Permanent Removal Who Killed The Cradock Four:

Permanent Removal Christopher Nicholson, 2004 Ten years into South African Democracy we need to find answers to some hard questions Did the negotiations that lead to the new South Africa include an agreement that some of the masterminds of murder would be immune from prosecution Have these men refused to confess their deed and shame in the certain knowledge that they will not be punished for their crimes Will the families of Matthew Goniwe Fort Calata Sparrow Mkonto and Sicelo Mhlauli as well as many others ever know for certain who authorised the murders of their loved ones This is the fascinating story of the search for the people ultimately responsible for the deaths of the Cradock Four Based on factual documentation and court records it recounts the investigations and political intrigue around the murders and it demonstrates how this notorious case more than any other exposed the inner workings of the apartheid government s State Security Council

Systemic Racism in South Africa Rupert Taylor, 2024-12-06 This book takes a critical macro level political sociological perspective to understanding South African politics and society Applying systemic racism theory to South Africa the author argues that South African society through its exclusionary social mechanisms has assumed a systemically racist form that deeply compromises questions of truth and justice Constitutive of and embedded in the structure of South African society racism has a reach and a durability that runs deep through the successive stages of segregationism apartheid and liberal democracy Showing the limits of the rule of law in a racist society the author offers a theoretically informed interpretation as to why the national liberation struggle has fallen short of its promise to deliver a better life for all and as to why truth and justice remain so deeply compromised in South Africa today The arguments advanced are supported by over thirty semi structured interviews conducted by the author with high profile South African

politicians jurists and intellectuals as well as by using Truth and Reconciliation Commission hearing transcripts both public and top secret This thought provoking book is driven by the imperative to offer a compelling and sustained argument for taking a systemic racism approach to interpreting South Africa for scholars and students of sociology political science race and ethnic studies law and South African history

Thank you, Judge Mostert! Carmel Rickard, 2012-09-27 Anton Mostert was one of South Africa's youngest judges when he was appointed to head a commission of inquiry into exchange control regulations in 1978 His inquiry seemingly innocuous unearthed what was at that time the greatest political scandal in the country's history massive corruption in the department of information In defiance of warnings by Prime Minister PW Botha not to disclose his findings Mostert released all the evidence that had been led before him exposing some of the most powerful men in the country and effectively changing history The title of this book Thank You Judge Mostert is taken from the inscription which appeared overnight on bumper stickers all over South Africa in the weeks following Judge Anton Mostert's revelations of the Information Scandal This overt spontaneous outburst of public appreciation and support requires history to be retold for this is the story of a principled and courageous judge who not only fiercely fought for the independence of the judiciary and the rule of law in South Africa but who also fearlessly confronted the Afrikaner executive at a critical juncture in South Africa's history

The African Book Publishing Record ,2008 Lethe's Law Emiliios Christodoulidis, Scott Veitch, 2001-05-09 This book offers a series of original essays by an international group of scholars whose work looks comparatively at law s attempts to deal with the past Ranging from questions of criminal responsibility and amnesty to those of law s relation to time memory and the ethics of reconciliation it is a sustained jurisprudential and philosophical analysis of one of the most important and pressing legal concerns of our time Among its key concerns is that justice s demand on law has changed and in the face of a divided and violent past law is being called on to do the kind of work it ordinarily shuns What this means for conventional understandings of law as well as for the relation between law and politics in times of transition is explored through a discussion of experiences from Eastern Europe and Germany to South Africa Israel and Australia The book thus provides a timely investigation of the nature of law and legal institutions in times of political and social change and will appeal to a broad international audience including lawyers political theorists criminologists and philosophers
