military historians and emerging scholars including little studied topics such as the military and music military ethics care of the dead and sports Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and identifies areas where conflicting interpretations are in need of further study

The United States Military in Latin America George B. Clark, 2014-07-31 Since the introduction of the Monroe Doctrine in 1823 in which the United States vowed to prevent further European interference in the Western Hemisphere the American military ever increasingly involved itself in the internal affairs of its Latin American neighbors This book considers nearly 150 years of U S military intervention in Latin America from naval patrols near turbulent Spanish colonies in the early 1800s to the protection of U S interests during Caribbean rebellions at the beginning of the 1900s to later actions in Panama Honduras Cuba and Nicaragua With short chronicles of U S involvement country by country from Argentina to Uruguay and appendices providing biographies of major military commanders and lists of servicemen decorated injured or killed during various campaigns this work highlights the complicated history between the United States and its neighbors to the South

The Savage Wars Of Peace Max Boot, 2014-03-11 Anyone who wants to understand why America has permanently entered a new era in international relations must read this book Vividly written and thoroughly researched Los Angeles Times America's small wars imperial war or as the Pentagon now terms them low intensity conflicts have played an essential but little appreciated role in its growth as a world power Beginning with Jefferson's expedition against the Barbary pirates Max Boot tells the exciting stories of our sometimes minor but often bloody landings in Samoa the Philippines China Haiti the Dominican Republic Nicaragua Mexico Russia and elsewhere Along the way he sketches colorful portraits of little known military heroes such as Stephen Decatur Fighting Fred Funston and Smedley Butler This revised and updated edition of Boot's compellingly readable history of the forgotten wars that helped promote America's rise in the last two centuries includes a wealth of new material including a chapter on the wars in Iraq and Afghanistan and a new afterword on the lessons of the post 9 11 world

Pioneers of Amphibious Warfare, 1898-1945 Leo J. Daugherty III, 2009-06-08 The planning that allowed for the successful amphibious landings at the end of World War II actually began during the 1880s as the Marine Corps sought to define its role in the new Steel Navy Officers braved skepticism indifference and outright opposition to develop an amphibious warfare doctrine with each service contributing From the 1898 war with Spain through the disastrous 1915 Australian landing to the successful World War II assaults in the Pacific and northwest France this chronological history explores the successes and failures pivotal to the concept of amphibious warfare through the lives and careers of fourteen officers instrumental to its development Profiles include General George S Patton Jr Rear Admiral Walter C Ansel USN Lieutenant General John A Lejeune USMC Admiral William Sims USN and Colonel Robert W Huntington USMC

The Small Wars of the United States, 1899-2009 Benjamin R. Beede, 2012-08-06 The Small Wars of the United States 1899 2009 is the complete

bibliography of works on US military intervention and irregular warfare around the world as well as efforts to quell insurgencies on behalf of American allies The text covers conflicts from 1898 to present with detailed annotations of selected sources In this second edition Benjamin R Beede revises his seminal work bringing it completely up to date including entries on the current conflicts in Iraq and Afghanistan An invaluable research tool The Small Wars of the United States 1899 2009 is a critical resource for students and scholars studying US military history
