**James J. Walter, Timothy E.
O'Connell, Thomas A. Shannon**

My Hope For The Church Critical Encourag:

"Good News" After Auschwitz? Carol Rittner, John K. Roth, 2001 Many argue that Christians must address their own culpability in the destruction of Europe's Jewry. If post-Holocaust Christians only lament Christianity's sin, the tradition will be ultimately left with little to say and no credibility. Post-Holocaust Christians must emphasize positive differences that Christianity can make, including Repentant honesty about Christianity's anti-Jewish history, New appreciation for the Jewish origins of Christianity, the Jewish identity of Jesus, and the continuing vitality of the Jewish people and their traditions. Welcome liberation from liturgies and biblical interpretations that promote harmful Christian exclusivism. Bothering to Love Vogt, Christopher P., Ward, Kate, 2024-08-28

A Call to Fidelity James J. Walter, Timothy E. O'Connell, Thomas A. Shannon, 2002-10-17 A Call to Fidelity seeks to thoughtfully examine and critically evaluate the contributions that Charles E. Curran has made to the field of Catholic moral theology over the past forty years. It also seeks to assess the development of specific topics in contemporary moral theology to which Curran has made his unique mark, particularly in fundamental ethics, sexual and medical ethics, social and political ethics, and topics related to dialogue with other traditions and approaches to Catholic ethics. Reviewing the many years of his influential writings, thought, and scholarship, fourteen distinguished scholars examine his contributions and the current state of the topics under discussion, which are as far ranging as academic freedom, birth control, gay and lesbian relationships, and feminism. Each contributor also provides a critical evaluation of Curran's work and outlines how these areas will hold or undergo transformation as the church looks toward its relationship with society and culture in the coming decades. Violence, Transformation, and The Sacred: "They shall be called Children of God" Margaret Pfeil and Tobias L. Winright, 2012

The Abuse of Conscience Matthew Levering, 2021-10-28 How important is conscience for the Christian moral life? In this book, Matthew Levering surveys twentieth-century Catholic moral theology to construct an argument against centering ethics on conscience. He instead argues that conscience must be formed by the revealed truths of Scripture as interpreted and applied in the church. Levering shows how conscience-centered ethics came to be both prior to and following the Second Vatican Council and how important voices from both the Catholic and Protestant communities criticized the primacy of conscience in favor of an approach that considers conscience within the broader framework of the Christian moral organism. Rather than engaging with current hot-button issues, Levering presents and deconstructs the work of twenty-six noteworthy theologians from the recent past in order to work through core matters. He begins by examining the place of conscience in Scripture and in the Catholic moral manuals of the twentieth century. He then explores the rebuttals to conscience-centered ethics offered by pre- and post-conciliar Thomists and the emergence of a new, even more problematic conscience-centered ethics in German thought. Amid this wide-ranging introduction to various strands of Catholic moral theology, Levering crafts an incisive intervention of his own against the abuse of conscience that besets the church today as it did in the last century.

My Hope for the Church Bernhard Häring, 1999 My Hope for the Church

offers a gentle but no holds barred commentary on the significant issues facing the Church In this challenging vision of the future Bernard Haring provides us with hope and positive encouragement for the Catholic Church of the 21st century

Paperback **Gathered for the Journey** David Matzko McCarthy, M. Therese Lysaught, 2007-08-28 Gathered for the Journey sets moral reasoning in a theological context of worship and discipleship part 1 provides a framework for the moral life based on questions of human fulfillment part 2 and demonstrates how these theological resources shape a distinctive approach to questions of globalization Catholic social teaching the family war and peace bioethics and the environment part 3 McCarthy and Lysaught have crafted a distinctively unified collection Gathered for the Journey represents a common project among Catholic scholars who are struggling with similar questions about living faithfully Contributors Frederick Christian Bauerschmidt William T Cavanaugh David M Cloutier Dana Dillon James M Donohue Jeanne Heffernan Schindler Kelly S Johnson M Therese Lysaught William C Mattison III David M McCarthy Michael R Miller Julie Hanlon Rubio Tobias Winright **My Hope for the Church** Bernard Haring, 1997 **Were the Popes Against the Jews?** Justus George

