Prolegomena To The Quran:

Al-bayan Fi Tafsir Al-qur an [The Prolegomena to the Quran] Ayatullah Sayyid Abul Qasim Al Khui, 2017-05-16 This book is one of the many Islamic publications distributed by Mustafa Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Mustafa Organization is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support. Its objectives are numerous yet its main goal is to spread the truth about the Islamic faith in general and the Shi'a School of Thought in particular due to the latter being misrepresented, misunderstood, and its tenets often assaulted by many ignorant folks. Muslims and non-Muslims Organization's purpose is to facilitate the dissemination of knowledge through a global medium, the Internet, to locations where such resources are not commonly or easily accessible or are resented, resisted, and fought.

Prolegomena to the Qur'an Al-Sayyid Abu al-Qasim al-Musawi al-Khu'i, 1998-06-25 Ayatollah al-Sayyid Abu al-Qasim al-Musawi al-Khui 1899-1992 was one of the most respected and widely acclaimed authorities on Twelver Shi'ite Islam in this century. This book, which was first published in Arabic in 1974, presents al-Khui's comprehensive introduction to the history of the Quran. In it, al-Khui revisits many critical and controversial topics connected with the collection and ultimate canonization of the text that have received little attention in contemporary Muslim scholarship since the classical age. For instance, he tackles what is probably the single most controversial subject in Quranic studies: the question of possible alterations to the Quran as maintained by some succeeding generations of compilers of the Quran. Throughout the volume, al-Khui stresses the importance of understanding the historical setting in which the Quran was revealed; he does this in order to apply its provisions appropriately in contemporary Muslim society with its ever-expanding legal and ethical requirements. In addition to expounding his own views, al-Khui also has the polemical purpose of refuting Sunni beliefs and concepts concerning various matters related to the theories of alteration and abrogation in the Quran. His arguments illuminate some of the substantial yet little understood and appreciated issues that have been truly at stake between the two principal segments of the Muslim community.

Translator: Abdulaziz A. Sachedina. Supplies a helpful introduction to al-Khui's work, discussing the methodological problems involved with the study of such texts and placing it in the historical context of polemic literature in Islam.

Islam and Warfare Onder Bakircioglu, 2014-10-30 The question of how Islamic law regulates the notions of just recourse to and just conduct in war has long been the topic of heated controversy and is often subject to oversimplification in scholarship and journalism. This book traces the rationale for aggression within the Islamic tradition and assesses the meaning and evolution of the contentious concept of jihad. The book reveals that there has never been a unified position on what Islamic warfare tangibly entails due to the complexity of relevant sources and discordant historical dynamics that have shaped the contours of jihad. Onder Bakircioglu advocates a dynamic reading of Islamic law and military tradition, one which prioritises the demands of contemporary international relations and considers

the meaning and application of jihad as contingent on the socio political forces of each historical epoch This book will be of great interest to scholars and students of international law Islamic law war and security studies and the law of armed conflict

The Qur'an Oliver Leaman, 2006-05-02 A RUSA 2007 Outstanding Reference Title The Qur'an is the source of inspiration for one of the world's major religions followed today by over a billion people It plays a central role in Islam and ever since it appeared fourteen hundred years ago has been the subject of intense debate Some of this has been carried out by Muslims and some by those hostile or indifferent to Islam producing a very wide range of views Authored by forty three international experts the objective of *The Qur'an: An Encyclopedia* is to present this diversity of thought approach and school without priority in order to give a strong appreciation of the range of response that the text has provoked throughout its history and providing students and researchers with a powerful one volume resource covering all aspects of the text and its reception Islam and the Qur'an are much in the news today and there is a public debate going on in which things are said

