Hard Road Peter Edwards,2018-02-06 The spiritual godfather of Canadian bikers tells the story of his fascinating life You could call Bernie Guindon the Sonny Barger of Canadian bikers but not to his face The founder of Satan s Choice Guindon led what was in the 1960s the second largest biker club in the world after the Hells Angels which Bernie would join briefly in the early 2000s to national prominence and international infamy His life wasn t all bikes and crime He was also a medalist in boxing for Canada at the Pan Am Games That tension between the very rough life he was born into and the possibility for success in the straight world and how aspirations in each fed his success in the other layer Guindon s story one of the great untold stories in biker history Friends from the biker world and Guindon s family have given extensive interviews for Hard Road including his son Harley a convict and outlaw biker himself      *Technical Reports Awareness Circular : TRAC. ,1989-06      Hellfire* Cameron Forbes,2011-05-27

McCormack,Narrelle Morris,2016-08-29

This unique volume provides a detailed analysis of Australia s 300 war crimes trials of principally Japanese accused conducted in the immediate aftermath of the Second World War Part I contains contextual essays explaining why Australia established military courts to conduct these trials and thematic essays considering various legal issues in and historical perspectives on the trials Part II offers a comprehensive collection of eight location essays one each for the physical locations where the trials were held In Part III post trial issues are reviewed such as the operation of compounds for war criminals the repatriation of convicted Japanese war criminals to serve the remainder of their sentences and reflections of some of those convicted on their experience of the trials In the final

essay a contemporary reflection on the fairness of the trials is provided not on the basis of a twenty first century critique of contemporary minimum standards of fair trial expected in the prosecution of war crimes but by reviewing approaches taken in the trials themselves as well as from reactions to the trials by those associated with them The essays are supported by a large collection of unique historical photographs maps and statistical materials There has been no systematic and comprehensive analysis of these trials so far which has meant that they are virtually precluded from consideration as judicial precedent This volume fills that gap and offers scholars and practitioners an important and groundbreaking resource
