Progressive & Religious Robert P. Jones, 2008-07-25 In recent years Americans have become frustrated with the troubled relationship between religion and politics an exclusive claim on faith and values from the right and a radical divorce of faith from politics on the left Now a new generation of religious leaders is re envisioning religion in public life leading grassroots movements to go beyond partisan politics to work for a more just and inclusive society Progressive Religious tells the dynamic stories of these leaders Through nearly 100 in depth interviews with Jewish Christian Muslim and Buddhist leaders this book explains how they are tapping the deep connections between religion and social justice to work on issues like poverty and worker s rights the environment health care pluralism and human rights Interviewees include David Saperstein Michael Lerner Jim Wallis Brian McLaren Feisal Abdul Rauf Eboo Patel Kecia Ali Lama Surya Das Robert Thurman and E J Dionne

One Faith No Longer George Yancey, Ashlee Quosigk, 2021-07-06 Irreconcilable differences drive the division between progressive and conservative Christians is there a divorce coming Much attention has been paid to political polarization in America but far less to the growing schism between progressive and conservative Christians In this groundbreaking new book George Yancey and Ashlee Quosigk offer the provocative contention that progressive and conservative Christianities have diverged so much in their core values that they ought to be thought of as two separate religions The authors draw on both quantitative data and interviews to uncover how progressive and conservative Christians determine with whom they align themselves religiously and how they distinguish themselves from each other They find that progressive Christians emphasize political agreement relating to social justice issues as they determine who is part of their in group and focus less on theological agreement Among conservative Christians on the other hand the major concern is whether one agrees with them on core theological points Progressive and conservative Christians thus use entirely different factors in determining their social identity and moral values In a time when religion and politics have never seemed so intertwined One Faith No Longer offers a timely and

Secular Faith Mark A. Smith,2015-09-11 When Pope Francis recently answered Who am I to judge when asked about homosexuality he ushered in a new era for the Catholic church A decade ago it would have been unthinkable for a pope to express tolerance for homosexuality Yet shifts of this kind are actually common in the history of Christian groups Within the United States Christian leaders have regularly revised their teachings to match the beliefs and opinions gaining support among their members and larger society Mark A Smith provocatively argues that religion is not nearly the unchanging conservative influence in American politics that we have come to think it is In fact in the long run religion is best understood as responding to changing political and cultural values rather than shaping them Smith makes his case by charting five contentious issues in America s history slavery divorce homosexuality abortion and women s rights For each he shows how the political views of even the most conservative Christians evolved in the same direction as the rest of society perhaps not as swiftly but always on the same arc During periods of cultural transition Christian leaders do resist prevailing values and behaviors but those same leaders inevitably acquiesce often by reinterpreting the Bible if their positions become no longer tenable Secular ideas and influences thereby shape the ways Christians read and interpret their scriptures So powerful are the cultural and societal norms surrounding us that Christians in America today hold more in common morally and politically with their atheist neighbors than with the Christians of earlier centuries In fact the strongest predictors of people s moral beliefs are not their religious commitments or lack thereof but rather when and where they were

born A thoroughly researched and ultimately hopeful book on the prospects for political harmony Secular Faith demonstrates how over the long run boundaries of secular and religious cultures converge **Christians in the Public Square** Ellen Ott Marshall,2015-09-22 This book calls Christians to resist meanness divisiveness and dogmatism in the public square by enacting love attending to moral ambiguity and practicing theological humility in other words to transform politics by refusing to play politics

Pro-Life Pulpit Stephen Tu,2011-05-23 Over one million unborn children are intentionally aborted every year in North America Voiceless and helpless their blood cries out Will those of us who serve as pastors and preachers respond from our pulpits Silence is not an option We cannot keep quiet while thousands of our neighbors made in the image of God are being led to the slaughter every day But neither should we condemn and vilify those who are complicit in their deaths A truly pro life pulpit ministry opposes the injustice of abortion with truth courage and understanding Tears mingled with hope overflowing with grace After all the Christian faith is rooted in the good news of a Messiah who was once an embryo Nine months before he was born Jesus was conceived by the Holy Spirit and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother He is at the heart of our preaching and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners

Resistance John B. Cobb,2008-01-01 Convinced that several crucial historical trends are moving in the wrong direction John Cobb and his coauthors urge Christians to live in countercultural ways as individuals and as communities Consumerism inequality imperialism and global warming they contend are of such magnitude that the only real response for progressive Christians is to actively resist them In part 1 they explore how the Word of God calls Christians to resist the worlds dominant forces and reflect on how prayer can provide the conviction and commitment necessary for sustaining such a life In part 2 they examine particular destructive forces showing how these trends attained dominance and analyzing their effects Part 3 then explores two theological movements that have stressed the need for resistance Latin American liberation theology and feminist theology Concluding in part 4 they give specific examples of how individuals and churches can live in countercultural ways