Lawler, 2012-01-31 How many people know that a modern pope publicly referred to Jews as dogs that two other modern popes called the Jewish religion Satan's synagogue that at the beginning of the twentieth century another pope refused to save the life of a Jew accused of ritual murder even though the pope knew the man was innocent Lastly how many people know that only a decade before the rise of Hitler another pope supported priests who called for the extermination of all the Jews in the world The answer has to be great numbers of people since those accusations appeared in David I Kertzer's The Popes Against the Jews 2001 a book which had been lauded in major journals and newspapers in the U S and the U K and which by 2006 had been translated into nine foreign languages while Kertzer himself according to his Website had become America's foremost expert on the modern history of the Vatican's relations with the Jews It is thus undeniable that very many people in very many countries have heard of the appalling misdeeds and misstatements mentioned above even though in fact not one of them was ever perpetrated by any pope But Were the Popes Against the Jews is not only about the disclosure of these shocking slanders however fascinating and important such an exposé is In the broader perspective it is about the power of ideology to subvert historical judgments whether the latter concern the origins of anti-Semitism and the papacy the distortion of documents to indict Pius XII or the fabrication of Pius XI as codependent collaborator with Mussolini the announced subject of Kertzer's next book Justus George Lawler's confrontation with ideologues will gratify all who are seeking not triumph over opponents but peace and justice for all **Kinaadman** ,1999 Crisis ,2001 A journal of lay

Catholic opinion **The Eusebians** David M. Gwynn, 2006-12-07 A historical and theological re-evaluation of the polemical writings of Athanasius of Alexandria bishop 328-73 who would become known to later Christian generations as a saint and a champion of orthodoxy and as the defender of the original Nicene Creed of 325 against the Arian heresy For much of his own lifetime however Athanasius was an extremely controversial figure and his writings although highly influential on modern

interpretations of the fourth century Church and the so called Arian Controversy display bias and distortion David M Gwynn examines Athanasius polemic in detail and in particular his construction of those he condemns as Arian as a single heretical party the Eusebians Gwynn argues that Athanasius image of the Church polarized between his own orthodoxy and the Arianism of the Eusebians is a polemical construct which has seriously impaired our knowledge of the development of Christianity in the crucial period in which the Later Roman Empire became ever increasingly a Christian empire

The Catholic Periodical and Literature Index ,2005 *God in the Gallery* Daniel A. Siedell,2008-10 An art historian develops a theological philosophical and historical framework within which to experience and interpret modern and contemporary art that is in dialogue with the Christian faith **Awesome Families** Kathleen E. Jenkins,2005-11 Denounced by some as a dangerous cult and lauded by others as a miraculous faith community the International Churches of Christ was a conservative evangelical Christian movement that grew rapidly in the 1980s and 1990s Among its followers promises to heal family relationships were central to the group s appeal Members credit the church for helping them develop so called awesome families successful marriages and satisfying relationships with children family of origin and new church brothers and sisters The church engaged an elaborate array of services including round the clock counseling childcare and Christian dating networks all of which were said to lead to fulfilling relationships and exciting sex lives Before the unified movement s demise in 2003 2004 the lure of blissful family life led more than 100 000 individuals worldwide to be baptized into the church In *Awesome Families* Kathleen Jenkins draws on four years of ethnographic research to explain how and why so many individuals primarily from middle to upper middle class backgrounds were attracted to this religious group that was founded on principles of enforced community explicit authoritative relationships and therapeutic ideals Weaving classical and contemporary social theory she argues that members were commonly attracted to the structure and practice of family relationships advocated by the church especially in the context of contemporary society where gender roles and family responsibilities are often ambiguous Tracing the rise and fall of this fast growing religious movement this timely study adds to our understanding of modern society and offers insight to the difficulties that revivalist movements have in sustaining growth **Modern Trinitarian Perspectives** John Thompson,1994 Provides a survey of modern thought on the doctrine of

the Trinity which has recently enjoyed a revival of interest The author examines the work of important theologians and their views on the relationship of the trinitarian doctrine to Scripture the Church philosophy politics and society
