Progress With Profits The Development Of Rural Banking In Indonesia:

Progress with Profits Richard H. Patten, Jay K. Rosengard, 1991 Development of Rural Financial Markets to Sub-Saharan Africa Sabapathy Thillairajah, 1994 World Bank Environment Paper 6 Here is a holistic approach to analyzing the environmental impact of various power systems Unlike standard impact studies that begin at the project level this method calls for environmental assessments that start at the planning stage of a national framework for energy policymaking The framework would take into account the energy needs of Sri Lanka s total economy It also would make it easier to incorporate environmental goals into power sector decisionmaking at the critical investment stage Sri Lanka s development options for the power sector are reviewed in detail Topics include alternative ways to assess the economic value of a power plant s impact on biodiversity human health and air and water pollution The study also assesses which energy planning options work best and recommends ways in which the Ceylon Electricity Board can improve its environmental policies

Agricultural Growth in Indonesia Pierre van der Eng, 1996-05-06 The impact of both colonial economic policies and Western enterprise on indigenous agriculture in Indonesia has long been a matter of contention among scholars This book provides the first quantification and assessment of the broad long term trends in agricultural production and productivity since 1880 It is the first comprehensive inventory of agricultural policies and their impact on agricultural production during the colonial era and after independence It stresses the continuity in the development of both agricultural productivity and policies from the colonial era until today **Indonesia's Industrial Transformation** Hal Hill, 1997 Indonesia the world s fourth most populous nation has experienced a remarkable economic transformation over the past 30 years In the mid 1960s it was one of the poorest countries in the developing world but by the 1990s it had joined the group of Asian tiger economies This set of essays examines the record of industrialization which has been central to Indonesia s rapid development Successive sections provide an overview of the industrialization process case studies of selected industries the contribution of foreign investment and technological development the role of small medium industry and a range of industrial policy issues Drawing on the country s much improved statistical base this empirically oriented volume highlights both the achievements of the New Order regime and the many challenges which lie ahead A.I.D. Research and Development Abstracts** United States. Agency for International Development, 1989 **Agriculture in Liberalizing Economies** DINA L. UMALI, Charles Maguire, 1995 Discusses ways in which the role of the state in promoting agricultural growth and development may be redefined This report presents the proceedings of the 14th World Bank Agricultural Symposium held in January 1994 The papers explore ways in

which the role of the state in promoting agricultural growth and development may be redefined They also capitalize on important lessons emerging from experiences around the world The report suggests that changing the role of government from market domination towards the provision of a regulatory framework that facilitates private sector activity is an ongoing process rather than a one time occurrence The papers also illustrate the wide variety of issues and the different approaches in the various countries that are redefining the role of government in agricultural development Microfinance David Hulme,Thankom Arun,2009-01-13 This timely book written by one of the major players in the UK in development economics explores amongst others topics such as microfinance and poverty reduction microinsurance and regulating and supervising microfinance institutions **Inframarginal Economics** Xiaokai Yang,Wai-Man Liu,2009 This monograph resurrects the spirit of classical economic thinking on network effects of division of labor and general equilibrium mechanisms that simultaneously determine the interdependent benefits of specialization and the number of participants in the network of division of labor extent of the market in a modern body of inframarginal economics Inframarginal economics applies inframarginal analysis nonclassical mathematical programming which allows corner solution to studies of network effects of division of labor individuals networking decisions in choosing their levels of specialization mechanisms that endogenously determine the network size and pattern of division of labor increasing returns and the relationship between transaction costs evolution in institutions property rights contracts organization and the network size and pattern of division of labor Here inframarginal analysis is total cost benefit analysis across different network patterns of trade and division of labor in addition to marginal analysis of resource allocation for a given pattern of organization It provides an overarching framework that encompasses many areas of the discipline that have customarily been treated as separate branches These include microeconomics macroeconomics development economics international economics urban economics growth theory industrial organization applications of game theory in economics economics of property rights economics of transaction costs economics of institutions and contracts economics of organization managerial economics theory of hierarchy new theory of the firm theory of money theory of insurance theory of the network and reliability and so on **The Economics of Microfinance, second edition** Beatriz Armendariz,Jonathan Morduch,2010-04-23 An accessible analysis of the global expansion of financial markets in poor communities incorporating the latest thinking and evidence The microfinance revolution has allowed more than 150 million poor people around the world to receive small loans without collateral build up assets and buy insurance The idea that providing access to reliable and affordable financial services can have powerful economic and social effects has captured the imagination of policymakers activists bankers and researchers around the world the 2006 Nobel Peace Prize went to microfinance pioneer Muhammed Yunis and Grameen Bank of Bangladesh This book offers an accessible and engaging analysis of the global expansion of financial markets in poor communities It introduces readers to the key ideas driving microfinance integrating theory with empirical data and addressing a range of issues