about the Qur'an without much knowledge or understanding of the book. Every effort has been made to help the reader use the Encyclopedia as an investigative tool in Quranic studies. The volume assumes no previous knowledge of the Qur'an. Islamic or Arabic technical terms are explained in the text itself and the style of each entry is designed to be as self-contained as possible. Entries are cross-referenced and many include a brief bibliography. At the end of the work there is a substantial annotated bibliography providing a detailed guide to the most significant books, journals, and articles in Quranic Studies. There is a full index. The readership will include those seeking basic information on the Qur'an; however, the substantial number of longer entries means that it will also be used by specialists. The Qur'an: A Guidebook Roberto Tottoli, 2023-02-20. The Qur'an: A Guidebook is an updated English version of the work appeared in Italian (Rome 2021) *Leggere e studiare il Corano* which deals with the contents of the Qur'an, the style and formal features of the text, the history and fixation of it, and an outline of the reception in Islamic literature. The aim of the work is to give a reader a description of what he/she can find in the Islamic holy text and the state of the critical debates on all the topics dealt with, focusing mainly on the growing scholarly literature which appeared in the last 30 years. As such, the work is unique in combining the aim to give comprehensive information on the topic and at the same time reconstruct the critical debate in a balanced outline, also emphasizing confessional approaches and the dynamics in the study of the Qur'an. There is nothing similar in contemporary scholarship and the book is a handbook for students and scholars of Islam but also for readers in religious studies who need to know how the main questions related to the Islamic text have been discussed in recent scholarship. A Concise Guide to Islam (Introducing Islam) Ayman S. Ibrahim, 2023-09-26. For many in the English-speaking world, Islam remains a mysterious religion. What is Islam in the first place? Does it mean peace or does it mean submission? Can it mean both? What is jihad? Sharia? Hadith? Who is Allah? What is a caliph/caliphate or infidel? In this compact volume, an expert in the study of Islam provides explanations for more than one hundred important Islamic concepts and terms which are divided into major sections: texts, history, faith and belief, practice and religious duties, jurisprudence, and movements. Ayman Ibrahim first introduces the section, then defines each concept or term briefly. Readers can read a chapter at a time or flip through the book to find concepts or terms as needed. Each term is described based on original Muslim sources, mainly written in Arabic, as well as ample scholarly studies. This introductory guide is written for anyone with little to no knowledge of Islam. It complements the author's *A Concise Guide to the Quran* and *A Concise Guide to the Life of Muhammad*. Together, these three volumes are useful as a set of resources on Islam.

Exploring the Mind of God: An Introduction to Shi'ite Legal Epistemology Hashim Bata,2023-05-25 This book introduces readers to the legal epistemology that is advocated within Twelver Shi'ite U l al fiqh legal theory It critically surveys the epistemological underpinnings upheld by post 19th century U l clerics that impel them to mainly deduce and interpret Sharia using scripture and literalist hermeneutical methods An evaluation of these underpinnings uncovers the important juxtaposition that exists between the seminarian discourses of U l al fiqh and philosophy The book hypothesises that U l al fiqh has both space and historical precedence to accept alternative epistemological theories that may enable orthodox Shi'ite clerics to display greater dynamism in deducing and interpreting Sharia

and four This book reflects the state of the art in this field of Islamic studies its 21 contributions covering three centuries and a vast geographical range *New Trends in Qur'ānic Studies* Mun'im Sirry, 2019-06-15 The essays in this volume discuss recent trends and issues in the scholarly study of the Qur'n and its exegesis The last few years have witnessed an unprecedented development in qur'anic studies in terms of both the number of volumes that have been produced and the wide range of issues covered It is not an exaggeration to say that the field of qur'anic studies today has become the crown of Islamic studies In this book scholars of diverse approaches critically engage with the Qur'n and its exegesis including questions about the milieu in which the Qur'n emerged the Qur'n's relation to the biblical tradition its chronology textual integrity and its literary features In addition this volume addresses recent scholarship on tafs'r qur'anic exegesis including thematic interpretation diacronic and synchronic readings of the Qur'n Various approaches to understanding the Muslim scripture with or without tafs'r are also discussed *Equality* Robert E. Tully, Bruce Chilton, 2019-12-12 The essays in this volume on the subject of equality are the work of scholars at Bard College and West Point Their research falls within the areas of history religion legal theory social science ethics and philosophy The regions covered include the Middle and Far East Europe and America the time periods studied are both contemporary and historical Each essay is a well detailed exploration which assumes the reader has no prior acquaintance with the topic Together the studies reveal both conflicting standards of equality as well as patterns of pernicious inequality In an ideal world equality and inequality among humans would vary in acceptable proportion increase of the one ensuring decrease of the other Unfortunately as the studies illustrate any such expectation of progress in the real world is almost routinely thwarted Despite the wide variety of topics a common thread binds these essays Human nature seems to harbor a moral deficiency lying deeper than any written laws and those traditional customs which promote inequality and breed injustice The fault is prominent in those who champion unjust laws or who willingly enforce discrimination but it is no less active in the silent many who condone the practice The essays reveal the same persistent and unappealing trait which social groups from the remote past to the present manifest in various ways blind determination to perpetuate whatever advantages one group believes it enjoys over another convinced that its own members are more equal than theirs Being made unequal the others too easily become targets who are considered less worthy sometimes even less human *The Shi'i Islamic Martyrdom Narratives of Imam al-Ḥusayn* Muhammad-Reza Fakhr-Rohani, 2023-06-14 Martyrdom narratives maq'tals represent a prominent genre of Islamic particularly Shi'i literature In this genre the heart rending aspects of the martyrdom scenes of religiously prominent people are depicted graphically Although not exclusively limited to the martyrdom accounts of Imam al-usayn and his companions who were martyred on the plain of Karbala Iraq a great majority of Islamic martyrdom narratives deal with the Ashura episodes As the first book length treatment of this genre in English this text takes the reader from the dawn of Islam in ancient Arabia exploring the background of the Battle of Karbala and giving a view of the various maq'tals and several related studies Although examining

Arabic and Persian sources this book presupposes little background knowledge on the part of the reader
