Progress in Penal Reform Louis Blom-Cooper, Louis Jacques Blom-Cooper, 1974      **Tocqueville's Moderate Penal Reform** Emily Katherine Ferkaluk, 2018-04-10 This book presents an interpretive analysis of the major themes and purpose of Alexis de Tocqueville's and Gustave de Beaumont's first work *On the Penitentiary System* thereby offering new insights into Tocqueville as a moderate liberal statesman The book explores Tocqueville's thinking on penitentiaries as the best possible solution to recidivism his approach to colonial imperialism and his arguments on moral reformation of prisoners through a close reading of Tocqueville's first published text The unifying political concept of all three discussions is Tocqueville's underlying concern to pursue moderation between institutional and imaginative extremes in order to maintain liberal values In both thinking moderately and advocating for moderate political action Tocqueville's *On the Penitentiary System* renews an emphasis on the importance of civic engagement and the balance between philosophy and praxis      **The Dilemma of Penal Reform** Hermann Mannheim, 2021-09-14 First Published in 1939 *The Dilemma of Penal Reform* presents Hermann Mannheim's discussion on the impact of economic social and legal factors on methods of punishment Set against the background of author's wide knowledge in German French American and Soviet penal methods the volume brings comparative analysis to address the question whether it is possible to combine the old practice of making life inside prison less attractive than outside with the outlook aiming at the regeneration of prisoners and to reconcile the stigma connected with a fair chance of rehabilitation It also examines the conflict between the requirement of modern penology and some traditional principles of criminal procedure specially for the juvenile courts One of the pioneering works in the history of Penal Reform this book will be of interest to scholars and researchers of legal history law sociology and social work

Progress in the Penal System (PIPS) Irish Penal Reform Trust, 2022      **Prison Policy in Ireland** Mary Rogan, 2011-04-01 This book is the first examination of the history of prison policy in Ireland Despite sharing a legal and penal heritage with the United Kingdom Ireland's prison policy has taken a different path This book examines how penal welfarism was experienced in Ireland shedding further light on the nature of this concept as developed by David Garland While the book has an Irish focus it has a theoretical resonance far beyond Ireland This book investigates and describes prison policy in Ireland since the foundation of the state in 1922 analyzes and assesses the factors influencing policy during this period and explores and examines the links between prison policy and the wider social economic political and cultural development of the Irish state It also explores how Irish prison policy has come to take on its particular character with comparatively low prison numbers significant reliance on short sentences and a policy making climate in which long periods of neglect are interspersed with bursts of political activity all prominent features Drawing on the emerging scholarship of policy analysis the book argues that it is only through close attention to the way in which policy is formed that we will fully understand the nature of prison policy In addition the book examines the effect of political imprisonment in the Republic of

Ireland which until now has remained relatively unexplored This book will be of special interest to students of criminology within Ireland but also of relevance to students of comparative criminal justice criminology and criminal justice policy making in the UK and beyond European and American Progress in Penal Reform William Tallack,Howard Association,Prison Association of New York,1895 **A Guide to Material on Crime and Criminal Justice** Augustus Frederick Kuhlman,Social Science Research Council (U.S.).