including savings and insurance the role of women impact measurement and management incentives This second edition has been updated throughout to reflect the latest data A new chapter on commercialization describes the rapid growth in investment in microfinance institutions and the tensions inherent in the efforts to meet both social and financial objectives The chapters on credit contracts savings and insurance and gender have been expanded substantially a new section in the chapter on impact measurement describes the growing importance of randomized controlled trials and the chapter on managing microfinance offers a new perspective on governance issues in transforming institutions Appendixes and problem sets cover technical material

The Economics of Microfinance Beatriz Armendáriz, Jonathan Morduch, 2007 An assessment of the microfinance revolution from an economics perspective that draws on lessons from academia and international practice to challenge conventional assumptions

Due Diligence David Roodman, 2012 The idea that small loans can help poor families build businesses and exit poverty has blossomed into a global movement The concept has captured the public imagination drawn in billions of dollars reached millions of customers and garnered a Nobel Prize Radical in its suggestion that the poor are creditworthy and conservative in its insistence on individual accountability the idea has expanded beyond credit into savings insurance and money transfers earning the name microfinance But is it the boon so many think it is Readers of David Roodman's openbook blog will immediately recognize his thorough straightforward and trenchant analysis Due Diligence written entirely in public with input from readers probes the truth about microfinance to guide governments foundations investors and private citizens who support financial services for poor people In particular it explains the need to deemphasize microcredit in favor of other financial services for the poor

Privatization and Deregulation Surjit S. Sidhu, Mohinder S. Mudahar, 1999-05-31 The contributions in this publication are an outcome of growing concerns around the world about the prevailing inefficiencies in agriculture and agribusiness and the need to improve productivity profitability and financial sustainability of agriculture and agribusiness by privatizing state owned enterprises and eliminating unnecessary government regulations It is in this context that an international symposium was organized on April 19-30 1993 to address these policy concerns and thereby to improve the long term prospects for productive and financially sustainable agriculture and agribusiness development The policy issues addressed herein were identified in a series of discussions at IFDC and with the authors The main objectives were to focus on analytical policy issues that accelerate the process of privatization and market deregulation of publicly owned and operated enterprises and to provide necessary operational guidelines for policy reforms This publication is structured around four main topics 1 the role of agribusiness in economic development 2 possible approaches and guidelines for privatization and deregulation of agribusiness 3 the necessary enabling policy environment for privatization and deregulation and 4 selected case studies The views expressed in this publication belong solely to the respective authors and should not be attributed to IFDC World Bank or other organizations represented Readers should keep in mind that when authors refer to current or present situations they

generally mean 1992-93 unless otherwise specified

Strategic Issues in Microfinance Mwangi S. Kimenyi, Robert C. Wieland, 2019-05-23 First published in 1998 this collection of essays by eminent microfinance practitioners provides a range of perspectives on contemporary issues in the field. Different approaches are proposed for achieving improved access by the poor to financial services. The common denominator in these essays is financial sustainability for the service provider. Issues addressed include: is savings mobilization integral to microfinance and if so how should it be incorporated in new programs? Are borrower groups a necessary element of successful microfinance programs? Are NGOs the right institutional vehicle for sustainable microfinance interventions? Is a standardized and generalizable microfinance credit rating system feasible? While there is considerable diversity in the approaches recommended in these essays, the importance of cost efficiency and cost recovery forms the basis for most of the discussions.

Studies in Development Strategy and Systemic Transformation K. Griffin, 2000-05-15 *Studies in Development Strategy and Systemic Transformation* contains eleven essays by Keith Griffin on many of the contemporary leading issues in economic development. Topics covered include the role of culture in long-term economic growth, globalization and economic governance, human development and the effects of the distribution of productive wealth on the pace of development. There are also discussions of alternative reform strategies in the transition economies and of an investment-led strategy of structural adjustment in Sub-Saharan Africa.

How the World Hunger Problem Was not Solved Christian Gerlach, 2024-02-14 The world food crisis 1972-1975 gave rise to new development concepts. To eradicate world hunger, small peasants were supposed to use modern inputs like high-yielding seeds, fertilizer, pesticides, and irrigation. This would turn subsistence producers into business owners, transform rural areas, invigorate national economies, and the crisis-stricken world economy and thus stabilize capitalism. Together with an in-depth account of the world food crisis, this book analyses how this global scheme largely failed. It shows its diverse initiators, their reasoning and motives, its political breakthrough, the degrees to which it was implemented globally and nationally in the following decades, and its socioeconomic effects in rural areas. Despite internationally coordinated policies and coercive means, the scheme failed on all levels: situation analysis, design, policies, incapable institutions, including big business implementation, and peasants' responses. Selective realization in certain regions and for certain crops and the appropriation of funds by local elites often aggravated inequality and hunger. Case studies are about Bangladesh, Indonesia, Tanzania, and Mali. The book shows limits to global social engineering, imperialism, and state control. It is aimed at students, scholars, activists, and non-specialists interested in development and the world food problem. A Singular Woman Janny Scott, 2011-05-03 From the author of *The Beneficiary*, *Fortune Misfortune*, and *The Story of My Father* comes a major publishing event: an unprecedented look into the life of the woman who most singularly shaped Barack Obama. His mother, Barack Obama has written extensively about his father, but little is known about Stanley

Ann Dunham the fiercely independent woman who raised him the person he credits for as he says what is best in me Here is the missing piece of the story Award winning reporter Janny Scott interviewed nearly two hundred of Dunham s friends colleagues and relatives including both her children and combed through boxes of personal and professional papers letters to friends and photo albums to uncover the full breadth of this woman s inspiring and untraditional life and to show the remarkable extent to which she shaped the man Obama is today Dunham s story moves from Kansas and Washington state to Hawaii and Indonesia It begins in a time when interracial marriage was still a felony in much of the United States and culminates in the present with her son as our president something she never got to see It is a poignant look at how character is passed from parent to child and offers insight into how Obama s destiny was created early by his mother s extraordinary faith in his gifts and by her unconventional mothering Finally it is a heartbreaking story of a woman who died at age fifty two before her son would go on to his greatest accomplishments and reflections of what she taught him

Microfinance for Macro Change Emerging Challenges Dīpālī Panta Jośī, 2010 The Microfinance Revolution Marguerite Robinson, 2001-06-01 Around the world a revolution is occurring in finance for low income people The microfinance revolution is delivering financial services to the economically active poor on a large scale through competing financially self sufficient institutions In a few countries this has already happened in others it is under way The emerging microfinance industry has profound implications for social and economic development For the first time in history capital is well on its way to being democratized The Microfinance Revolution in three volumes is aimed at a diverse readership economists bankers policymakers donors and social scientists microfinance practitioners and specialists in local finance and rural and urban development and members of the general public interested in development This first volume Sustainable Finance for the Poor focuses on the shift from government and donor subsidized credit systems to self sufficient microfinance institutions providing voluntary savings and credit services
